The Editor's column

By STUART R. PADDOCK

In the weekly edition of a publication issued by inmates of the Cook county jail, we find in an editorial about drug addiction:

"All the fanciful theories anent broken homes, environment, etc., are mostly hogwash. Most addicts use drugs because they like them.

"It is human nature to seek the forbidden, which is an irresistible attraction in itself.

"Alcohol, the most dangerous and insidious of the stimulants, is almost revered. The public is bombarded daily! Ads, signboards, and testimonials attest the merits and proofs of the various brands. One has only to glance at the mental illnesses attributed to alcohol to see the inconsistency of the overall picture! It is a grim joke on the general public. Condemn one, condone the other."

•

An honest newspaper man is not unusual, but we are intrigued by this frank vacation message received from "Ozzie" of our advertising staff:

"Very little swimming — too cold, besides I can't swim;

"Very little rowing — too windy, besides no boat;

"Very little fishing — not biting, besides no hook.

"Lots of resting, listening to the silence of the pine woods; but no venturing into the woods — inhabited by vicious creatures —called Mosquitoes and Ticks."

There has been a lot of church building around these parts, but funds for them require solicitation campaigns.

This item sent to us by Charles Payne, Mt. Prospect, tells how they do it down in Texas. The story is from the Dallas News.

A Federal Housing Administration commissioner says he visited one section where a lot of new houses were replacing a cotton field minute by minute, and right in the middle of them was a beautiful new, modern church. He asked the builder what denomination was building it.

"It hasn't got any denomination," said the builder. "I'm building it on speculation."

Payne says, "I don't know of any Mt. Prospect or Arlington Heights contractor building a church on speculation like this fellow down in Texas, but the way buildings are sprouting up around Mt. Prospect's newly-developing Lions park, anything could happen."

•

Our nurserymen and florists appear to be in for new competition. A display booth at the 4-H club fair will show housewives how to bake in her own oven, flowers and plants that will last years.

They call it rubberized plastic. Not yet perfected is smelling salts that will give off any required odor.

•

Arlington Heights kids apparently can take their rock and roll or leave it. Recently when a rock and roll movie showed at a local theater, the owner asked police to send an officer over. He feared something similar to a near riot that occurred when it was shown at Des Plaines.

Not so much as a yelp was heard from the local crowd and the officer left after an hour.

•

Somebody told us that the $47 million dollars bet at the Arlington Park during the race meet that closed Saturday would have paid the cost of one week's fighting during the last war.

We do not know anything about war bookkeeping, but we know that the mothers much prefer that their sons be before those $2 mutual windows than dodging bombs.

•

After breaking bread with 91 real estate men Monday night, we have decided that there is still a chance for peace in this world.

Three long tables, representing the cream of realty operators in adjoining 4 towns, have decided that it will be to their advantage to trust each other.

If real estate men have buried the hatchet, why can't other business interests do the same?

The bugaboo that race tracks bring undesirable characters does not apply to Arlington Park Jockey Club. Arlington Heights and Palatine police departments tell us that aside from the extra traffic there was nothing done to disturb the even tenure of their departments.

We frequently hear outsiders ask how do the 2 villages handle the objectionable characters.

Our answer is the Jockey Club does such a thorough policing job that there are no undesirables to be handled.

•

The appeal in last week's edition for homes for the use of families whose "bread and butter" are stationed at the Nike plant brought some results, but there are still a number of homeless families.

That telephone number for direct information is CLearbrook 5-5536. If you have a place for rent within traveling distance to Arlington, talk to Lt. DeSimone.

Mt. Prospect Park District is making a supreme effort to make good on their promise to provide swimming in the new pool this summer. We admire them for the effort and hope the weather and construction details will not interfere.

•

Womankind, of course, has the right to change its mind at any time, but members of Palatine village board will hereafter do less mind-changing on municipal projects.

An ordinance passed Monday evening requires first and second readings. We never thought the trustees needed 2 weeks to make up their minds, but is it such a bad idea if women delayed 2 weeks before issuing orders?

THE DIRT FLEW as ground was roken last week for new Illinois Bell Accounting building on Sigwalt st. at Vail in Arlington Heights. Digging in with traditional silver shovels were (left to right): C. A. Cardwell, District Revenue Accountant who will be in charge of the office; Village President Albert W. Goedke; Everett H. Lindgren, president, Arlington Heights Chamber of Commerce, and Robert Kozeliski, Illinois Bell exchange manager. When completed, building will house about 200 accounting employees who will process about 175,000 telephone bills a month. —Staff photo

ANNUAL LIONS' OLYMPICS AUG. 8

Wheel Parade Will Launch Day Events

The Arlington Heights Lions club will present its sixth annual version of the Olympic Games, the Lions Olympics, at Recreation park next Wednesday.

The day long series of events will be kicked off at 9:30 with a wheel parade. Anything that rolls, from wheelbarrows to tandem bicycles, can be entered and boys and girls are advised to be at the field house by 9 a.m.

Six trophies will be given for entries in the parade. There will be a boy's and girl's trophy for first, second and third place winners.

* * *

FIELD EVENTS get underway at the park immediately following the parade. They will consist of a 50 yard dash, base running and a baseball throw. As in the past, youngsters will be divided into 4 divisions: didgets — first and second grade and under; midgets — third and fourth grade; intermediates — fifth and sixth grade; and juniors — seventh and eighth grade. Trophies will go to outstanding competitors, both boys and girls, from each park.

Boys and girls participating in athletic events will receive 105 ribbons and 150 emblems.

Highlight of the evening schedule will be the swimming races to commence at 7:30. Boys under 15 will compete in 4 age groupings in the 25 yard backstroke and freestroke and 15 and 16 year olds will race 50 yards. Girls will splash 25 yards in the same events.

* * *

ANOTHER FEATURE of the Olympics will be the handicraft display of things made by youngsters in the park handicraft program. There will be 10 first place and 20 second place ribbons awarded. A trophy will be given for over-all achievement. The display will be open all evening.

Dollar Days In Arlington

Bargain-hungry housewives were busy padding themselves this week against the expected onslaught of shoppers in Arlington Heights Monday and Tuesday.

* * *

THAT'S FAMOUS Dollar Days in the village's downtown shopping section.

Some 36 merchants are combining efforts to slash prices and offer area residents unprecedented retail values.

Announcement of the gigantic Dollar Days celebration was made by the retail division of the Arlington Heights chamber of commerce, which predicted that the 1956 event may break all previous volume sales records for local Dollar Days.

* * *

CHIEF CARL H. SKOOG said extra police will be available if necessary to handle expected increases in traffic volume for the 2 days.

"It's going to be 2 big days in Arlington Heights," grinned a chamber spokesman. "Merchants are going all out to demonstrate what REAL savings can be had right here in the shopping capital of the northwest area."

Youths Form New Summer Theater Group

Thirty Arlington Heights young people have organized Summer Stage, a new summer theatrical group.

Their first effort, to be staged later in August, will be Oscar Wilde's comedy, "The Importance of Being Earnest."

Holding up production is lack of stage facilities. As soon as adequate theater facilities can be found, the play will be presented under the direction of Tom Hawk, dramatics major at Illinois Wesleyan university.

OTHERS in the cast will include Laird Williamson, student at Wittenberg college, and Tom Farrand, Bernie Lalor, Barry Walsh, Marjie MacCarron, Jan Davenport, Karen Baker, Judy Moehling, and Mary Jansen, all juniors and seniors at Arlington Heights high school.

Officers of Summer Stage are Jan Davenport, president; Marjie MacCarron, vice president; Penny Pearne, secretary; and Bernie Lalor, treasurer.

Rush Construction

There is no delay in the building of the new Prospect high school on Foundry rd. Initial construction requires a lot of work below ground level before walls can be started.

Footings and piers to ground level have been completed for the academic portion of the school.

GEORGE HARDIN CO. is the contractor for the underground work and water connections to Mt. Prospect water system are being made.

Chell & Anderson, general contractors, have advised the board that lack of steel will not delay present stage of construction. They placed the order many weeks ago.

In National Program

Don Carlson, junior assistant scoutmaster of the Rolling Meadows troop, will lead a group of 16 scouts from the northwest suburban council who will attend the national junior leaders training camp, Randolph Falvey, district scout executive, announced today.

The group will leave Aug. 11 for the Schiff Scout reservation at Mendham, N. J., where they will attend the 12-day training course.

Cost of the trip is divided evenly among the scouts, their unit and suburban council, Falvey said. (K

Home Costs Up $2,000 Compared To Last Year

Homes begun in Arlington Heights during July, 1956 will cost on the average nearly $2,000 more than homes started during July, 1955.

* * *

THE MONTHLY roundup of building permit statistics released by Building Commissioner Fred Hammer, Jr., shows an average permt value of $19,533 on homes begun last month.

Last year the same figure was $17,552, a difference of $1,981.

Despite the rise in costs, 14 more home permits were issued last month, a total of 54, than were issued a year ago.

The total permit value for the month was $1,917,059. Last year it was $2,127,024, including a $1,000,000 addition to Arlington high school.

Yep, You Can't Keep Women Out Of Anything

You can't keep women out of anything for long.

In May the Elk Grove School District 59 Men's association was organized, with one of its purposes being incorporation of the area around the school into a municipality.

Pondering the name of the group, a reporter asked a leader in it if women were to be specifically excluded from membership.

* * *

"YES, DEFINITELY" was the reply.

But at the association's second, third and fourth meetings, a number of women showed up with their husbands.

What happened

Yes—definitely they stayed.

Fete Candidate With Lawn Party

A "non partisan" political lawn party is planned in Mt. Prospect Sunday from 2 to 5 p.m. at the home of Mr. and Mrs. Kevin Gillogly, 7 N. Pine.

Residents of northwest suburbs, regardless of political affiliation, are welcome, declared the couple.

Guest of honor will be Herbert C. Paschen, Democratic candidate for governor.

* * *

GILLOGLY, AN old friend of Paschen, said he planned the party in order to give suburban residents an opportunity to meet Paschen and talk with him about the important issues in the coming election.

No member of the regular Democratic organization has been invited to the party, and Gillogly said he was "particularly anxious" for independents and Republicans to take advantage of this opportunity to meet the candidate.

Cracks Beer Bottle Over Patron's Head

An employee of a stable at Arlington Park admitted to police Thursday that he broke a beer bottle over another patron's head in a tavern altercation July 13.

Arlington Heights police arrested Jack Brumfield, 28, employed at barn 24, and he was charged with assault and battery on the complaint of William Cockrum, a foreman employed at barn 32. Cockrum received head cuts in the fracas at Sylvia's lounge, U.S. 14 and Wilke rd.

* * *

FLEEING from the tavern, Brumfield's auto struck the cars of 2 Rolling Meadows residents. Brumfield told police he had paid one owner $15 to cover damages.

William J. Hefferen, 110 S. Highland, informed police that his home was entered sometime during the evening of July 27. A table was placed near a rear window and a screen removed to gain entrance but nothing was stolen from the house.

Arlington Heights Maps All Out Campaign To Control Elm Disease

Arlington Heights officials are mapping an all-out campaign to combat the spread of Dutch elm disease, the first case of which was detected in Scarsdale last week.

Advertisements for bids on a control program of spraying and dead wood removal have been out for a week. F. R. Buechner, village manager, said Monday he has sent specifications to a number of firms to ensure a sufficient number of bidders.

Bids will be opened at the village board meeting August 7.

"WE HOPE that spraying can begin within a day or two after the awarding of a contract," said Buechner. "Spraying equipment is in short supply right now and this may cause a delay, however."

The manager said that the bid advertisements stressed that early availability of equipment and manpower would be a factor in awarding of the contract.

Arlington Heights will probably be able to borrow chemicals for spraying from Winnetka until supplies are delivered here, advised Buechner.

* * *

BY WEDNESDAY evening of last week the Scarsdale tree with the fungus disease had been cut down by a village crew and burned. As an emergency measure, Buechner hired a nurseryman to spray all elm trees on village property within 1,000 feet of the blighted tree.

About 200 trees were sprayed within 24 hours at an estimated cost of "close to $3 a tree," according to the manager. The village will ask owners of elms on private property to have their own trees sprayed.

The village spraying crew will spray only those parkway trees which are suspected of infection or are near an infected tree. The sanitation program is expected to include all parkway elms over a period of several years.

* * *

"IT IS ADVISABLE to employ someone who is a member of the the National Shade Tree conference to do the work," said Buechner. "Members of these groups include many of the most reputable nurserymen."

Samples from several trees suspected to have the disease have been forwarded to the Springfield laboratory. The village is asking that all cases be reported and that 5 or 6 samples of twigs that are ¾ inches in diameter and 6 inches long accompany the report.

A telltale symptom of the disease is the wilting or "flagging" of whole branches of an elm but this may be due to more than one cause. Another symptom is brown streaking in the cambium layer of branches which have wilted but are not yet dead.

The streaking may be a sign of any 1 of 4 diseases and a laboratory analysis is needed.

* * *

THE ONLY ELMS which are apparently immune to the tree-killing fungus are the Chinese elm, a small tree, and a smoothleaf elm, the Christine Buisman, developed in Europe for its resistance to the disease. The latter is not widely available for planting.

In 1950 the disease spread to Illinois. It ravaged trees in many cities in Ohio in the mid-thirties and later it hit hard in the New York metropolitan area.

Northwestern Cook county is one of the last areas of the state to be hit by it. The fungus, carried by the elm bark beetle which can fly only 8 miles, skipped over to counties on the northern border of the state several years ago.

Within the last month it has been found in Palatine, Des Plaines and Bensenville.

Boy, 4, Escapes Fire With Only Scorched Pajamas

A smoldering mattress threw out enough heat to melt a foam rubber pillow and sear walls but a 4-year-old Arlington Heights lad awoke and escaped from his burning bed Saturday night with only his pajamas scorched.

Heat and smoke caused extensive damage to walls and ruined hundreds of dollars worth of clothes at the Walter Duenn residence, 414 W. Mueller, before firemen could extinguish the blaze. The exact cause was unknown but a lamp may have fallen onto 4-year-old Ronnie's bed and started it smoldering.

* * *

A COMPLETE SET of uniforms belonging to George Wright, an O'Hare airman, and clothes of his wife, the former Peggy Duenn, were destroyed. A few of the gifts from their recent wedding were damaged.

As for Wally Duenn, he'd just as soon the incident is forgotten immediately.

The jokes by his fellow volunteer firemen are beginning to fall flat. He's a lieutenant in the department.

Mammoth 4-H Fair To Draw 35,000 During Three Days

Upwards of 35,000 persons are expected to flock to the 10th annual 4-H Fair which opens a week from Friday at Arlington Park.

During the 3-day fair 800 farm and city 4-H youths will display exhibits which are the results of months of effort. Anything that interests youngsters, from goats to beef cattle to bonnets to butterflies is likely to find its way to the fair.

Evenings there will be entertainers by the dozen, many of them 4-H'ers. There will also be music by the navy band and glee club from Great Lakes naval training station and by Chicago disc jockey Jim Lounsbury and his orchestra.

* * *

HORSE LOVERS will be able to watch the fifth annual horse show lasting most of the day Saturday and a performance by the famous Northwest Mounted Black Horse Troop Sunday afternoon.

"We think it will be the biggest and best fair ever," predicted Carl F. Mees, Cook County Farm bureau advisor.

Thursday hundreds of 4-H members will converge on the park to set up their exhibits in preparation for the opening Friday morning at 9. The judging starts right away, before the dust of the crowds and the heat have a chance to take their toll.

Friday evening the Arlington high school band leads off the show. The walking livestock exhibits will next be paraded before the outdoor grandstand and sewing enthusiasts will model their handiwork.

* * *

CLIMAX OF THE Friday evening entertainment will be the crowning of the king and queen. All during the month of July 4-H members from LaGrange to Barrington have been voting for their choices. A council of adult club advisors selected 8 candidates from among outstanding club members with at least 3 years in 4-H work.

One of the top events for spectators and participants alike, the horse show, commences at 10 a.m. Saturday and continues until 5 p.m. It is not restricted to 4-H members and is open to any horse owner 15 or over.

At 7 p.m. amateur talent gets its chance as square dancers in colorful dress, singing groups, trumpet soloists and accordion players troupe up to the stage. All in all there will be 16 acts.

* * *

BEGINNING at 1 p.m. Sunday the Great Lakes Navy band will entertain, with the Mounted Black Horse Troop led by Major G. T. Sunde slated to go on at 1:30. The 20 jet black mounts and their riders will show their complicated maneuvers on horseback for the fourth year.

Prizes totaling several thousand dollars will be awarded to exhibitors at 8 p.m. Sunday and the fair will close with several hours of music by Jim Lounsbury, personable MC of TV's "Bandstand Matinee" who will sing, play the saxophone and clarinet and lead his band.

Chief Warns: Need License For Scooters

Carl H. Skoog, chief of police, Arlington Heights, calls the attention of parents and those operating motor bikes and motor scooters that the state law makes it illegal for any one to operate a motor propelled vehicle on any public street or highway without having an Illinois Operators license.

* * *

HE SAYS, "Since anyone under the age of 16 may not obtain such an operator's license, at least everyone under the age of 16 who operates a motor propelled vehicle on any public thoroughfare is doing so unlawfully and is subject to arrest.

"The parents who knowingly permit their children under 16 years of age to operate an automobile, motor bike or scooter unlawfully, are also subject to arrest."

Uncle Sam Loses At Race Track, Also

Uncle Sam took a fling on the Arlington Park races Friday with the taxpayers' money.

Yeh, he lost.

But the bookmakers who took the bets, made by internal revenue agents with treasury money, didn't do so well either. They'll both have to stand charges of failure to purchase $50 federal wagering stamps.

LAYING THE bets with bookies in 2 taverns, one at Waukegan and the other at Fox Lake, the agents made across the board wagers on 3 horses. (An across the board bet is a combination ticket—$2 to win, $2 to place and $2 to show.)

Had jockey Willie Hartack been in winning form, Uncle Sam (and this is the part that hurts) would have won $102 under post time odds.

School And Luxury Trailer Park Tell Unique Aid Plan

A unique plan whereby a trailer park now under construction will contribute at least $10,000 a year to the Elk Grove school district was announced this week by Ernest Cavallo, school principal.

Cavallo said that the arrangement was worked out between himself and C. Eric Olson, owner of Willoway Terrace, a luxury trailer park to open later this year, on Oakton st. near Higgins rd. and route 83.

Olson will donate money at the rate of $3 a month for each trailer and an additional $3 a month for each child attending Elk Grove school. Thus a trailer with 2 school-age children, would bring the school $9 a month.

* * *

DISTRICT 59 will benefit by $10,000 to $15,000 a year, said Olson.

"The district will gain by the equivalent of about 1 classroom a year," he observed.

"I'll probably be called a so-and-so by other trailer park operators," chuckled Olson, "but my theory is that trailer parks must do their part to ease the burden on schools."

The owner said that a voluntary donation to schools by a trailer operator was unique in Cook county but that a number of Wisconsin communities levy a fee of $5 a month which goes directly to school districts.

Further, Olson will not accept families with school-age children until "Mr. Cavallo says that it is all right."

* * *

WILLOWAY Terrace will be unique in more ways than one. Formerly owned by a president of Greyhound Bus corp., its large willows, spacious lawns, lagoon and well-kept buildings made it a showplace.

Olson will retain the lagoon and trees and country estate atmosphere and add to the landscaping. The present buildings will stand and one of them, formerly a barn, will become a general store.

Each trailer lot will have its own tree and Olson will furnish canopies for the trailers and other improvements such as rustic rail fencing, mercury vapor street lights and asphalt streets.

Olson hopes that the 20-acre operation will be "the finest in the county."

He placed the cost of development at "about $100,000" and said that eventually it would accommodate 175 trailers.

Cavallo revealed that another district 59 trailer park has lately agreed to financially assist schools but did not specify the amount.

Sherri and Candi Barnes, twin daughters of Mr. and Mrs. Harold Bane, 419 .N Licnoln lane, will have a pre-birthday luncheon party Thursday for 7 of their firends. A family gathering will be held Monday to wish them both happy fifth birthdays.

Vacation Bible School Opens Monday At St. Peter Church

Daily vacation Bible school conducted by St. Peter Lutheran church, Northwest hwy. and Highland ave., Arlington Heights, opens Monday, Aug. 6, at 9 a.m. Everyone between 3 and 14 years is invited.

Activities during the 2-week period of the school are widely varied and promise to be most interesting, reports Martin Bangert, student pastor. The nursery department will learn of the story of creation, beginners department will treat the life of Christ, while the primary department will discuss at length the 23 Psalm and in conjunction with this study each pupil will make a flannelgraph of the Psalm which will become their own.

The junior department will study the lives of several Old Testament prophets and in a parallel study also treat the lives of several modern day missionaries.

For a portion of the time each morning, Martin Bangert, student pastor at St. Peter, will lead the children of the various departments in songs and hymns as well as the liturgy of the Lutheran church. During this time the children will also be introduced to various furnishings in the church edifice, as well as learn something about the symbolism of the Christian church. In this latter endeavor, a set of full color symbols done by a local artist, will be employed.

Anyone interested in the Christian education and fellowship offered in this vacation school is invited to St. Peter for the 2-week period. A registration fee will be charged to cover expenses. (A

the HARRIS huddle

Greg Harris

While I was up fishing with my Dad, my two brothers, Tommy and Billy were writing this column, and I found upon reading it that their literary efforts were most commendable or in other words, "Those cats knocked out a gasser."

Since Dad took over two drug stores, I had been watching him and could see that his nerves were becoming shattered. I knew that I would have to get him away before he flipped his lid. I casually mentioned that I had heard of a good spot up on the Canadian border where the fish are jumpin' and after I twisted his arm once (slightly), he decided we'd give it a try. Soon we were wending our way toward the land of the "wall-eye" and "northern pike" and all seemed at peace with the world. You kids all know how we have to humor our Dads, so once up in the wilds of Canada and with our camp made, we took to the boats. We had taken two good rods; of course, the lighter rod was for me, Dad said the lighter one would be okay for me, as he intended to land some big ones. We beat our brains out for about four hours and then I took the heavier rod and "Wham"—a 23-pound sturgeon hits my line and I'm off to the races. I'm playin' this cagey rascal, (like a character out of a Grantland Rice story) when what happens, Dad gets excited. He grabs the line and starts to pull. I tell you fellas', I found myself facing a dilemna. With the calmness of a true fisherman, I got Dad to sit down in the boat and while I sorta' held him with one hand I toyed with this sturgeon until I had him fairly exhausted; then the rest was easy.

As you can see by the picture this is a true story and there were lots of wall-eyes and northerns. Upon our departure from Canada, Dad decided to send the fish on ahead. This was done over my protest, as I wanted to bring them back in the car packed in dry-ice. We arrived back home and waited for the fish to arrive. Four days passed and both Dad and myself got a little worried. Dad said, "I don't like the look of this, something smells." Truer words were never spoken; when the fish arrived, it was them.

Well, that's the way the "cracker crumbles," so what'ya gonna do. Next year I'll try and sneak away by myself or go with a few of the fellas'. Honestly, kids, this bringing up parents is quite a trying experience. Oh, by the way, guess I ought to mention that Dad has two drug stores here in Arlington Heights, and, believe me, you just can't trade at any better places. At least Dad got plenty of rest and is in fine fettle, so come in and let him tell you about the big fish HE landed.

Let's Talk Furs...

AUGUST, for over a decade, has signaled the introduction of new fur coats and "little" furs at *The Emerald Shop.* During this month, smart women choose their fur coats for next winter—shopping in leisure, in our air-conditioned showroom, while all the newest creations pass in review. It is now that special prices also add that extra interest to such an important buying session.

Early shopping also allows skilled designers and workmen ample time in which to execute individual orders at low summer prices.

Furs, like diamonds, are nature's own product.

There can be no substitute!

We can do magic making your old furs into today's newest fashions.

Does Arlington Need Family Service?

Do you know the expert every community needs?

There are many times daily when a family in your town needs an expert. A pipe bursts, and a plumber is called. A child's temperature rises; a doctor is summoned. A car overheats; a mechanic is required. When troubles crop up it makes sense to call on an expert.

At this time there is no expert in our community to help people whose personal problems seem overwhelming.

The Family Service Agency would provide such an expert. Trained counselors can help us solve marital problems, children's behavior problems, in-law trouble, individual personality adjustment, mental illness and even help those of us who have trouble managing our budgets.

This story is not about real people, but their problems are typical of those which are brought to the Family Service agencies every day. It was written by the Committee on Suburban Family Agencies of the Welfare Council of Metropolitan Chicago.

Family Service Suggested As Aid For Ailing Marriages

"After the scene last night at your house, I guess it won't be a surprise to you to hear that Bob and I are having marital trouble."

Jean Gregory nervously tapped her cigarette for a moment and then burst out tearfully, "Peg, what'll I do! A year ago Bob wouldn't have thought of talking to me the way he did last night! I don't know what's happening—we're both on edge half of the time. I don't know if his business is bad, or I do something to annoy him or if he's interested in someone else. All I know is that the situation is getting worse every day!"

Peg waited until Jean quieted down and then suggested quietly; "Why don't you go to the Family Service?"

For a moment Jean was speechless. She replied curtly, "Don't be ridiculous! With the amount Bob earns, we contribute to the Community Chest; we don't use its services! You and Jim are getting along so well I might have known you wouldn't understand."

"So you're another one of the many residents who don't understand the work of Family Service. Everyone is entitled to its service, and, for people in your income bracket, it's possible to pay a fee. As for my understanding, you couldn't have found anyone who understood better. Things haven't always run smoothly for Jim and me—in fact, we spent a number of hours at Family Service a few years ago."

Peg laughed at Jean's look of surprise and indignation and continued, "Oh, I know I didn't confide in you. After all it was something Jim and I had to settle for ourselves. Good old Doc Adams guessed the turmoil we were in and steered us to Family Service."

Jean continued to appear perplexed and suddenly burst forth: "Peg, I just can't believe you would be the type to let someone else tell you how to run your life! You always impressed me as being capable of managing for yourself."

"You're right, Jean. I'm not the type to have someone else tell me what to do; that's the very reason why Family Service was the place for me. The workers there helped Jim and me to understand what the trouble was and to decide for ourselves what we wanted to do about it. Look, Jean, it's almost time for Butch to arrive home from school, so I'd better dash. Don't let me talk you into going to Family Service, because, unless you want their help, it won't work. It was the answer for us, though, and who knows, it may just be the answer for you."

Anyone interested in helping to establish a Family Service Agency in this area please phone Mrs. B. H. Robinson at CLearbrook 3-8494.

ARLINGTON GREENS

Hayfever

Open season on hayfever sufferers is rapidly approaching and Greens residents will have an added hazard to cope with. The former Betlinski farm on Olive st. is now overgrown with ragweed and thistle, a pair of culprits that will surely boost the pollen count for those already trying to live with their alergy. And unless they are of a mind to mow down the weeds themselves, they are going to remain there until the frost takes care of them. The village manager's office says that sole responsibility for eradicating the weeds rests with the property owner, in this case the Jules Construction Co., which purchased the farm and is now erecting model homes along Olive st.

Flag Day

A pink flag flew from the TV antenna on Bill and Peggy Lasher's house Monday morning. It was Bill's way of announcing to the neighbors that a girl was born to his wife. The new member of the neighborhood was born in St. Joseph hospital, Elgin, weighing 8 pounds 2 ounces. It's number 4 for the Lashers, who have 2 girls and a boy at home. Peggy's mother, Mrs. Gray is taking over at 1104 Douglas in her absence.

The garage, breezeway and backyard were all put to good use Saturday night at 1145 Hickory when Leonard and Maxine Smedburg threw a party. Neighbors there were Bill and Gert Miller, Elaine and Hal Pue, Dotty and Red Funk, Chuck and Millie Roane, Bob and Lorraine Lantz, Ken and Doris Jennings, George and Elsie Robey and Ray and Jean Kirchenberg.

Bill and Gert Miller, 1217 Hickory, joined 14 other couples from the Chicago area in a trip to Arlington Park track and later to dinner.

Returned

Dave and Marge Bartlett, 1217 Hickory, are home from their European trip and reported a wonderful time.

A potluck supper was held in Frank and Terry Mueller's basement at 639 Clarendon last week. Guests of honor were George and June Miller and June's mother, Mrs. A. DeHaven, 643 Clarendon, who are moving to Peoria. Having fun in the cabaret-style basement were Shirley and John Heyer, Lorraine and Stan Saflarski, Adele and George Mithchell, Shirley and Fred Fett, Lenore and Ed Schlack, Anne Dana, Lee and Jack Hoover, Joan and Harold Carlson, Ginny and Dick Sims, Carl and Eleanor Goodman and Mina Goodman. The Millers parting gift from their friends was a table lamp.

Neighbors will be glad to hear that Carl Goodman has fully recovered from meningitis and returned to work Wednesday.

Birthday

Pat Danna, 624 Carendon, was 5 years old last week and celebrated with a birthday party July 26. Blowing bubbles and eating ice cream and cake with Pat were Susan Hoover, Lynn Anderson, Pamela Sims, Carlene Goodman, Jeannie Mitchell, Janet Saflarski, Debbie Heyer, Teddy Fetts, Patti Sue Zimmer, Joey Danna from Chicago and Bobbie Jean Kopp.

Jimmy Josetti, 1156 Hickory, celebrated his fifth birthday July 21 with Chrissie and Karin Johnson, Debbie Coughlin, Laura and Jeff Rear, Bonnie and Heather Gerard and Ronnie Kadlecik by playing pin the tail on the donkey and other games.

Vacation

John and Doris Davis, 1134 Dryden, had weeknd guests from Cedar Rapids, Iowa. Mr. and Mrs. Donald Giltrap came with their 2 children.

Jack and Emily Coward and Joan, 1142 Dryden took a trip to visit Jack's family, Mr. and Mrs. Thomas Coward in Port Huron, Mich., and to visit Emily's family, Mrs. A. C. Johnstone in Charlevoix, Mich. While there they golfed and swam.

A group from Clarendon, including Kathy and Will Hampel, Marie and Don Helbling, Bette and Bill Lebsock and George and Angie Keller, made their annual outing, a trip to Shady Lane theatre for dinner and the play "Wedding Breakfast" Saturday.

Golf Cup

Joan Tangen, 1111 N. State, won the golf championship for Standard Oil of Indiana in Chicago. Winning for the third consecutive time entitles Joan to keep th cup. Joan's score was 94 gross at Midwest country club.

Ray and Ruth Epsky, 913 Olive, spent a weekend in South Haven and Saugatuck, Mich. They took their real vacation in Clarissa, Minn., where they visited Mr. and Mrs. William Epsky, Ray's folks. They also made a trip to Paul Bunyon park in Brainard.

John and Bobbie Coolidge, son, Mike, and Grandma Burns drove to Thunder Lake lodge, Remer, Minn., where natives told them that the temperature was 46 below last winter. The Coolidge family enjoyed fishing and swimming in the milder weather of July.

Advertisement For Bids

NOTICE IS HEREBY GIVEN that the BOARD OF TRUSTEES of the Village of Arlington Heights, Illinois at its Regular Meeting July 17, 1956, authorized the taking of **sealed** bids for the three following separate items:

(1) One trailer mounted Mist-Blower, with trailer of adequate size as per specifications on file with the Village Clerk for spraying elm trees.

(2) 1000 gallons, more-or-less, of Elm Spray for Dutch Elm Disease Control, in 55 gallon drums, as per specifications on file with the Village Clerk.

Alternate Bid on minimum quantity of 4000 gallons, more-or-less, in 55 gallon drums, of Elm Spray for Dutch Elm Disease Control as per specifications on file with the Village Clerk.

Alternate Bid on quantities of Dormant Spray Oil as an additive to the Elm Spray for the control of scale insects. Bidder shall specify the grade of the Dormant Spray oil offered and the quantities required for each 50 gallons of Elm Spray.

(3) Sanitation work consisting of (a) trimming of dead and dying branches in Elm trees on public property (b) trimming of dangerous and low hanging limbs to proper elevation height over streets and sidewalks. Bids on sanitation work shall be on an hourly rate basis, including the furnishing of any and all equipment required, adequate insurance consisting of property damage, public liability and workmen's compensation. The Village will remove all tree trimmings, branches and tree trunks cut by the successful bidder. Bidder shall provide a working crew consisting of not more than three tree climbers and a working foreman. Bidder shall specify the size of the crew. The sanitation work bid upon will cover the fiscal year ending April 30, 1957, the weather permitting.

The Board of Trustees reserves the right to waive any informalities and technicalities in the bidding process and to reject any and all bids. It is understood that a bidder may bid on one or more of the above three items and that the bids may be awarded separately by the Village.

Delivery date of the Elm Spray, Dormant Spray Oil and equipment shall be specified in the bid.

Prices quoted shall be f.o.b Arlington Heights, Illinois.

Bidder shall furnish a list of nearby owners using the type of equipment and the material bid on and he shall submit manufacturers specifications with bid.

Sealed bids shall be filed with the Village Clerk, as specified above, and as per specifications on file, not later than 8:00 p.m., Tuesday, August 7th, 1956, Central Standard Daylight Saving Time.

LYLE DEAHR

I told you about our French Fried Shrimp last week and we sold a raft of them for dinner Friday. It is one of our "Specialties," so you will find them on our menu every week. When your appetite is a little jaded, give it a try, and I'm sure you'll find them appetizing.

It is going to be our plan to present something different in this column each and every week some "delicacies" that will give you an idea of something to have when you come in for lunch. It is difficult to think of something when you eat out every day; that is what we are here for, to try and give you "vittles" that are a little different. Our "Special" for this week is:

PIZZA-BURGER

Here is an edible item that is hot off the griddle (no pun intended) and is one of the more appetizing ways of "dressing-up" for proverbial hamburger. We offer you a ¼-lb. of ground beef, topped with Kraft's Pizza Cheese and served with creamy cole-slaw and potato chips. At the present the "pizza-craze" is at an all-time high, so we thought we'd give you a sandwich that blends the tastiness of pizza and gives you lots of good beef. It has been quite a hit at The Stagecoach Snack Shop, particularly since we serve you this complete for just 55 cents. Imagine a sandwich that is a meal in itself for only 55 cents!

During this week we are helping celebrate Kraft Foods Cheese Festival. This is an annual celebration that tells you the nutrition derived from using various kinds of cheese in your daily diet. We serve many luscious dishes prepared with cheese and you'll find that they are less expensive than most dishes. There are so many different ways we serve these cheese dishes that space does not permit me to tell you about them all; just look on our menu and you'll discover them.

Don't forget the hours we maintain for your convenience—7 a.m. until 12 midnight. All the items on our menu are available during those hours. Whatever the whim your appetite develops, you'll find you can satisfy that whim at the Stagecoach Snack Shop.

Multiple Realty Listings Expected To Boost Sales

Twenty-one realty firms of Arlington Heights, Mount Prospect, Palatine and Prospect Heights have incorporated for the purpose of establishing a multiple listing of exclusive realty contracts.

There are 91 salespeople identified with the 21 firms.

All of them participated in a steak dinner Monday evening at Jack Gunnell's when the purpose and operation of the multiple service was outlined by Edward L. Busse, president of M-A-P, Multiple Listing Service, Inc. and other officers.

* * *

THE SERVICE is designed to increase the sales possibilities of listings by any firm in the group. The listings will be properly catalogued by the secretary who is Elizabeth Wengler.

Almost daily reports will be issued from her office, keeping the 21 firms apprised of any changes in listings, sales, etc. Those present Monday evening were enthusiastic about the service, which may be new in this area, but which Busse said has been used successfully in other areas the past 40 years.

Twenty-one offices are responsible for an excess of 30 million dollars in real estate business annually.

The directors of the newly formed organization are: Don Florence, Charles H. Wilson, Robert Thrailkill and DeWitt Purdy.

In addition to Mr. Busse, the officers are: A. C. Peters, vice president; C. M. Behrens, treasurer, and H. J. Tindall, secretary. (AF

Elect Arlington Legionnaires To District Council

James J. Charleston, 1333 N. Chicago ave., Arlington Heights, was recently elected commander of the ninth district council of the American Legion, department of Illinois. Ninth district is composed of 40 American Legion posts on the northwest side of Chicago and northwestern suburbs. Charleston, formerly of Franklin Park, is a member of and past commander of Franklin Park post 974.

Another local Legionnaire, Raymond Roper of 9 E. Campbell ave., Arlington Heights, was elected adjutant of the council. Roper is a member of and past commander of Palatine post 690. Other officers elected are first senior vice commander, Norbert Sobczyk; second senior vice commander, Wallace Schroeder; junior vice commander, Frank Sodoma; finance officer, Raymond Miller, all of Chicago.

Charleston stated that building up the membership of the various posts in the district will be one of the important objectives of the year. Other objectives will the the annual Americanism meeting in February, the annual youth convention and parade in May and assisting in the administration of all other Legion programs.

Formal installation of officers will take place September 26 at 8:30 p.m. at Belmont Park post 597 headquarters at 5100 W. Belmont ave., Chicago. The public is invited. (B10

America's Cupboard Choked With Surplus, Says Hoover

(This is the third in a series of 6 articles prepared by the Hoover Report Division of the Taxpayers' Federation of Illinois covering the findings and recommendations of the second Hoover Commission on the operations of the executive branch of the federal government.)

America's cupboard is so choked with food, clothing, surplus goods and antiquated records that no one knows how much we have, where it's all stored, or how much is going to waste faster than we can use it.

Studies carried out by the Hoover Commission in the fields of depot utilizations, food and clothing, and surplus property, revealed that Uncle Sam, for example, pays out $3.5 billion each year for storage space and for personnel to operate facilities covering 1,364,000,000 square feet — an area twice the size of Manhattan Island.

* * *

CLOTHING inventories for Uncle Sam add up to a tremendous $2.7 billion, and the annual food bill runs up to almost a billion dollars annually, most of it for the 3 armed services.

And, Hoover personnel discovered, government agencies continue to stockpile items without any regard for what's already on the shelf, to the extent that over the next few years Uncle Sam will sell some $2 billion annually in surplus property at an average loss of 93 cents on the dollar.

Tremendous storage problems have resulted from the price support legislation which, as of March, 1955, had accumulated under the department of agriculture about $7,278,000,000 of farm products, with the storage cost for the calendar year running to $350 million.

Army, Navy and Air Force each possess independent storage systems, often close together and duplicating each other's activities.

* * *

IN THESE DEPOTS, Hoover Commission people have found amazing things such as—a 719-month supply of canned hamburgers in a navy warehouse, when the estimated keeping life of canned meat and poultry is 24 months.

The "Maginot Line" tendency of the military to stock up and hoard has resulted in a 128-years' supply of ship gear drives at the Navy Ships Parts Control Center in Mechanicsburg, Pa., and an 8½ years' supply of dry-cell flash batteries (a short-lived shelf item) at army signal depots.

Sometimes agencies don't even know what they have on hand. It took 8 weeks to determine whether the defense department carried 12 specific items. Upon spot checking items at other agencies, task force members found 10 of them were in excess supply, yet procurement was continuing for 8 of them.

One of the critical storage situations exists with regard to our $6 billion supply of critical materials in strategic stockpiles. They are stored in 315 separate locations, and there is no adequate inventory of them.

* * *

THE HOOVER Commission recommends that:

Management procedures be instituted to control use of storage facilities, properly inventory available warehousing, and disposal of surplus facilities;

All government items be effectively catalogued;

Utilization of known and established methods of merchandising to sell surplus goods;

Establishment of efficient methods of cost accounting to determine actual costs of storage, surplus goods, etc.;

Designation of central agencies within the defense organization to make food and clothing purchases for the armed forces on the basis of needs, and to integrate other aspects of food and clothing supply.

Proper supervision and adoption of the recommendations of the Hoover Commission would save the taxpayer half a billion dollars annually and, more important, strengthen our organization for defense. (B10

Notice of Proposed Changes in Schedule

COMMONWEALTH EDISON COMPANY (Public Service Company Division) hereby gives notice to the public that certain revisions in Standard Contract Rider 12, as contained in Schedule E-3 have been filed with the Illinois Commerce Commission on July 17, 1956.

The proposed revisions would limit the redistribution of electricity by customers to buildings in which the practice of redistribution exists and to buildings constructed under permits applied for prior to July 17, 1956, except that the practice will be permitted in certain cases where limitation would be impracticable, such as the furnishing of electricity by a customer to his students or employes, transients, occupants of furnished rooms or of individual offices in professional suites, certain types of concessionaires, and tenants of remodeled buildings originally wired for single occupancy.

Further information with respect to these changes may be obtained directly from the Company or by addressing the Secretary of the Illinois Commerce Commission in Springfield, Illinois.

A copy of the proposed changes may be inspected by any interested party in any business office of this Company.

Most Games

The record for most games played by major leaguers now active belongs to Stan Musial. He and his old Cardinal teammate, Enos Slaughter, were tied until July 12. Slaughter didn't play that day, so Stan went one ahead of him with 2,065 games played. According to The Sporting News, 66 major leaguers have played more than 2,000 games, but only Musial, Slaughter an dMickey Vernon are in that group among active players. (Sp

Researchers Veto Plan For Skyscraper Campus

Experiences of 7 metropolitan universities, including 2 with "skyscraper" campuses, were studied before the University of Illinois selected a suburban site for the relocation of its undergraduate division now operating on Navy Pier.

The university's trustees recently recommended purchase of Miller meadow, 300 acres of farmland owned by the Cook county forest preserve district, as a permanent site for the Chicago division.

According to a report released last week by president David D. Henry, representatives of all 7 institutions advised against high rise buildings.

Their objections included high capital costs; high cost of operation and maintenance; the loss of usable floor space required for elevators, stairs, and increased corridor width; elevator traffic problems and the effect such facilities have on students' attitude toward the educational program and the administration.

* * *

"THIS RESULTS from the lack of opportunity to go outdoors periodically through the day, the frustration resulting from rushing from class to class in crowded elevators, and the delays in waiting for elevator service," the report states.

These were among the findings of a committee headed by C. C. Caveny, dean of the university's Navy pier division, which visited the universities of Akron, Pittsburgh, Cincinnati, Wayne university, and Queens, Hunter, and Brooklyn colleges.

Parking space, student lounge, study and food service facilities were found to be inadequate at all 7 institutions visited. It was also reported that none of the schools provide indoor drill space for the ROTC, or any land for this use alone. Campus or athletic fields are used.

* * *

PRELIMINARY plans for Illinois' suburban campus call for 45 acres to be used for physical education, ROTC, and physical plant service and 30 acres for parking.

The visitation committee concluded that the principal differences between resident and urban universities appears to be that:

1) Urban universities require more space for students services such as lockers, study facilities, food service, etc., due to the fact that students are on the campus for a longer period of time.

2 Less emphasis is given to, and therefore less facilities are required for, physical education and ROTC programs. This appears to be due to the increased travel time on the part of students and their need to work.

3) The need for parking facilities may be greater.

4) Student housing facilities are not essential for urban universities.

Arlington Terrace News

Mr. and Mrs. Harry Larson, 905 N. Douglas, had guests for an outdoor chicken dinner. Those present were Mr. and Mrs. Lewis Blue and children, Kathy and Jimmy, from Niles, Mich; their brother and wife, Mr. and Mrs. Lawrence Hurst; their daughter and her husband, Mr. and Mrs. Ronald Knowlmueller, and daughter, Susan. Also present were Mr. and Mrs. Joseph Knowlmueller and Mr. and Mrs. Floyd Dobbins from Arlington Heights. Jackie Larson, son of Mr. and Mrs. Harry Larson, returned from Niles, Mich., where he spent 3 weeks.

Farewell Party

A farewell party was given for Mr. and Mrs. Ladd Houdek, 1014 N. Hickory. It was held at the home of Mr. and Mrs. Leroy Davis. There were 8 couples present. Cocktails were served from 7-9 p.m. and after that a smorgasbord supper. The Houdeks received a treasure chest containing silver dollars as a gift. They will be moving to Owosso, Mich.

Mr. and Mrs. George Cole, 909 N. Douglas, were honored with a party at the home of Erwin Hofer, 913 N. Beverly, Friday night. There were 15 couples for a smorgasbord dinner. Jake Merr played the accordion while they danced later in the garage. The couples, all from Douglas st., were the Haags, Sitarz, Herrs, Larsons, Quills, Johnsons, Irmens, Elwerts, Elgas's, Greens, Guttenbergers, Garrisons, Wunderles, Hoffers and the Coles, Mr. and Mrs. Cole and Victoria, [illegible] Jorge, 14, moved this week to N. Belmont in Arlington Heights.

Mr. and Mrs. John Irmen, 1005 N. Beverly, and children, Jack, Jim and Walter, spent 3 days vacationing at Dubuque, Iowa. They stayed with Mr. and Mrs. Cass, who are relatives.

The play which was held in Mr. and Mrs. Harold Henrys' garage last week was a success. The children wish to thank all parents and adults who assisted with the seating, typing, script, directing, making programs and donations. Net proceeds from the play and refreshment stand were $15, which will go for the new hospital.

Bob Henry, 834 N. Hickory, celebrated his birthday with 11 other children. They played games and had ice cream and cake.

Mr. and Mrs Oscar Holmgren, 838 N. Hickory, have had 2 birthdays in their family. Mr. Holmgren's was July 25, and Mrs. Holmgren's was July 28.

Missionaries To India To Speak At Our Saviour Church

Members of the womens guild of Our Saviour United Lutheran church will hear Dr. and Mrs. Robert S. Oberly, missionaries in India and Liberia, at the bimonthly meeting Tuesday at 8 p.m. in Dryden school. Both missionaries will share the program, with Dr. Oberly speaking on "The Christian Church in Today's India," and Mrs. Oberly describing "South Indian Customs."

A graduate of the Baltimore Motherhouse and parish deaconess in Logansport, Ind. prior to her entrance into missionary work, Mrs. Oberly went to the Republic of Liberia in 1917. She and Dr. Oberly, who had been ordained and commissioned by the Pittsburgh synod of the United Lutheran church, were married in Liberia in 1927, and served in that mission field until 1936, when they were transferred to India.

DR. ROBERT S. OBERLY

MRS OBERLY

Dr. and Mrs. Oberly continued work for the Council of the India mission of the United Lutheran church and Andhra Evangelical Lutheran church until 1946, when the board of foreign missions requested them to spend a year in Argentina on a special assignment. Another term of work in India began in 1949 and ended with their return to this country last June for a furlough spent in Wheaton.

During their years in mission work the Oberlys have visited all 6 of the fields under the direction of the board of foreign missions. On their return to Indian this fall they plan to visit the new work of the board in Malaya.

The guest speakers will be introduced by Mrs. Robert McReynolds, vice president of the guild, who will also conduct the business meeting in the absence of the president. Following the meeting, members of Circle I.

Rev. Clyde R. MacCormack, pastor to Lutheran students in the Chicago area, will again conduct the service at Our Saviour church Sunday at 9 a.m. Holy communion will be administered at this time.

Lady Escorts To Water Level

Ever take a trip to the bottom of the sea in the company of 55 girls?

No? Well then, you'll get your chance—2 chances in fact—when the Arlington Heights Park district presents its 11th annual water pageant Sunday and Monday.

Both performances start at 8:30 at the Recreation park pool.

DIVER TONI DURO will plunge into the sea and 11 swim and dance routines will describe what she finds there. At the bottom, notes the program, will be pirates' gold and coming and going such watery denizens as porpoises, jewelfish, mermaids and penguins will be encountered.

The show, entitled "Beyond the Sea," will feature a cast of 55 girls ranging in age from 10 through 16 and is directed by Carol Duthie, a high school teacher, assisted by Judi Clabaugh.

One More Chance To Name New Elk Grove Community

Residents of Elk Grove School District 59 have one more chance to name a city and win $25.

The deadline on the city-naming contest sponsored by Paddock Publications has been extended to 11:59 p.m. Sunday, August 5. At a meeting of the leaders August 7 the field will be narrowed down and the final choice will be selected at a meeting of the District 59 Men's association August 22.

* * *

THE PROPOSED city straddles Elmhurst rd. north and south of Elk Grove school. A village with the name of Elk Grove has already been incorporated.

If you live within school district 59, you are eligible to enter the contest and win $25. Send your suggestions and names and address by letter or postcard to Contest Editor, Paddock Publications, Arlington Heights. Ill.

C'mon kids, moms, dads—let's show a little originality! Translating Elk Grove into French and submitting it as a name just won't do. Dig into your imagination or your history books and maybe you'll come up with a name as delightful and distinctive as any of these:

Shipsewana (Ind.), Correctionville (Iowa), Lily Dale (N.Y.), Gnadhutten (Ohio), Sweet Home (Ore.), Ten Sleep (Wyo.), Mulch (Va.) and Yaak, (Mont.).

* * *

IF YOU REALLY would like the name to have an "elk" theme, remember that there are already these "elk" towns: Elk City, Elk Lake and Elkton in Oregon, Elkland and Elkview in Pennsylvania, Elk Point in South Dakota, Elk Valley in Tennessee, Elk Creek, Elk Garden, Elk Hill and Elkwood in Virginia, Elkridge and Elkwater in West Virginia and Elkhorn and Elk Mound in Wisconsin. Not to omit just plain "Elk" in Wyoming.

Our Saviour Vacation School To Be Held August 13-24

Our Saviour Vacation Church School to Be Held August 13-24 Lino

Our Saviour United Lutheran church will conduct a 2-week session of daily vacation church school from August 13 to 24. Classes will be available for children 3 years old through seventh grade, and wil meet in Dryden school, Dryden and Rockwell st., Arlington Heights.

General theme for this year's school will be "God in Our Home." This theme will be developed by studying the home life of Jesus as he was raised by Mary and Joseph in Nazareth. A missionary study of the home life of the Navajo Indians is also part of the study program.

Mrs. Roland Sorgatz is director of the school, and the Rev. John P. Petersen, pastor, will conduct the worship service which will begin each day's session. All children of the community are invited.

Special Navy Company From Chicago Formed

Captain Henry L. Waliszewski, USN, officer in charge of the Chicago Navy recruiting station, announced this morning that a Navy special company is being formed, to be called the Chicago Amphibious Company. The company will be sworn into the Navy in open air ceremonies outside the State-Lake Theater on August 15th.

This company is being formed in connection with the Mid-West Premiere of Universal-International's forthcoming picture "Away All Boats." The Navy Department considers this picture to be an excellent and accurate portrayal of the Navy Amphibious Forces in action during World War II.

* * *

THE MEN enlisting in this company will remain together throughout recruit training and will return home on leave at the same time. An additional attraction for members of this company will be a special preview of "Away All Boats." Two showings will be run in the projection room of Universal-International's Chicago Distributors.

Actual ceremonies will begin with a parade from Congress Plaza to the State-Lake Theater. The parade will commence at 6:30 p.m. and will consist of the Great Lakes Training Center Band, a drill team, floats and the applicants for the Chicago Amphibious Company. The company will be enlisted in an open air ceremony outside the theater at 7 p.m., just prior to the Premiere. (B7

MODERN ETIQUETTE

Q. When eating a biscuit and jelly at the table, should the jelly be applied to the biscuit with the fork?

A. No; the knife is used for this purpose.

Q. When a host and hostess are giving a card party, should they set up their tables in advance, or wait until after the guests have arrived?

A. It is always nicer — and avoids much confusion, too — if the tables are set up in advance, complete with cards, score pads, ashtrays, and perhaps small dishes of candy or nuts.

Q. How are canapes properly eaten?

A. When canapes are served before a meal (with cocktails in the living room), they are eaten with the fingers. At the table, they are eaten, as are other hors d'oeuvres, with a fork.

Q. How are invitations to a bridal shower issued?

A. Bridal showers are informal affairs, and the invitations may be made by telephone, note, card, or even in person.

Variety Show Helps Fight Against Polio

The fight against the dreaded polio is not yet won and 3 young ladies of Arlington Heights, Phyllis Muran, Susan Murphy and Janice Weidner entered the battle with their second annual March of Dimes variety show, July 11.

Enlisting talent from all sections of town the children gave the performance benefit before 50 parents and children at the home of Mr. and Mrs. Joseph Muran.

ON THE program were Cheryl Bokelmann, Pat and Sue Rezner singing "Lullaloo"; Nancy Koch dancing a hula and performing acrobatic stunts with Janice Weidner; Marilyn Herff on the accordion; Phyllis Muran and Susan Murphy as pink and blue bunnies in the bunny hop and a ballet stunt.

Susan Murphy with the assistance of Phyllis Muran entertained the audience with magic and chalk talks and Mary Pat Murphy rendered a Dutch version of "Hot Diggity."

Marlyn Martin was in charge of refreshments while Mary Lou Dunderdale assisted with tickets sales. Proceeds from the show totaled $23.50 which the girls donated to the March of Dimes Polio fund. (ACM

Choose Your Poison

Seven or eight containers with different sirups and a bowl of ice cubes with gay garnishes add a colorful note to your summer entertaining, says Mrs. Pearl Z. Janssen, University of Illinois foods instructor. Have a pitcher of ice water, milk or fruit juice ready to mix with them. Your guests will marvel at the variety of these refreshing drinks, and the speed with which they can be made.

Seek Resoning Of Property For Commercial

In the first of 3 hearings during the normally quiet month of August, the Arlington Heights zoning board of appeals tonight will take up a request for rezoning of a 4-acre tract from farming to commercial.

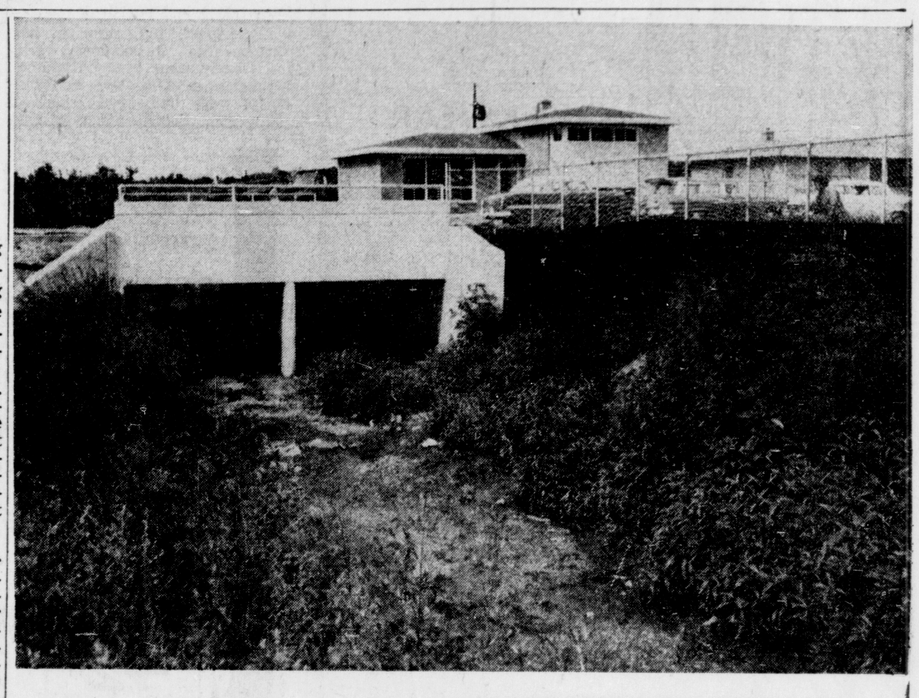
Owner of the property is A. F. Thiersch, 1108 W. Euclid. The 3-sided parcel extends west from the Chicago North Western crossing at Euclid ave. Thiersch has not announced what the use of the property is proposed. It lies immediately south of the railway right of way.

* * *

THE SECOND hearing is set for 8 p.m. August 9 on a petition for rezoning of the south half of an undivided lot stretching from Miner to Kensington rd. A change to zoning to allow construction of apartments has been asked for the property, which is approximately 250 feet by 645 feet in dimension. The listed owner, Frank W. Schultz, 1036 Kensington rd., died last week.

August 16 the board will hear a plea for a change from single family to multiple family residence classification for 315 W. Miner st.

All hearings are set for 8 p.m.



SPRING RAINS will have no terror for residents of Pleasant Hill Estates, Palatine. Developer Slosberg has constructed a double flume bridge shown above over the present dry creek bed. Steel retaining walls will prevent rushing water from tearing away adjoining property. The village which previously removed a lot of obstruction in the creek as far south as the Glade property, removed a good sized dam at Old Plum Grove road Monday, and after crops are removed will complete the creek cleaning job. —Staff photo

Why is her kitchen 10 degrees cooler?

SHE HAS A MODERN *electric* RANGE!

Turn on the oven for a couple of hours in the average kitchen on a hot summer day. What's cooking? You!

But not if you have a modern *electric* range. Because it keeps the heat in the oven where it belongs, an electric range will keep your kitchen about 10 degrees cooler.

Of course, you'll enjoy electric cooking for other reasons. It's twice as clean as any other way to cook. And today, *nothing* cooks faster than the new high-speed electric surface units.

See the 1956 electric ranges at your electric appliance dealer's now. You'll see models with built-in rotisseries, smokeless broilers, thermostatic controls and automatic timers. Find out how little it costs to *own* a modern electric range.

Big saving—we pay part of your range installation cost

Need modern wiring? We share the cost with qualified home owners in 1, 2 and 3-family dwellings.

And you get more than a money saving!

Modern wiring helps improve your TV picture, brightens lights, makes everything electrical work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply. The Share-the-Cost Plan is available on terms of up to 2 years.

Record Guernsey

A registered Guernsey cow, Cowham Farm Tress' Alice, owned by Gertrude McNaught, Elgin, Illinois, has completed an official production record in the advanced registry division of the American Guernsey cattle club.

This record was for 11,938 pounds of milk and 607 pounds of fat, which is squal to 5,500 quarts of high-quality milk.

"Alice" was a 7-year-old, met calving requirements, and was milked 2 times daily for 305 days while on test.

This official production record was supervised by University of Illinois. (Fm

Federation Report For Schaumburg 4-H

Schaumburg 4-H club held its monthly meeting July 13. The meeting was brought to order by the group's president, Bob Benhart. Two guests were present, Linda Rice and Carole Kretz.

John Pfingsten talked on beef and gave a report on the Federation meeting.

At a special meeting held July 27 for members who had not given talks in the past few months, Joanne Kretz spoke on selecting a garden area; Greg Lupa on selecting a [illegible]en area in a city lot; Geral[illegible]eitag on garden equipment for all gardens; Dale Siems on treatment of the soil; Norbert Zeyk on thinning of plants; Greg Meyer on staking a garden.

Also Norman Reise on direct seeding, Kenneth Murzyn on raising ducks, LeRoy Rice on feeding a breed heifer; Billy Rice on feeding swine; John Gazo on where to buy beef claves; Bob Benhart on selecting calves and Dolores Rohlwing on going to the show.

The meeting was adjourned and refreshments were served. (4-H

Wheeling Do-ers Give Talks At July Meeting

Wheeling Doers 4-H club met July 20 at Willson school. The following talks were given: Buddy Domek on raising turkeys; Dennis Knutson, gardening; John Vetter; homing pigeons; Hank Wood, racing horses; Plans were made for the Wheeling Doers's first annual 4-H parent picnic which will be held August 19. Elk Grove Manor

Mrs. Frank W. Richards came from her home in Arkansas to visit Mr. and Mrs. Ray Johnson for a few days last week before proceeding to Old Mission, Mich. Mr. and Mrs. E. Mann of Lake Villa were guests in the Johnson home Sunday.

Thursday and Friday Mrs. Leo Ostrowski visited in the Ed Ostrowski home. Mrs. Ed Baur was their guest Saturday, and Sunday evening Mrs. Baur served a picnic supper to the Ed Ostrowski family and other relatives at her home in Arlington Heights.

Lights Out

When the lights went out at 11:15 p.m. last Thursday night, it sent many of the neighbors scurrying for candles and to check their fuse boxes. Power failure caused a shut off in the entire area until 12:30, when service was restored.

Mrs. Ed Moder's sister, Mrs. George Croustes, and daughter, Mary Ann, of Chicago visited with the Moder family Monday and Tuesday of last week. Friday Mrs. Moder and Mrs. Croustes took their children to Portage Park to spend the day.

Mrs. George Nelson spent a few days last week and this week with her daughter, Mrs. Nels Anderson, Diamond lake, who is convelescing from surgery.

Mr. and Mrs. Erling Blast, Susan and Lee visited friends near Valparaiso, Ind. Saturday. Sunday Mrs. Blast's mother, Mrs. Esvang of Chicago, and aunt, Miss Louise Paulsen of Huntington, W. Va., were their guests.

Association has special meeting

Elk Grove Manor Home Owners' association called a special meeting Sunday at Ed Moder's home for the purpose of discussing incorporation of the subdivision now known as Elk Grove Manor. Mr. Lonie, an attorney, discussed with the members all legal procedures, approximate cost and the possible advantages to the home owners. It was voted in favor of drawing up a petition to start procedures toward an incorporation of the subdivision. Boundaries were to be rt. 53 on the west; Bisner rd. on the east; Biesterfield rd. on the north and Devon ave. on the south. This area would then be called Grove Manor.

ICC Approves Dual-Fuel Plan New Church Site

Illinois Commerce Commission has approved Northern Illinois Gas Company's dual-fuel plan to provide space heating service to customers on a part time basis effective July 30.

Northern Illinois had filed the dual-fuel plan with the Commission earlier this month in a further effort to afford some measure of relief to customers waiting gas for space heating.

Customers who desire to take advantage of the proposed plan and whose heating equipment can be modified would install dual-fuel control equipment which automatically substitutes an alternate fuel for natural gas when the outside temperature reaches a designated low point that the company indicates probably will be 32 degrees (F).

* * *

"PROVIDING complete heating service to any substantial number of those now on our waiting list will be dependent upon completion of the Natural Gas Pipeline Company of America's expansion program," Marvin Chandler, president of the utility, said. The pipeline company has filed an application with the Federal Power Commission seeking authority to bring an additional supply of gas to the Chicago area.

Chandler said that in addition to single family residential customers, multiple dwellings and comercial establishments also will be eligible to use the dual-fuel plan providing gas input requirements of their space heating equipment are not in excess of 350,000 BTU per hour per premises. Both classes have been under total space heating restriction since the Commission's limitation order was issued in July, 1946.

Chandler explained that the proposed dual-fuel service would not affect the supply required for full-time heating customers on the coldest days of the winter, since dual-fuel customers would not be using natural gas when the temperature dropped below the cut-off point.

Chinese Pastor To Give Sacred Concert At Camp Grounds

Sunday July 29, 7:30 p.m. at the Wesley tabernacle, Methodist camp grounds, Des Plaines, there will be a sacred concert given by the Rev. Philip Y. Lee, pastor of the Chinese Christian church in the heart of Chicago Chinatown.

Rev. Lee will be assisted by his wife, also Chinese born.

There will be a free will offering taken which will be given to Rev. Lee to use in his work. The concert is sponsored by the Evening circle of the Womans auxiliary of the camp grounds and everyone is invited. (B7

Record Guernsey

A registered Guernsey cow, Butterton Master's Laurine, owned by Edward B. Henslee, Arlington Heights, has completed an official production record in the advanced registry division of the American Guernsey cattle club.

This record was for 15,107 pounds of milk and 635 pounds of fat, which is equal to 7,200 quarts of high-quality milk.

"Laurine" was a 6-year-old, and was milked 2 times daily for 365 days while on test.

This official production record was supervised by University of Illinois.

Musical Solos Feature Blue Bird Meeting

The local achievement meeting of Barrington Bluebirds 4-H club was called to order by the group's president, Nancy Kerchenfaut and then turned over the Virginia Blume, program chairman.

The program included piano solos by Shirley Dieckhoff and Susan Petges, clarinet solo by Marlene Hoffman and an accordian solo by Janet Olsen. Recreation was led by Judy Bierman and Joyce Bonkoski and talks and demonstrations were given by Joyce Bonkoski, Susan Petges, Nancy Kerchenfaut, Judy Bierman, Marlene Hoffman, Shirley Dieckhoff and Virginia Blume.

Refresnments were served at the close of the meeting. (4-H

Tradewinds by MORTON

The Multiple Listing Service which was recently formed by various real estate offices in Mt. Prospect, Arlington Heights, and Palatine, is now in effect. And only realtors such as **WILLSON and FLORENCE REALTORS,** are members of MAP. When you deal with a Realtor, you can be sure of receiving the finest professional treatment in all your real estate transactions whether it be buying, selling or renting, for Realtors was one of the earliest trade associations in America to adopt a written code of ethics. It is important to keep in mind that not every real estate broker is a Realtor. Only firms like **WILLSON and FLORENCE,** who are accepted for membership by the National Association of Real Estate Boards, are Realtors and may use the term as their trademark.

In the summertime when we engage in numerous outdoor activities such as golf, gardening, picnicking, etc., we tend naturally to shower and bathe more often. Those of you who use **CULLIGAN WATER CONDITIONING** Products know how refreshing, relaxing and healthful filtered softened water can be as compared to ordinary, hard, curd-forming water. In fact, it's a reward **CULLIGAN** users always look forward to after an active day under the sun. And not only is soft water more gentle on your skin, but it's easier on your clothes too! Why not call **RAY CHMELIK** at his Mt. Prospect plant and ask him for the complete facts about **CULLIGAN WATER CONDITIONING.**

Ray Chmelik

While chatting with **BILL SIEGEL** of **ARLINGTON HOUSE Restaurant** earlier this week, I learned about another treat he's masterminding for his customers. I can't reveal the details as yet, except to say that it's something quite out of the ordinary and is sure to have terrific appeal for the sports-minded couples of this area. I'll have some definite info on this very soon! In the meantime keep in mind that comfortably air conditioned **ARLINGTON HOUSE,** (on Rand Rd. and Euclid just outside of Arlington Heights) with its sensational new Open Hearth, serves complete dinners every night but Monday 'till 10.

JOHN ERICKSON and **BILL MARTELL** have 12 years of combined service as office manager and credit manager respectively for the **SCHIMMING OIL COMPANY.** Both are ardent fishermen although **JOHN** also likes to putter in the garden and **BILL** is keen on hunting. What's most important, these men really know the oil business. They explained to me why it's so necessary to keep our oil tanks full during the summer months. If we let our tanks run low in the summer, the humidity causes condensation in the air space resulting in contamination and clogging of oil lines. We might just as well get the tank full now as we'll be needing the fuel later on anyway—and it can be bought on the **SCHIMMING OIL CO.** "Budget Plan."

TILLIE MENSCHING showed me the smart, new Fiocco Mates women's sports jackets for fall that just arrived at the **LORRAINE-ANNE SHOP.** Designed by Nassau Fashions, the fabric is woven in Italy and has the luxurious feel of cashmere — and it's washable. They can be bought with matching or coordinating slacks or skirts. To my knowledge, this delightfully new fall merchandise is not available anywhere else in this area except at **LORRAINE-ANNE . . .** Don't forget $1 Day at the **LORRAINE-ANNE SHOP** starts Monday, August 6, and runs through Tuesday, the 7th. They're gonna be offering values that'll make your eyes pop!

With much of the summer still ahead, many of you have probably been giving serious thought to buying a new or safe, late model used car. With all due respect to modern rail and air travel, there's nothing to compare with taking a scenic motor trip with the family through the beautiful countryside. Now when the time comes that you get that next car, just remember that the economical way to finance the deal is through low, regular bank rates at the **ARLINGTON HEIGHTS NATIONAL BANK.** And thanks to the bank's convenient "Bank by Mail Service," all you have to do, according to **NORM DEWEY,** is mail in a check when payments are due.

New Rates For Garbage Collection Now Effective

Laseke Disposal Service is now the official contractor for the collection of garbage in Arlington Heights.

Their bid price was the lowest of 6 bidders which submitted prices to the village board.

Comparison of the former and present rates are:

	Old	New
Rear Door	$2.50	$2.75
Curb pickup	1.50	1.90

The 2 firms furnishing that service in Arlington Heights recently notified the village board that due to the unionization of their employees, they would be required to materially raise their collection fees. They indicated that an exclusive contract might make some difference in the amount of the raise. They said at present they were each traveling the same streets.

As a result of petition by the Nurses' club asking for municipal control of garbage collection, the board enacted an ordinance to regulate the manner of collection and a maximum rate was established by acceptance of the Laseke bid.

The contractor must follow the requirements of the ordinance which requires the picking up at parkway or curb, all domestic garbage, tin cans, bottles, papers, books, and other household trash, tree branches, tree roots, brush and shrub, grass clippings, leaves, weeds, etc.

He is required to provide 2 pickups a week. He is required to use only modern sanitary, water tight, air-proof and flyproof equipment.

* * *

THE CONTRACTOR is not required to collect more than 40 gallons, per pickup, but is allowed to make an extra charge for pickup greater than that amount.

The householder is not required to separate refuse, such as bottles, tin cans, paper, weeds, grass clippings, cartons and ashes from garbage when deposited in garbage containers.

The village of Arlington Heights does not enter into the picture except to enforce the ordinance. There is no garbage collection municipal tax. The contractor must do all his own billing and collection of fees. The service is not enforced upon any household provided it disposes of its garbage in a sanitary manner.

Monthly bids originally submited for twice a week collections were:

	Back Door	Curb Service
Laseke Disposal, Arlington Heights	$2.75	$1.90
Arlington Disposal, Barrington	2.80	2.00
H. O. D. Disposal, Mundelein	2.86	2.05
City-Wide Disposal Co., Chicago	3.00	2.00
Abner Garbage Service, Wheeling	3.05	2.00
Star Disposal Service, Cicero	3.05	2.25 (AF

Extend Registration Date For '56-'57 Bridge Tournaments In Heights

There is still time to register for the Arlington Heights Woman's club bridge tournaments of the 1956-57 season. Registration date for entering has been extended to August 15.

Play will start in September and continue through April. In the afternoon meetings for women, a club member may choose a nonmember for her partner. The evening tournament is for members and their husbands.

Proceeds of the tournaments, except for prizes awarded to winners, are used for philanthropic purposes in Arlington Heights.

Further information about the tournaments may be obtained by telephoning Mrs. Charles Purvis, club bridge committee chairman, CLearbrook 3-0198. Entry fees should be sent to Mrs. Richard Black, 207 N. Vail. (A

Round 'n About Westgate

Happy Birthday

To Pam Hauth, who celebrated her sixth birthday July 30. A family party was held Sunday and guests were served a barbeque supper. Monday a luncheon was held in her honor and Pam's guests were Kathy Johnson and Phyllis Shositer. Pam is the daughter of Arlene and Fred Hauth, 512 Yale.

Micnael Smith, 1515 Euclid, became 3 July 16. Kirk Verbeck, Cathy and Billy Johnston and Mike's sister, Cheryl, enjoyed games and gifts and then were taken to Kiddieland for an afternoon of fun.

Vacations Here and There

Carolyn and Bob Herigodt, 1513 Fremont, and their 3 children have just returned from a 6-week vacation. The Herigodts rented their house for the racing season and toured the country. Four weeks of their vacation saw the family heading west, during which time they saw the Black Hills, Yellowstone, Reno, Las Vegas, Disneyland in Los Angeles, Mt. Rushmore and finally in the San Francisco area. Carolyn's mother accompanied them on the trip and enjoyed seeing her other daughter in San Rafael, Cal. The last 2 weeks were spent in Lake Genva, Wis., where the family 'camped out' living in a tent and enjoying themselves completely.

Joyce and Skip Akerlund, 1509 Fremont, spent the weekend in Louisville, Kentucky. They visited Skip's brother, Paul, and his wife, where Paul is stationed with the army in Fort Knox.

Ontario, Canada was the scene of a 2-week vacation for Louise and Ken Smith, 1515 Euclid. This is the fourth year the Smiths have gone on a trip with another couple from Detroit, college friends of theirs. They stayed at the Elgin House on Lake Joseph and came back to Westgate relaxed and rested.

Christening

Steve and Marianne Stratos, 2 ½-month-old twins of Nick and Loretta, 1509 Miner, were christened July 22 in Our Lady of the Wayside church here in Arlington. The godparents were Mr. and Mrs. Armand Bedard of Quebec, Canada, who visited here for a week along with Mr. and Mrs. Marcel Bedard. A dinner party was held for 16 guests at the Pantry in Park Ridge after the christening. While here for their visit, the Stratos family showed their 4 guests places of interest in Chicago. Both Armand and Marcel are cousins of Loretta. Nick and Loretta have 2 other youngsters, Lucy, 2 ½, and Chris, 1 ½.

News has been very slow in coming to the attention of this reporter. With summer here, vacations being taken, youngsters returning from camp, there is in all probability much to be written in this column. Please call this reporter at any time with news of Westgate.

Wisconsin Starts Highway Safety Plan, Use 'Points'

A radical plan to find bad drivers and get them off the roads before they kill or maim themselves or others went into effect in Wisconsin Wednesday.

Under the new system the state will revoke a driver's license for moving traffic violations. A point scale for driving offenses has been set up, with the scale ranging from 1 to 12 points. When a driver's score reaches 12 points in 1 year, 18 points in 2 years or 24 points in 3 years, he will automatically lose his license.

Rather than rely on the honor system, the state will keep score.

* * *

ANOTHER interesting note: offenses given out to Wisconsin drivers in other states will also go into the total.

An article in the Milwaukee Journal states that "the point system was authorized by the last legislature in a move to reduce mounting deaths, injuries and property damage caused by accidents on the streets and highways."

Under the old system drivers could have their licenses revoked in one of 4 ways: For certain serious offenses such as drunken driving, through a court order following any traffic violation, for convictions in cases where the violation caused serious injury or death and, finally, through revocation by the state motor vehicle commissioner.

* * *

FOR A VIOLATION which results in an auto accident, 3 points will be added under the new plan.

The Journal article gives these examples of convictions which add up to 12 points and will result in loss of the license if they occur within a 12 month period:

"Loaning a driver license to another person.

Exceeding the posted speed limit on 2 occasions, by 20 miles an hour or more.

Speeding in a school zone twice.

Driving under the influence of liquor or drugs.

Exceeding the posted speed limit on 4 occasions by less than 20 miles an hour.

Racing on the highway once, and one arm driving twice.

Failing to dim lights 4 times.

Making 2 illegal turns resulting in accidents." (B7

News Of Prospect Meadows

Baseball School

Saturday morning baseball classes are still in progress with enthusiastic response from the boys of the Meadows. The older boys have played several games with an outside team and the younger boys have been divided into 2 teams, Sox and Cubs, and they play each other every Wednesday at 6:30 at the ball diamond in the park. A cheering section would be welcome. "Come out and root for your favorite team."

Last Wednesday night the Sox beat the Cubs 14 to 10. The Sox, after trailing 7 to 0, came from behind to beat the Cubs by scoring 14 runs in the last 2 innings. Jay Chaiser lead the hitting for the Sox, getting 5 hits in 5 times at bat. Kenny Johnson pitched fine ball to get credit for the victory. Bruce Blim, Bobby Webber and Fred Jarm were outstanding for the Cubs in defeat.

In State Baseball Tournament

Art Sepke and his teammates on the Evanston semi-pro baseball team were the happy victors in the state semi-pro tournament at Elgin. Eighteen teams competed for the title in the tournament which ended this weekend. Thursday evening Evanston defeated Elgin, Friday, Peoria and in the final game, Saturday, they defeated Sycamore by a score of 7 to 4, winning the first place trophy and $1,000. August 18 the Evanston team will represent Illinois in the national semi-pro tournament in Wichita, Kan.

Before the game Saturday evening Art and Kay Sepke were dinner guests of Al and Esther Johnson of Park Ridge and after the game Art and Kay and members of the team and their wives celebrated with a victory dinner at El Rando.

Hello New Neighbors

Members of the welcoming committee greeted the following new Meadowites last week:

Residents at 603 Rand rd., Richard and Mary Skord and their 2 children, Ricky, aged 6, and Sandy, 20 months. The Skords moved to the Meadows from Rogers Park. Mr. Skord is a manager at Central Medal Mfg. Co., Chicago.

Residents at 412 Larkdale, Louis and Clara Anderson, who lived on Chicago's north side before moving to the Meadows. Mr. Anderson is an electrician at the Congress hotel.

Vacationing

Last week George and Charlene Hampe and their children, Barbara and Freddie, vacationed at Pell Lake, Wis., spending most of their time relaxing on the beach.

Ed and Pearl Moeller and their son, Dick, returned recently from a tour around Lake Michigan. They stopped to visit friends from Palatine, Mr. and Mrs. Paul Selley, who were vacationing in Curtis, Mich., stopped at Deer Forest in Coloma, Mich., took the ferry to Mackinaw Island and traveled back home through Wisconsin.

Evans and Lisa Wells and their children, Evans, Neil and Marsha, and friends Dick and Helen Johnson and sons, Ricky and Dean, enjoyed camping overnight at White Pine Forest State park the weekend of July 21 and hiked along the many foot trails through picturesque areas in the pine forest. During the week the Wells family spent several days visiting enjoying several outings to the beach on Lake Michigan.

Bob and Kay Wehrheim are spending their vacation catching up on work around their house and enjoying their leisure hours with their children. Their daughter, Christine, spent last week in Rock Island visiting Judy Conway, a former playmate. The Conway family lived in the Meadows before moving to Cock Island.

Peter Schmitt drove to Houghton, Mich. last weekend to join his family and drive them back home. His wife, Mary Jane, and their children, Alan, Jane and John, spent the past month in Houghton visiting Mary Jane's parents, Mr. and Mrs. John Ruhl.

In 11 days Gail and Millie Webber and their son, Bobby, covered 2,900 miles on their vacation trip to Canada. Their route took them to Niagara Falls, New Hampshire, Vermont and to the Atlantic coast through the resort areas of Maine. They spent 2 days in Quebec City, stopping to visit the St. Anne-De-Beaupre shrine, and came back through Montreal, Toronto and Detroit.

Ray and Mae Hemesath and their children, Tommy, Barbara and Stevie, returned July 21 after spending a week visiting the following relatives in Iowa: Mr. and Mrs. A. Larson in Ossian; Mr. and Mrs. W. Hemesath in Dubuque; Mr. and Mrs. B. Hemesath and family in Cedar Rapids and Mr. and Mrs. D. Larson and family in Lanesboro, Minn.

Evelyn Cummins and her son, James, spent the past 2 weeks visiting relatives in Paducah, Ky. Paducah is the home of both Evelyn and Jim Cummins. Jim drove down last weekend to visit their families and bring back Evelyn and James.

Birthday

Pat Wrath's home was the scene of an afternoon get-together last Thursday over coffee and birthday cake for guest of honor, Rita Durec. Neighbors gathering to extend best wishes and enjoy the refreshments were Kay Sepke, Ruby Polly, Joyce Ruther, Marge Murdock and Millie Webber.

John and Velma Sage and their children are planning to spend Sunday at the Cary country club in Cary. The family will enjoy golfing, picnicing and swimming with 8 other couples and their children and also celebrate John's birthday.

Members of the Couples club met last Saturday evening at the home of Lou and Lynn Nye for a patio party. Present were Bob and Kay Wehrheim, Jim and Kay Wilson, Bob and Marge Blim, Chris and Jack Pelletier, Howard and Elaine Johnson and Tom and Mae Boland.

An outing was enjoyed by Edna Vartanian last Wednesday when she accompanied Mr. and Mrs. Leo Vartanian and their daughter, Ellen, to Hawthorne Melody farm.

Guests of Edna Vartanian for the day last Thursday were Mrs. Orvilla Daley and her daughter Dorothy.

Monday night the Vartanians' son, Walter Jr., became a member of the Moose in a ceremony at the Dearborn St. Lodge, 3. Walter and Edna have been members of the Moose for several years.

Spending a few days visiting grandparents, Mr. and Mrs. Art Sepke Sr., in Chicago last week were Sandy and David Sepke. Guest of Art and Kay Sepke this week, and enjoying playing with Sandy and David, was Donald Johnson of Park Ridge.

Chicago Cardinals To Play In Arlington Heights, August 9

KICKIN' IT AROUND

by Bob Paddock

THERE AREN'T MANY pitchers who can boast of a no-hitter and fewer can claim more than one. But Arlington has a little pitcher who has been involved in 7 no-hitters since starting to pitch in the Little League in Lebanon, Pennsylvania. Bob Miller, a 5-8 southpaw who resides in Wheeling and will be a senior at Arlington High this fall, started his amazing record with 3 no-hitters in Little League play; he added another hitless job as an Arlington sophomore against Niles, and this summer in Legion baseball has been involved in 3 more, including a recent 8-0 trimming of Berwyn.

Bob Miller

Bob combined with Al Smeby to hurl hitless ball against Park Ridge B and with Smeby and Pat Brownell to handcuff Park Ridge A. Miller and Smeby have been selected to the 9th District pitching staff for the 4 district All-Star tournament at Hinkley Field, Park Ridge, this weekend.

THE NEW PRESS BOX which will be officially opened in the all-star game at Soldier Field next week is 136' long, 19' wide, and has 3 levels: a utility space level, 53 feet above the field; a press, radio, and TV level 60 feet above the field; and a camera roof deck area which is 72 feet above the field.

The press, radio and TV level contains 3 press sections for reporting purposes, with 55 permanent desks and seats, and 4 booths with provisions for radio and TV use or for conversion to press use with 32 auxiliary press desks and seats if required.

All seats give unobstructed view of the field through plate glass double hang windows with aluminum sash. Each press section is equipped with field telephone, PA system, Bell telephone and Western Union outlets. Then there's portable phone service plus a separate public address system for statistics. Radio and TV booths have substantially the same equipment, as does the camera roof deck with 13 permanent locations for cameras under canopy. Also available is automatic elevator service, as is a food storage room. No, you cannot rent the space for an apartment between games.

BIGGEST MAN on the college squad getting in shape for the all-star game is 6-6½ Dick Klawitter of Chicago and No. Dakota State . . . He weighs 277, wears size 8 helmet, 48 pants and 14EEEE shoes, largest ever issued to an all-star . . . Here's one for the books: Oaks beat the Beavers in Arlington Heights Little League competition in an intermediates game, 18-4, without getting a single hit . . . Centralia's Bobby Mason and DuSable's Shellie McMillon have made up scholastic difficulties at Bradley, but it may not help much for a move is on among school officials there to suppress sports until they return to small school level.

Just when Bob Nolan of Wauconda started working out with British Columbia Lions in Canadian pro football league he dislocated a shoulder and will be out all season.

Among leaders in Tam O'Shanter amateur this week as of Tuesday morning was Mike Spinello of Arlington high school . . . Washington Serini, former Chicago Bear star lineman, and once called the ugliest man in football, lost his 3-year-old son in an untimely death July 15 at Skokie . . . Gaining mention in advance football dope sheet are 3 men at Yale, Dick Winterbauer of Arlington, alternate quarterback; John Pendexter of LaGrange, member of "best end squad in the East"; and halfback Al Ward of New Trier . . . Of 58 named to grid roster at Wisconsin 11 are from Illinois, including Tom Peters of Glenbard.

Marv Berschet changed his mind at the last minute and did not report to Washington for pro football . . . Arlington's John Deiniger is definitely in the Chicago Bear camp, however.

Big Ten athletic directors will be in Chicago Monday and Tuesday to discuss that league's recruiting code . . . Illinois university is without a single representative in the all-star grid camp, but 9 Big Ten boys live within the state . . . Mickey Bates is reportedly receiving offers from Canadian football after being released by Los Angeles Rams . . . Reports from the west coast indicate all 5 California gridders suspended by the PCC will be reinstated before start of the season.

EVER SINCE Illinis sports publicist became No. 1 publicitor at Illinois, effective Oct. 1, applications for the vacated job have started to come in . . . Flynn will be handling sports, too, during football season, so there'll be no rush to hire a new man . . . Arlington's pride and joy 13-year-old swimmer, Joan Keppen, took second place in her division of Chicagoland swim meet Sunday . . . Joan will be a freshman at Arlington high this fall . . . All-star gridder Vere Wellman, 221 pound tackle from Wichita, is father of 4 . . . Of 50 named to 1956 All-America 18 are members of the Olympic team.

Grace Urges Athletes To Go To Own Doctors For Athletic Physicals

Because of the great increase in numbers, it is virtually impossible for one physician to give all the athletic physicals now, according to H. W. Grace, director of athletics at Arlington Heights High School. The athlete is urged to go to the doctor of his own choice. He may pick up his physical examination card at the telephone desk in the high school office. The athlete is requested to take his physical sometime during the summer. All football candidates must have theirs before August 27. All this applies to incoming freshman and transfer students as well as former students and applies to boys in all nine of Arlington's interscholastic sports.

4 District All-Star Squads In Junior Legion Tournament

by BOB FRISK

Eighty of the finest prep baseball players in Cook County will assemble at Hinkley Field, Park Ridge, this weekend for the first annual American Legion Junior All-Star tournament between the first, fifth, seventh, and ninth districts.

Four games are on the docket for the tourney with the first District and seventh District initiating the affair Saturday afternoon at 12:30. The fifth District and ninth District will meet in the 3:30 contest. On Sunday the 2 losing teams of August 4 will meet at 12:30 with the 2 winning squads battling at 3:30.

At this writing, it was as yet indefinite as to which team would be competing in the state legion playoffs, but if it were either Park Ridge A or Maywood, 1 district All-Star squad would suffer considerably. Four Maywood players are listed on the fifth District roster, including Larry Buchanan, the hottest Major League prospect in Cook County, while 4 Park Ridge performers are on the ninth District squad.

* * *

ARLINGTON HEIGHTS' Poole Fords and Palatine have 7 boys on the ninth District roster with Arlington landing 4 positions: outfielder Dan Vittum, catcher Ed Meinken, and pitchers Al Smeby and Bob Miller. The Palatine All-Stars are infielders Dick Wisner and Terry Hicks and outfielder Paul Incapreo.

Vittum is one of the most dependable players on manager Lloyd Meyer's club although Dan his potential this summer. hasn't hit anywhere near He will carry a .292 mark into the All-Star tilt. Meinken has been improving steadily with the bat and will boast a .277 average in Saturday's affair. Ed caught the entire 1955 All-Star game as the ninth District topped the seventh District, 8-5, with Johnny Sujack gaining the win.

Portsider Miller and right hander Smeby give Arlington 2 of the finest Legion hurlers in Cook County—a fact which is becoming more apparent as Park Ridge advances in the County playoffs at Chicago Heights, blasting some of the highly-touted Skokie and Maywood hurlers with a lot more ease than they hit Smeby or Miller.

* * *

Palatine's Wisner, who will be a junior this fall, is one of the top young infielders in the immediate area. Dick is a good fielder and he hit .415 for 14 league games. Incapreo, who can play anywhere on the club, hit .360 in the league campaign. Hicks, a 5-9, 148 pound second baseman, batted .290 and played a steady game in the field.

The remainder of the ninth District roster lines up like this: infielders Bob Gruber, Tony Scheer, Jerry Dixon, and Vic Pagel of Park Ridge A; Richard Hill and Tom Murphy of Northlake; and Don Jacobsen and Jerry Stout of River Grove; outfielders Jim Krauser of Elmwood Park, John Hamman of Park Ridge B, and John Cocalis of Portage Park; catchers Roger Jenne of Portage Park; and pitchers Gruber, Scheer, and Jim Gorman of Portage.

Jenne's .538 mark heads up the district's hitters with Gruber and Miller topping a fine corp of hurlers. Gruber has only allowed 3 earned runs in 54 innings for an 0.39 earned run mark and Miller has allowed 6 in 52 2/3 frames for an 0.79 record. Smeby's 91 strikeouts head the pitchers with Miller being the stingiest on hits, allowing only 24 in his 50-plus innings of toiling. Smeby has appeared in the most games—13.

* * *

In looking over the lineups of the 3 other district squads, several outstanding performers stand out. The big names in the seventh District are Skokie's Ken Walter, conceded by some to be the top pitcher in Cook County though he was recently beaten by a comparatively weak-hitting Park Ridge club; Roger Whitsett, another Skokie performer who has a .500-plus average for the summer; and Jim Harmon, Evanston's outstanding outfielder with a .425 mark.

The top player in Cook County with definite Major League potential is Larry Buchanan, Maywood shortstop-outfielder-pitcher. A six-foot, 185-pounder, Buchanan is a power hitter who has compiled an astronomical .665 mark for the season. Other standouts in the fifth District are Vince DeLeonardis, Oak Park outfielder who led the Suburban League in batting in the spring and who blasted the horsehide at a .426 clip for legion ball this summer, and George Tomek, Oak Park moundsman who had a 7-0 league slate.

Thomas Szczeblowski, 5-11, 150 pound pitcher for St. Phillip from the first District, batted .546 for the league campaign with 5 homers. His teammate, Richard Bugajski, had a .616 average and he did some pitching as well as playing the outfield. Bugajski blasted 6 homers in league play.

Heitz All-Stars Win Pony League Contest, 8-7

The Heitz All-Stars pushed over 2 runs in the last inning to edge the Tossman All-Stars, 8-7, Saturday in the post-season highlight of the Arlington Heights Pony League.

Leading throughout the contest, the Heitz stars saw their lead disappear with a 6 run sixth inning for the Tossman club. Ken Dougan was the unwilling victim of the outburst as he yielded all 6 runs on a yield of 3 hits and 2 walks in his brief stint on the mound. Phil Gustafson picked up the win with a yield of 2 hits and 1 walk in 3 2/3 frames.

Rich Kehe slapped out the long blow of the contest with a homer in the sixth inning. Chuck Rehfeldt captured batting honors for the game with 3 hits. The loser's Lips had 2 safeties.

Sharing pitching duties for the Tossman All-Stars were Don Gerken, Cliff Scholl and Gregg Beckway with Beckway absorbing the loss. Glen Passmore, Gustafson, and Dougan worked for the victors. (SP

MP All-Stars Lose To Cicero

by BETTY KIRCHHOFF

The Mt. Prospect All-Stars won over Brighton Park last Saturday, 8-6, to advance into the semi-finals of District 5.

The game had victory spelled all over it for Mt. Prospect until the last inning when 2 errors were committed to help to pave the way for a tie game. But in the eighth, after Kobi had reached third on a single and sacrifice bunt, McMillan walked and stole second and Bork then sent a double to right to score the winning runs.

Jeff Kobi, starting pitcher, was lifted and Bork came in to pitch in the first inning. George held the visitors for the remainderof thecontest.

Last Sunday Mt. Prospect was eliminated from the tourneywhen they lost to South Cicero by a 1 run margin, 7-6. Gene Dahlquist pitched good ball until a walk, an error, and a 3 run homer forced him out of the game. Fritz Peterson sparkled in relief ,but even his fine pitching wasn't enough to give Mt. Prospect a berth in the finals. (Sp

AHHS Gridiron Site Of Club's 1st 1956 Contest

Coach Ray Richards' 1956 Chicago Cardinals will go on public display under game conditions for the first time, August 9, when they play an intrasquad game on the Arlington Heights High School field.

Sponsoring the game are the Arlington High School Booster Club and Little League teams of the area and tickets may be ordered by mail by sending check to Arlington Booster Club, c/o Arlington High School. There are 4,000 seats available at the high school field, but ticket sales are brisk.

Tabbed as one of the most improved clubs in professional football which could definitely rank as a title contender if the quarterbacking is adequately handled, the Cardinals came up with a fine crop of rookies in the National Football League draft to couple with the seasoned performers.

* * *

AS INDICATED, the major question-mark on the club as the summer practice sessions continue is a familiar problem in a lot of football camps—the quarterback situation. In LaMar McHan the Cards have a signal-caller who has never quite solved the problem in his first 2 seasons of pro ball. But with these 2 years of experience behind him and off his brilliant showing in the Cards' stunning 53-14 defeat of the Bears, McHan could conceivably guide the Big Red to the Eastern Division this fall.

Other quarterbacks who are slated to see action are Ogden Compton, the Hardin-Simmons grad who completed 22 out of 61 passes for the Cards last year; Joe Huske, a service returnee who played from Southern Illinois in Carbondale; Tony Curcillo, former Ohio State star; and John Roach, the Cards' third draft choice who played for SMU.

* * *

THE REST of the backfield is set with Ollie Matson, Dave Mann, Johnny Olzewski, Joe Childress, and Alex Burl among others. Matson and Mann gave the Cards 2 of the best halfbacks in pro football last year and the presence of Childress, an All-American at Auburn in '55, gives added depth to the fullback slot which already includes Olzewski, a outstanding performer for 3 years in the pro wars. Burl is a fleet first-year product from Colorado A & M.

Standout performers in the line include Jerry Groom, Jack Jennings, Len Teeuws, Don Stonesifer, and Tom Bieneman with John Dittrich from Wisconsin Willis Towne from Wichita and Charles Anderson from Louisiana Tech as just 3 of the outstanding rookie linemen.

The Cardinals, operating last season for the first time under Coach Richards, moved out of the cellar to finish fourth in the East. The quarterback position appears to hold the key to any power the Cards might produce in the coming campaign, but the Windy City club does have the potential to produce a championship. Can they do it? Next Thursday's intrasquad game will give the area's football fans a chance to make their own forecasts concerning the Big Red for 1956.

Merchants Nearing Crown In MP Little League Play

The Merchants had 1 big inning against the strong VFW team Sunday, July 29, in the Mt. Prospect Little League and scored 5 times while sending 10 men to the plate.

Tommy Thomas allowed only 2 hits for the victors and pitched a suburb game, striking out 14 opponents. The final score was 5-0.

The victory practically assures the Merchants of the Mt. Prospect Major Little League championship, as they won the 1st round, tied the 2nd, and have won all their games so far in the 3rd round.

VFW	000 000—0-2
Merchants	005 00*—5-4

Batteries: VFW, Francek, Rogers, and Richardson; Merchants, Thomas and Johnson.

The VFW smashed Schwans, 16-2, July 21, with Francek collecting 3 triples to pace the attack. J. Rogers picked up the victory, allowing only 4 hits in the 6 inning contest. G. Jernberg also had 3 hits for the victors.

Schwans	010 100— 2- 4
VFW	328 30*—16-14

IN ANOTHER Little League contest the Professionals routed the Elks, 12-2, July 28, with Griffiths gaining the mound victory. Snyder, Griffiths, and Johnston sparked the Professionals' attack with 2 hits each and Weber and Tilles had homers. Griffiths struck out 18 in the contest.

Professionals	200 406—12-9
Elks	000 020— 2-5

Batteries: Professionals, Griffiths and W. Steinmiller; Elks, Laden and Christenson.

Schwans got back into the victory column, July 28, with a decisive 14-4 victory over the Builders. R. Hanson was the winning pitcher with Runo absorbing the loss. Schwans' Lewin had 3 hits to pace the winners and Sbarboard and Erber collected 6 of the loser's 7 hits.

Dan Vittum To Receive 3 Scholarship Awards

Dan Vittum, Arlington Heights High School junior, will monopolize scholarship awards for three major sports as he sweeps the field to take home trophies in football, basketball and baseball. Vittum is a straight "A" student and captain-elect of the Arlington varsity football team for this fall.

Trophies will be presented to winning athletes during halftime ceremonies at the Chicago Cardinals intrasquad professional football game to be played at Arlington High School field the night of August 9. Proceeds of the game will go to Arlington Booster Club and Little League teams of Arlington Heights, Wheeling, Mt. Prospect, Rolling Meadows and Prospect Heights. Ticket sales are in progress.

* * *

TROPHIES are awarded by the Booster club in nine varsity sports. To win an award, a boy must earn his varsity letter and place highest in scholarship among all letter winners in that sport. There was only one athlete in addition to Vittum, to win awards in more than one sport. Ed Holm, a senior, won the gymnastics scholarship trophy and tied with two others for the golf award.

In 5 of the 9 sports, the grade average that won the trophy was a straight "A." Other boys to win awards and who will receive trophies are: Alan Hutchinson, cross country; Ashley Haase, football (tie with Vittum); Ed Beier and Mickey Harris (tie) wrestling; Carl Klehm, track; Tom Jacobsen and Dennis Evans, golf (tied with Holm); Dan Stadelman, tennis.

Braves, Cards, Tigers Pace Prospect Hts. LL

The Braves, Cards, and Tigers continue to make a 3-way race out of the Prospect Heights Little League with only a half game separating the trio of clubs. In the Pony League the Senators and Indians are running 1-2.

While the Cards and the Tigers were picking up 2 wins, the Braves dropped a tight 5-4 decision to tighten up the Little League race. In other league results the Sox dumped the Yankees, 15-5, and the Braves stopped the Sox, 15-7.

The Senators picked up 3 wins in Pony League play with a 7-3 decision over the Dodgers; 10-6 win over the Indians, and 5-4 triumph over the Dodgers. The Indians stopped the Giants, 4-2, in the other encounter. (Sp

Skokie Tops Redwings, 7-3; Arlington In 2nd Place Tie

Arlington's Redwings fell into a second place tie with Oak Park in the Greater Chicago Semi-Pro baseball loop Sunday when they dropped a 7-3 decision to Skokie's Indians.

The loss set Arlington's league slate at 8-6 with Kolski's Boosters on top with an 8-4 mark. Oak Park has an 8-6 record with Skokie 2½ games off the pace in fourth with 7-7. Chicago Vets, who dropped a thriller to Kolski's Sunday, have a 6-8 standard for fifth place with Worth AC in the cellar with a 3-9 mark.

Sunday Worth AC will come to Arlington with the feature game at Oak Park as Kolski and Oak Park tangle. Skokie will play host to the Chicago Vets.

SKOKIE ERUPTED for 5 runs in the first 3 innings last Sunday and the early lead was too much for the locals to overcome. Bud Blumenthal started on the mound for Heights, but he was no problem for Skokie as the hosts rapped 9 hits in 3 frames in scoring their quintet of markers.

An error brought in Lloyd Meyer with the Redwing's first run in the third, and the locals couldn't dent the scoring column again until the ninth. Anderson led off the segment with a single to right field and scored and Meyer also tallied in the final inning.

Dick Bokelmann relieved Blumenthal in the fifth and collected 8 strikeouts in the next 4 innings. An error followed by 2 hits brought in Skokie's final 2 runs in the seventh.

Meyer continued to rank as the club's most consistent hitter as he collected 2 singles in 5 trips to the plate. Bill Anderson also had 2 hits.

Sox Lose 1st, Top Braves, 9-7, In Pony League

by BETTY KIRCHHOFF

Due to the inexperience of the Sox pitchers, Fred Boedeker and Bob Leekley, and some timely hitting by Cub first baseman, Bob Voight, the Sox lost their first game in the Mt. Prospect Pony League.

Starting pitcher Boedeker had control trouble and left the game with the bases loaded, at which point Bob Leekley came in and was greeted by a home run by Bob Voight. Leekley with 3 hits and Boedeker and Hahn with 2 each and McMillan and Bork with 1 a piece accounted for the Sox hits.

The Sox came back after this loss to beat the Braves, 9-7, behind the pitching of Denny Hahn and Bill McMillan. Hahn pitched good ball until the fourth when McMillan had to be called on to complete the game. Rich Christiansen led the hitting attack for the Sox with 2 doubles. Terry Haengii and Al Kruse collected 2 singles each to keep the Braves in the games. (Sp

Boosters Win, 5-1, In Season Opener

by BOB FRISK

The Arlington Boosters, newly organized local baseball team, made an auspicious debut Sunday at Recreation Park with an impressive 5-1 victory over the Dundee Merchants.

Composed entirely of local talent and sponsored by Dick Black, president of the Cardinals' Booster club and funeral director of Black's Memorial Home, the Boosters played steady ball with good pitching and hitting in the lidlifter. Three hurlers— Johnny Sujack, Bob Hamilton, and Mike Shanklin — combined to limit the visitors to only 5 hits, 2 of the bunt variety.

Offensively, the Boosters blasted 2 Dundee hurlers for 8 hits, including a homer by Hamilton, former Palatine high school star, and 2 singles each by Ron Ashley, 56 Arlington grad, and Charley Verret of the class of '54.

* * *

THE LOCALS' next contest is with the Evanston Flashes today (Thursday) at Boltwood Park in Evanston. The affair will be under lights with starting time 8 p.m. A game is tentatively set for Sunday preceding the Redwing encounter with the starting time listed at 12:30. The Boosters will oppose North Chicago at Recreation Park.

Sujack started on the mound for the locals Sunday, and the sharp lefty twirled 4 impressive innings, allowing 2 bunt singles and a hit to right while striking out 9 and walking 3. Hamilton's stint showed a yield of 1 hit in 3 frames, 4 strikeouts and 3 walks. Shanklin finished up, facing only 6 men in the final 2 segments though allowing 1 hit. The lone runner was picked off first.

Dundee fashioned the first run of the game in the fourth wehn with 1 out, Ed Reams walked and came in on a throwing error following a base hit.

* * *

THE BOOSTERS came right back in the fifth when Hamilton lined a shot to left field for 4 bases. They countered 3 more runs in the sixth. After Ted Bakalar grounded to short, Ashley belted a hit to left and went to second when the left fielder had trouble fielding the ball. Bob Dotts walked, then Stan Fletcher punched a hit to left, scoring Ashley. Verret squeezed Dotts in with a perfect bunt single and Fletcher came around on an error on the same play.

Verret drove in the final marker in the eighth. Fletcher walked, stole second and tallied when Verret dumped a hit to right field.

Here's the way the locals lined up as they started out their first contest. Rog Thomas at first, Bob Getts at second, Verret at short, and Bakalar at third. Fletcher, Ashley, and Dave Ryden, acting manager, patrolled the outfield. Dotts did the catching with Sujack on the mound. All the boys are graduates of Arlington high school.

THE VFW SOX have been rolling over all competition in the Mt. Prospect Pony League with an unblemished record in the first half of play.

HARD WORK and intensive practice was rewarded when 18-year-old Meriam Bailey of the Inverness golf club won the Chicago women's district golf association title to follow up her state title won in June. Miss Bailey, whose parents are members of Inverness and residents of Evanston, is a sophomore at Northwestern university and the youngest to win the Chicago district tournament in the 25 years of its existence.

Miss Bailey has earned her golf titles as members of the Inverness club will attest. She practices long and diligently. Last winter, regardless of weather, she was out working on her golf game and keeping in trim.

In golf, as in any other sport, skill in the fundamentals of the game is essential to success and it comes only after seemingly endless practice. Meriam Bailey has shown the ability and perseverance and playing poise to become a champion and the members of the Palatine located Inverness Club are proud of her and her achievement. The Paddock sports department extends congratulations and hopes that the Chicago area and state successes of Miss Bailey will be just the beginning of a great career.

HARRY MUSSATTO is one coach who practices what he teaches. Mussatto, who last Saturday won the 29th annual midwest amateur tournament at the Waveland golf course with a record 72 hole card of 286, is the golf coach at Western State college of Macomb. Mussatto won the midwest event in 1947 and 1948 while losing in a first place playoff in 1953.

Down at Western State Mussatto has coached 5 consecutive conference golf championship teams. Two Palatine boys, "Tinker" Meyer and John Goetz played on Western's 1956 champs while Meyer also helped win the Title in 1955.

Mike Spinello of Mt. Prospect who took fourth in the midwest amateur with rounds of 77-72-76-74 for 299 will compete at Northern State college at DeKalb next year helping them to break Mussatto's monopoly of golf honors at Macomb. Spinello, who was one of the stars of Curtis Larsen's state champion Arlington Heights team this past May, will qualify for the all-star tournament in September by virtue of his 4th place last Saturday.

LAST WEEK WE COMMENTED on the athletic situation in the Pacific Coast conference and the penalties which may make a farce of the Rose Bowl for the next 2 years with 3 of the strongest football schools barred from competition. A report on a speech given recently by Chester LaRoche in New York seems to point out some of the problems in the athletic scholarship-recruiting situation from the standpoint of differing attitudes displayed by the college and university chief administrators. LaRoche is chairman of the national football foundation and hall of fame, a highly successful businessman, and a former grid great at Yale university. We quote a few of his key remarks.

"Periodically, in difficult times, the conduct of the game is taken out of the hands of those who know it best—the coaches and athletic directors—and subjected to violent action by the educators.

"We must understand the place the educator plays—the place of the college president. Some are insulated from what is going on. Some deliberately turn their backs. Others are trying to be helpful and retain dignity and respect for their colleges as educational institutions. There are good and bad educators, just as there are good and bad businessmen. There are groups of educators at 2 extremes whose influence is not helpful. The first is the anti group, composed of educators who although they do not realize it, are jealous of the game, its glamour and excitement."

* * *

LaROCHE STATED that at the other extreme is the college president who seeks a reputation for his school through winning football teams. He states that "These educators have been able to avoid blame for these practices because the coach is 'used' as an instrument of their policy. The coach becomes the 'villian'—when actually his association has been leading the fight for sportsmanship and decency in recruiting.

"The coaches want to be teachers, not, as Lynn Waldorf of the University of California says—'sales managers'."

The key statement in the conclusion reached by LaRoche was that "we must not weaken America's 'winning spirit'. One of the greatest resources is the competitive heart, born of amateur sport; without which brains may be rudderless."

WE WERE OUT OF TOWN for a month and did not find out about the results of the all-star high school baseball game until this week when we got an old copy of the paper and read about the boys from this area who played on the suburban all-star team against the city selections. Jimmy Caldwell who pitched Warren to a tie in the North Suburban conference was the winning pitcher in that game won by the suburbanites 7-1. Caldwell fanned four and threw out 2 in his 2 inning stint on the mound.

Gale Peregrin who pitched all of the Grayslake victories as they tied Glenbrook in the Northwest conference allowed no hits in his two innings on the firing line.

Bob Boyd of Glenbrook got into the game at shortstop and got a hit and scored a run and Gene Jaskot of Wauconda handled 3 chances at first base without a bobble. This is the best showing ever made by Northwest conference boys in this annual classic promoted by Tommy Kouzmanoff, prep sports editor of the American, who lives in Arlington Heights.

Little League Prints

Prints of Little League team pictures taken by Paddock Publications staff photographers can be ordered by leaving name, address, phone number, name of team, league and town, along with $1.00 for each print at the office of the newspaper in Arlington Heights, or at any of the sub-offices in Mount Prospect, Wheeling and Palatine. Prints will be ready for pickup about 2 weeks after appearing in the paper. All prints ordered through July 23 are now awaiting pickup.

Insecticides

Accidental poisoning of dogs and other pets from insecticides usually reaches its highest level during the summer months when these materials are used for garden dusts and sprays or to keep down insect pests and vermin, states the Gaines Dog Resarch Center, New York.

However, these accidents can largely be prevented if a few simple rules are followed. In the first place, carefully read the label o fany insecticide or fungicide before you open it. The manufacturer bases his directions for use on costly research and laboratory tests of his product. Keep the material in a carefully labeled and closed container. Keep it out of the reach of dogs and children. This is most important for children for their own sake of course but also because a small child may feed strange things to pets or some put poisonous stuff on a dog in an attempt to imitate the grown-ups applying flea powder or giving Fido a bath.

* * *

NEVER USE sprays or dusts in close quarters where large quantities may be inhaled, either by yourself or animals. Keep dogs away from areas that are being sprayed or dusted with chemicals. For good insurance, keep them off sprayed ground for several days afterward so that they won't pick up the chemical on their feet.

Most people are anxious to get rid of insects for the annoyance they cause. But, the correct use of insecticides also puts up a good fight in the control and elimination of disease. Fleas are a serious threat to dog health. They spread summer skin ailments and carry tapeworm and heartworm. Ticks are potential disease carriers. As they cling to the skin and suck blood they also inject poisonous material which, in large amounts, can cause paralysis. Chiggers are a problem in some areas. The tiny larvae attack dogs and cause intense itching. Applying chlordane, toxaphene or lindane in the correct number of pounds per acre, will free areas of these pests.

* * *

THE USE OF DDT in fly sprays, dusts and rinses has been of immense help in keeping down insect-borne disease. The lethal properties of DDT are not as serious as some people believe.

Palabar Horse Show On September 9

The Palabar Horse Assn. will present its third annual horse show, Sept. 9, at Fisher's Lazy "F" Ranch, four miles west of Palatine rd. with classes for all ages in English, Western, and Three Gaited. A trophy and six ribbons will be awarded in each of the 15 classes, which will include games, races, equitation, and pleasure class.

Last year's show brought almost 100 riders from all over the state. The club hopes that this year's show will even do better.

The show is being run by the club's board of directors who are Mr. Ed Fisher, Mrs. Corrine Tomisak, Mrs. Fisher, Mr. Ed Jolim, Mr. Langdon, Mrs. Roy Peavey, Mr. Leonard Tomisak, Miss Phyllis Berlin, and Miss Alice Peavey.

For further information on the show, contact anyone on the board of directors or the show secretary — Mrs. Ed Fisher, Lazy "F" Ranch, Barrington, Ill. Phone Barrington 1380 J 1. (Sp

Softball Game For LL Coaches

The Arlington Heights Little League and Pony League managers and coaches are taking a "busman's holiday" to play a softball game on Saturday, August 4, at 2:30 on the Northwest diamond at Recreation park. It will be the Northsiders vs. the Southsiders using a 16" softball.

There will be a Northside practice session at 6:30 on Thursday (today) at Recreation park. The Southsiders practiced Tuesday at the Jr. high school.

For an afternoon of fun, come out and give your support to some of the main supporters of the Arlington Heights Little League and Pony League.

Quackenbush Hurls No-Hitter In Little League Playoffs

by BOB FRISK

Craig Quackenbush, a leading figure in the Red Sox' 1955 title drive, twirled a no-hitter Monday to get the defending champs off to a fast start in their quest for an unprecedented second consecutive Arlington Little League championship.

The hitless performance came at the expense of the Cardinals who countered with Tom Benson and Jimmy Nelson in the lidlifter of the 1956 World Series of Little League baseball.

After 2 scoreless frames the Red Sox pushed over 2 runs in each of the third and fourth to cement an impressive 4-0 victory. Quackenbush struck out 10 and walked 4 in his 6 innings of work. Benson fanned 4 and walked 1 in 3 segments, and Nelson struck out 3 and issued 1 base on balls in 2 innings.

* * *

ROSS RETTERER, another veteran of the championship '55 squad, led the offense with 2 safeties in 3 trips to the plate. Gary Brodnan, Larry Croon, Tom Tully, Jeff Haiduke, and Billy Schaefer also had base hits.

The second game of the playoff was slated for August 1 at Recreation Park. If a third game is necessary, play will return to the Jr. high school diamond on August 3 at 6 p.m. The Red Sox compiled a 11½-3½ mark in capcrown, and the Cardinals had an identical mark in gaining the National loop title.

Four Pony League contests are included in the final week of reports from the 3 Arlington leagues.

The Redlegs opened play with a 7-4 victory over the Phillies, July 23, as they tallied 2 runs in each of the first 3 frames.

Big Don Gerken turned in his final masterpiece of the season, July 24, as he stopped the Orioles on 1 hit though the contest ended in an 8 inning, 0-0 tie. The Browns' outstanding fireballer has compiled some outstanding marks in Pony League ball this summer and they should merit some mention. Don's pitching marks for the season have been forwarded to us by Paul Tossman and Bill Heitz.

* * *

GERKEN appeared in 8 games and twirled 52 innings, winning 7 with 1 tie. Now for the remarkable feats: he struck out 108 and walked only 13 while allowing just 21 hits in these 52 innings. That's better than 2 strikeouts per inning and an average of 1 walk every 4 frames. Enough said

In the final 2 Pony League reports the Orioles topped the Redlegs, 4-1, and the Hawks bested the Indians, 8-1.

In the initial National League play the Cubs pounded the Giants to the tune of a 13-3 score. Tommy Haworth followed up the Cubs' win with a neat 6 hit shutout over the Pirates, July 24, as the Dodgers scored a 7-0 victory.

Dodgers ..... 410 020—7-13
Pirates ..... 000 000—0- 6

Batteries: Dodgers, Haworth. (WP) and Smith; Pirates, Staahl (LP), McGrath, and Ruhnow. 3B—Gow (D).

FOUR TRIPLES and a homer highlighted the Cards' 8-6 victory over the Braves, July 26. The victors countered all their runs in the opening 3 frames with the Braves pushing over all 6 of their tallies in the second. Collecting triples in the contest were Mutti, Carlson, J. Koeppen, and D. Koeppen. Tom Benson rapped a homer.

Cardinals ..... 215 00—8-9
Braves ..... 060 00—6-7

The Pirates scored 6 runs in the top half of the last inning to gain an 8-8 tie with the Braves, July 27. Denny Fitzpatrick started on the hill for the Braves and he was relieved by Terry Conner. Bob Lantz went the route for the Pirates.

Pirates ..... 000 116— 8 8
Braves ..... 600 200—8-11

Batteries: Pirates, Lantz and Fricker; Braves, Fitzpatrick, Conner and Freise and Sadler. 3B—Freise.

The final 2 NL contests find the Dodgers slipping by the Giants, 7-4, and the Braves and Cubs battling to a 6-6 tie.

There was no other information available from the American League outside of the scores so we'll just report those: Red Sox 9, Senators 1; White Sox 14, Tigers 0; Yankees 5, Athletics 5; Senators 0; Yankees 5, Athletics5; Senators 6, Athletics 3; Athletics 5, Tigers 2; and Yankees 7, Red Sox 1.

4 District —

(Continued from preceding page)

THE 4 team All-Star tournament should give fans plenty of top baseball in the 2 days of action. Major League scouts have been sent programs for the affair and will be in attendance at Hinkley Field. The tournament is being presented as a feature of the 30th Annual Park Ridge summer festival.

Getting back to the local scene, Arlington picked up 2 wins and then dropped a 7-6 decision to Palatine in the inital contest of the consolation round Saturday.

Miller had everything his own way, July 25, as he set Berwyn down, 8-0, with a neat no-hit performance, including 8 strikeouts and 4 walks. The no-hitter was the third Bobby has been involved in this summer and the seventh of his carrer which dates back to Little League play in Lebanon, Pennsylvania.

Larry Webber sparked the Fords' attack with 3 hits, including a home run, and 3 runs batted in. Meinken added 2 singles to the 11 hit attack.

Johnny Oberg followed Miller's pattern for 5 innings the following night with a no-hitter going against Berwyn before yielding a single past third. Pat Brownell finished up and experienced some trouble with 2 runs scoring in the sixth frame but Heights won, 5-2.

* * *

THE LOCALS started off in impressive fashion against Berwyn's John McCook, the lone pitching representative from the strong Berwyn A team on the All-Star squad. Brownell got on via a two base error and he went to third on a wild pitch. Vittum cracked a single to left, driving in Brownell with the first run. Meinker walked but was forced at second on Jerry Klement's fielder's choice. Al Sander drilledasingle to center scoring Vittum with the second run, then Webber got on on a fielder's choice with Sander forced at second. The uprising ended after Lee Magnuson rapped a long double to left field, scoring Klement and Webber.

Webber's single to short tallied Meinken with the final run in the third. Magnuson and Vittum had 2 hits each for game batting honors.

Saturday at Palatine the Fords, minus Vittum and Klement, couldn't overcome a 4 run Palatine second and they fell, 7-6. Brownell started on the hill for the locals with Miller relieving and taking his third loss due to an unearned run in the sixth.

Comets, Angels, Millers, Dons Cop Minors' Crowns

The Comets, Dons, Millers, and Angels reign as champions of the Arlington Heights Minor Leagues!

In four of the tightest division races on record these 4 clubs captured league titles with the Dons using a slump by the Stars to gain a 3 game margin at the season's conclusion. This margin represented the largest division between a first and second place club. The Comets ended up a half game in front, the Millers held a 2 game margin, and the Angels finished in a first place tie before dumping the Spartans, 12-4, in a playoff.

In the final report of the season 6 games were played in the Northside Intermediate loop. The Comets topped the Saints, 3-1; the Bruins edged the Broncs, 10-9; the Redbirds slipped by the Colonels, 7-5; the Redbirds walloped the Bruins, 16-8; the Saints dumped the Colonels, 7-4; and the Broncs defeated the Redbirds, 11-3.

* * *

FIVE GAMES were played in the Southside Intermediate loop with the Dons and Solons each picking up a pair of victories. The Solons used a 5 run fifth frame to top the Stars, 8-6, and they crushed the Stars, 16-5, with a 10 hit attack as Quigley gained the victory. The Dons dumped the Seals, 9-3, and blanked the Seals, 5-0, with Walter Lips hurling a 1-hitter. In the other league contest the Seals blasted the Solons, 15-9, July 23.

The final report from the Northside Juniors league finds the Gophers highlighting the play with their first win of the season, a 12-11 affair over the Blues. Jasper picked up the win as the Bisons stopped the Badgers, 7-4, July 23, as both clubs collected 9 hits. Herr gained the mour victory as the Millers out-slugged the Gophers, 16-12, and Grom walked off with the decision in the Millers' 13-9 triumph over the Badgers. The Blues threw a 12-0 shutout at the Sox, July 25.

The Spartans and Buckeyes put on the most impressive offensive shows in the final reports from the Southside Juniors with 22 run outbursts in 22-12 and 22-11 victories over the Padres. The Angels routed the Spartans, 12-5, though getting only 4 hits and the Oaks crushed the Beavers 18-4 though failing to get a single base hit! Figure that one out.

L-Nor Cleaners, Whitton Realtors In Paddock Golf

First complete entry for Paddock Publications Inter-League Handicap golf tournament August 19 was received Monday night with L-Nor Cleaners of Arlington country club league making the berth.

The cleaners moved from fifth to first in the past 6 weeks, displacing Wheeling Lumber in a red hot battle last week. Bill Wilson showed the way with a 35 Friday night, needing every stroke to edge his opponent of Grigsby-Allison, Meredith, who shot 37.

Others on the team include Lou Sadecky, Vern Sauer and Red Kastner.

WHITTON REALTORS will represent the Mt. Prospect Monday league. The realtors edged Ryan Bros. for the honor by 4½ points. Golden Delicatessen was another 4 points back.

For both Whitton and L-Nor it will mean repeat performances. The realtors finished fifth in '51 and first in '52. The cleaners had entries in 2 different leagues in 1950, placing sixth and seventh, and finished sixth in 1954.

Glueckert's Lounge held a 3½ point lead over Rapp's Big Freeze going into Wednesday night's competition of St. James league at Rob Roy.

Five teams are still in contention for the Paddock Tournament berth from the Arlington Heights Twilight Golf League at Mt. Prospect Country Club. With 1 night left of action before qualifying a team, Black's Memorial Home, Dunteman's Dairy, Lohr's Pharmacy, Schiller Carpet, and Jahn's Fire Protection Service are all in good position for the berth.

IN OLD ORCHARD Scratch league Cork & Bottle could still lose their lead this week and fail to qualify for the tourney. The series of circumstances which would bring this about would be M. W. Kamps Signs gaining 5½ points from Webber Paint while Cork & Bottle is being held to less than 1 point.

Only 1 point separated the top 3 teams in the Rob Roy golf league but the team on top after Tuesday's play which will represent the league in the Paddock tourney was Prospect Heights Pharmacy. The hero for the Pharmacy was Kiehl who gained the team's only ½ point in an 8½-½ loss to Jacobs Hardware and his tally was the slim margin by which the Pharmacy edged Prospect Heights Variety Store for the berth.

Team "A", which clinched the Paddock tournament berth last week, continues to maintain a commanding lead in the Arlington VFW league with an 11 point margain over team "D". Bowes Motors is still the pace-setter in the Roselle League with 98 points to runner-up Paul's Grove's 93½.

The biography, 12 medals and a dozen golf balls, to be given for low individual net, have been on display in the window of Mueller Stationery in Arlington Heights the past week. The display will be moved to Sundberg's Men's Store this coming week.

ELIGIBILITY DATE for the tournament is this Saturday, Aug. 4, with first place teams as of that date copping berths in the tourney at Roselle golf club Sunday, Aug. 19. In event of ties or other disputes within leagues, final determination of just which team enters the tournament will be left up to league officers.

Deadline for entries is Saturday, Aug. 11. It is hoped league secretaries will turn in as many complete entries as possible by Tuesday, Aug. 7, for promotion purposes. Posting of actual foursomes, including just who will tee off with whom, will be made in Aug. 16 edition of the sports pages. Tournament managers Bob Paddock and G. A. McElroy will pair golfers according to handicaps with no teammates competing together.

O'Hare Midgets' Event Aug. 10

by BUD BOOTH

One of the greatest star-studded fields of mighty midget race cars ever assembled in the midwest under the open competition banner will compete in the midseason championship program scheduled Friday evening, August 10, at O'Hare Stadium, Mannhiem and Irving Park rds.

The title competition will be highlighted by no less than two feature events - one contested at the grueling 50 lap distance and the other scheduled to run for 25 laps. It is all expected to be another great battle pitting the famous Offenhauser cars against the surprising Ford-powered midgets.

* * *

HEADING THE Offy lineup will be such "name" drivers as Rib Hare, Byron Fisher, Jim Haynes, Duke Norman, Bob Ellingham, Lloyd Janke and Ernie Zartler, all of the Chicago region, and Eddie McVay and Bill Chennault, both hailing from down Kansas City way.

They'll be driving hard and fast to hold off the challenges of Ford drivers like Bob Tattersall of downstate Streator, Billy Wood of Kenosha, Tony Saylor of Joliet, Owen Snyder of Madison, Wis., Chicagoans Johnny Meyers, George Sellery and George Mack and a score of others.

O'Hare Stadium is also the scene of thrilling late model stock car races every Thursday and Sunday evening. Time trials for all events at the new highly banked asphalt speedway begin at 6:30 p.m. with competitive action beginning at 8:30. There are ample off the road parking facilities.

Tri-City Ladies Golf

Mt. Prospect Country Club holds a 5-point lead in the latest standings from the Tri-City Ladies golf league. Keefer's is settled in second with Ryan Brothers in third.

The league is sponsoring a husband-wife, 2-ball foursome, Sunday, August 5, at 3 p.m. with a buffet supper to follow. Georgia Lee Flanders is handling reservations.

Black's Still Leads Twilight Golf League

With one night left to decide which team will represent the Arlington Heights Twilight Golf League playing at Mt. Prospect Country Club in the Paddock Tourney, 5 teams are in good position to win the honor.

Although Black's Memorial Home is still in first place, Dunteman's Dairy, Lohr's Pharmacy, Schiller Carpet and Jahn's Fire Protection Service are all within 4 points of first.

In the coming week the first place team will play the third place team and the fourth place team will play the fifth place team. We expect to see some serious golf.

Last Friday Ken Fuhr had the low gross with a 36 and Stu Paddock had the low net with a 32. Ken birdied 3 and 5 and bogied, 2, 4, and 9 for the 1-over-par round. Other birdie shooters were Borgardt on 3 and 5, Otto on 11 and 12, Williams on 16, Lohr on 18, and Dobbelaere and Anderes on 13.

Pharmacy Gains Tournament In Rob Roy Tuesday Golf

Jacobs Hardware upset Brennan's Pharmacy team, 8½-½, in the Rob Roy Tuesday golf league. In the meantime Prospect Hts. Variety Store was trouncing Hartman House, 8-1. The hero for the Pharmacy team was Kiehl who gained the ½ point by tying low individual net. Kiehl's ½ point averted a 3-way tie for first place and gave Prospect Hts. Pharmacy the nomination for the Paddock Tournament. Leading the hardware team's victory was Bob Lee with a 39. Art Orwiler set the pace for the Variety Store with a 37.

Representing the pharmacy team in the tourney will be Stan Fill, Prospect Hts., Hans Adler, Chicago; Johnny Brennan, sponsor, Prospect Heights; and Lou Kazmierczak, Prospect Heights. This team dominated first place on 11 of the 14 weeks the league played. Four weeks remain to be played so it remains to be seen whether or not they can overcome a jinx that has been handicapping teams for years. Teams going to the Paddock Tourney have only once been able to finish the season in first place.

Results: C. P. Floor 7, Michaels IGA 2, Service Station 0, Park Ridge Stop & Sock 9; Variety Store 8, Hartman House 1; Kirchhoff 5, Dunteman's 3; Jacobs Hardware 8½, Pharmacy ½; L-Nor 5, Gunnells 4; Ehler & Wenborg 8, Smith & Dawson 1.

L-Nor Cleaners Captures Paddock Tournament Berth

L-Nor Cleaners, who have been coming up fast, clinched the Paddock tourney berth in Arlington's Friday night golf league.

It's been a tough fight from fifth place 6 weeks ago to the top for the Cleaners. The powerful Wheeling Lumber team did not give up too easily but L-Nor took 29 out of a possible 36 points—twice taking 4 points from the Lumber and Coal boys during the hot spurt.

Friday night the cleaners were red hot and it's a good thing they were, as Grigsby-Allison's boys did some fancy shooting. Bill Wilson shot a par 35 but could do no better than halve his match with Meredith who had a very neat 37. The 3 remaining matches were 1 up affairs, the cleaners taking 2 and Weining low gross and low net for 4½ points.

* * *

SECOND PLACE Wheeling Lumber could do no better than split 6 points with the surprising Prospect Hts. Pharmacy.

Bud Haut came through with his usual good game, a solid 36 to beat "Red" Steingraber 1-up on the last hole. Good shooting by both teams made this a good match.

Riviera Tavern slipped into 3rd place, ½ point ahead of Arlington Floor by taking 4 points from Sylvia Flowers. Stu Sage, captain of the River Boys, had a 39 to lead both teams.

* * *

JIM CAMERON, who is Mr. Arlington Floor, shot a 39 for his team but ran into a very tough Arlington Furniture club. Both teams ended up with 3 points.

* * *

UNION HOTEL, led by Grandstaff who shot a 38 gross, 31 net, took 4½ points from the Gunnell Lanes to move up to sixth only a ½ point behind Gunnells.

Arlington Pharmacy and Webber Paint ended all even, each taking 3 points. Bob Carr moved up to the No. 1 spot and came through with a win over LaStarge. Two matches were halved and Potts beat Haseltine 1-up to complete a night of good shooting.

Par really took a beating in Friday's play as 16 birdies were recorded. Leading the onslaught with 2 birdies were Bud Haut, Ross Meridith, and Bill Wilson. Voight, Carr, Tebarek, Walters, Kehe, Grandstaff, Hertle, Mukahirn, LaStarge, and Steingraber had 1 each.

Low gross went to Bill Wilson with a par 35 and Cesario took honors with a net 30.

Wheeling Golfer Helps Win Tourney

T/Sgt. Arthur E. Nendze of Wheeling played winning golf 2 weeks ago in 85th air division tournament at Washington, D.C., competing with the team that copped the event.

Eight squads of golfers competed for trophies and honors at Andrews air force base, with Nendze a member of headquarters squadron foursome. Brigadier General Emmet F. Yost presented the trophies to winning team members, including Nendze. (Sp

All-Star Grid Classic Aug. 10

WLS will broadcast the 23rd annual all-star football game between the college all-stars and the Cleveland Browns, direct from Soldier Field, Chicago, starting at 8:30 p.m. on Friday, August 10.

The college all-stars, under the leadership of head coach Curly Lambeau, are already in training for the big game on the Northwestern Univ. campus. The Big Ten is well-represented with 9 players from 6 schools on the roster this year, including the smallest man on the squad, Howard (Hopalong) Cassady of Ohio State, who is just 5 ft. 10 in. in height. The others are Quarterback Jim Haluska and Tackle John Dittrict from Wisconsin; Quarterback Jerry Reichow and Halfback Ed Vincent from Iowa; Tackle Bob Skoronoski from Indiana; Quarterback Earl Morrell from Michigan State and Tackles Joe Krupa and Dick Murley from Purdue. Biggest man on the team is Tackle Dick Klawitter, a Chicagoan from South Dakota State, who stands 6 ft. 6½ inches and weighs 279 pounds.

In the past 22 contests the professional champs have won 13; the collegians 7; and 2 have ended in ties. Coach Curly Lambeau directed his All-Stars to a 30 to 27 victory over the Cleveland Browns last year. This will be The Browns third appearance. In 1951 they ran wild over the All-Stars with a score of 30 to 0, and they are determined to wipe out last year's defeat with a rousing victory on August 10. With Coach Lambeau and his boys equally determined to make it 2 victories in a row, this game promises to be one of the most exciting in the history of these annual classics. (Sp

Cork & Bottle Nears Golf Tourney Berth

Cork & Bottle could lose their lead this week in the Old Orchard Scratch league and fail to qualify for the Paddock tourney if M. W. Kamps Signs can muster together 5½ points which seem a certainty because of vacations on the Webber Paint team. Cork & Bottle, playing Stewart Floor, must be held to less than 1 point to have this come about.

Last Friday Cork & Bottle playing Stewart Floor halved their points with wins by A. Griffith over Stewart Jr., 2 to 1, and B. Lee over D. Hamburg, 3 up. Stewart Floor collected their low score point with C. Miller's superb playing on the last 2 holes to come in with a 35. On the seventeenth a 4 iron second shot put him 10 feet from the pin for a birdie and on the eighteenth a chip shot from the edge of the green into the cup gave a birdie to win 1 up. Stewart Sr., playing against T. Foy, halved his match on the last hole.

State & Rand almost closed out Parkway by winning 5½ points to put them back into 3rd place from 6th. S. & R. had 3 wins and 1 tie with L. Arnold winning the low score point. The tie was between Hornbostel and Hugo which went to the last hole with Hugo 1 up. Other wins for S. & R. were by L. Arnold, H. Kamps and B. Knight.

Peterson Floor collected 5 points to jump them from 7th to 6th. C. Berlin won the last 3 holes on the front 9 playing against W. Rolfs to win his match, 2 and 1. Wins for Peterson Floor were made by M. Michgelson, and F. Matyas.

Twenty-four players fashioned scores in the thirties in the league.

Through the Oven Door by your **Ceresota REPORTER**

Like your pie crust extra crisp?
Just when the pie is ready for the oven, try brushing the top ever so lightly with cold milk.

* * * * *

Salt and shortening. If you use vegetable shortening where the recipe calls for butter, add a pinch of salt to make up for the amount you would have had with butter.

* * * * *

Many people ask us how we can call Ceresota flour UNBLEACHED when it is so snowy WHITE. The answer is: Ceresota is NATURALLY white because it is never rushed out to stores immediately after milling.

Unlike bleached flour, Ceresota is allowed to take its own sweet time to mellow and take on natural whiteness in its own good way.

Of course, this requires more storage at the mills and costs more. But you pay no more. And the difference in baking (and eating) qualities is well known to every Ceresota user.

* * * * *

Easy way to remove food particles from rendered fat.
Just pour small quantity of cold water on it. Food particles sink to bottom, fat rises to top as it cools.

* * * * *

And now how about a cake recipe that really invites you to get out in the kitchen and let yourself go? Here it is—tested, proved, and every bit as good as it sounds.

GOLDEN GATE CAKE

Ingredients: 2 cups sifted unbleached Ceresota flour, 1 tablespoon baking powder, 1 teaspoon salt, 1⅛ cup sugar, ½ cup shortening, 1 teaspoon vanilla, 2 eggs, 1 cup milk, 3 tablespoons margarine, 2 cups sifted confectioner's sugar, ¼ cup orange juice, ¾ cup coconut.

Directions: Cream shortening and sugar until light and fluffy; add 1 egg and cream well. Add second egg and cream until light and smooth. Sift flour, baking powder and salt together. Add vanilla to milk; add ¼ of sifted dry ingredients and blend until batter is smooth; add ⅛ of liquid and blend in; continue adding flour and milk alternately ⅛ at a time until all ingredients are blended and batter is smooth. Pour batter evenly into lightly greased and floured pan or pans. Bake in 350 degree oven for approximately 30 minutes.

When cool, frost with Orange-Coconut Frosting: Cream margarine until soft; add sugar gradually thinning with orange juice to spreading consistency. Beat until smooth; blend coconut into frosting.

Or, if you prefer a simpler recipe, you might try this:
POUND CAKE

Ingredients: 2 cups sifted unbleached Ceresota flour, ¼ tsp. salt, 1 cup butter or other shortening, 1 cup sugar, 5 eggs, 1 tbsp. grated orange rind.

Directions: Sift together flour and salt. Cream shortening, add sugar gradually. Cream until fluffy. Add the eggs, one at a time, beating well after each. Add orange rind, sifted flour and salt. Beat until smooth. Bake in a greased and floured loaf pan (9 x 5 x 3 in.) at 325 degrees for about 1½ hours.

Hobo Summer In Europe

Old Amsterdam Delights Coed, Sees Famed Painting

(Nancy Emig of Arlington Heights, a senior at University of Illinois, is touring Europe this summer with a group of students. She is recounting her experiences in this current series of special articles.)

by NANCY EMIG

We all toured the Rizksmuseum in Amsterdam the other morning and saw the Rembrandt exhibit including his famous "Night Watch."

The thrill of seeing all "original" paintings is just beyond my power of description.

After lunching at the Cafe Internationale, we took a boat excursion through the canals in Amsterdam. The young girl guide spoke English, Dutch, German and French.

She told us that there are 410 bridges in Amsterdam covering an area of 80 miles. This is twice as many as are in Venice, which Hollanders jokingly call the "Amsterdam of the South."

The canals are approximately 30 ft. deep and there are 3000 house boats on them, some quite modern. They cost between 5000 and 10,000 guilders. A guilder is comparable to 25 cents so $2000 would purchase a very nice home.

After the boat trip, the guide took a student from the University of Wisconsin and me on a personally escourted tour through the town. We saw the Used Market where the people bring second hand things to sell and trade.

* * *

WE STOPPED to eat a fresh, probably uncooked, salted herring with onions and pickles since this week in the height of the herring season.

In the evening we walked around the town, stopping at an automat, the American Hotel for coffee, where we sat in the outside cafe. Then the Lido, a night spot, and finally the Famous Five Flies restaurant which was built in 1627. There we had salads which were served with little parasols and lighted sparklers on top. This was a nice coincidence because it was the 4th of July!

* * *

ON THE WAY BACK to our hotel (the A. T. V. A. which we later found out meant the Amsterdam Home for Laborers. We were the first women to be lodged there in 3 years) we met a native Dutchman.

We chatted for some time and he gave us an insight into the lives and feelings of his people. He said the Dutch liked the Americans and English because they appreciated their help and feel that they would protect Holland in time of need. The Dutch still feel very bitter toward the Germans since the last war and are constantly suspicious of their intentions.

Back at 1:30, we compared adventures, lit another sparkler for Independence, and sang songs. Tomorrow—off to Germany!

At Grant Park

The last two weeks of Grant Park Concerts, which come to a close Sunday, August 19, will have a guest conductor the internationally famous opera and symphony director Joseph Rosenstock.

Mr. Rosenstock is well-known to Grant Park Concert-goers who enjoyed his outstanding programs in 1951, 1952, 1954 and 1955. His first concert this season, Wednesday, August 8, will be a symphony program opening with Weber's overture to "Oberon" and following with "The Moldau," tone poem by Smetana, and Dvorak's "New World" Symphony.

'Pal Joey' Next At Music Theater

"Pal Joey," the Rodgers and Hart musical about a master of ceremonies in a broken-down Chicago south-side nightclub, begins at Music Theater in Highland Park Monday, August 6, running nightly through August 19.

The Broadway Hollywood cast is headed by Johnny Desmond, popular singing star, backed by June Carroll, Virginia De Luce and Jorie Remus. The Music Theater resident company of singers and dancers is on hand for the sophisticated musical, which is directed and staged by David Tihmar, musical direction by Leo Kopp and settings by Gerald Ritholz. Book is by John O'Hara, taken from a series of stories about the amoral M.C. which originally appeared in the New Yorker magazine. (BILL

Don't Spare The Rod, It Could Save Your Tree From Lightning

Spare the rod and you may spoil the tree.

The rod in this case is the lightning rod. And it's the surest way of protecting your trees against lightning damage, says M. R. Foster, field representative of the Davey Tree Expert Co.

Each year lightning, particularly in summer, takes a heavy toll among trees. A properly installed and grounded lightning conductor can turn those deadly bolts from the blue into harmless lights that pass in the night.

How about the installation? Don't you go climb a tree, the experts warn. Installation of lightning rods calls for plenty of experience and know-how. It's inadvisable for anyone but an expert to put one up.

If your trees are clustered, the tallest ones will be rodded. Trees around them will be shielded to some degree because of the "cone of protection" provided by a rodded tree. Th taller the tree, the wider its cone of protection.

There is little if any truth in the many superstitions that claim this or that tree is immune to lightning. The meager statistics available on lightning frequency indicate the most dominant species in any one location is most frequently struck, particularly if it is the tallest tree in that area.

And while destroying myths, it might be well to add there is no basis of fact in the old saying, lightning never strikes twice in the same place. Facts prove the very opposite. Lightning has been known to strike tall towers and steel buildings repeatedly and at least one tree of record has been struck four times.

So, with the season at hand for heavy electrical storms it might be advisable to call in the experienced tree man to check your rodding needs. (DL

VICTOR MATURE and Janet Leigh live a love-adventure that sets the Dark Continent aflame in Columbia's "Safari." The picture, with its scenes of savage splendor, was filmed in Africa in CinemaScope and Technicolor. The film starts Sunday at the Catlow Theatre in Barrington to open a three day engagement.

NOTICE OF PROPOSED CONSTITUTIONAL AMENDMENT

Pursuant to law in such case made and provided, public notice is hereby given that the following proposed amendment to the Illinois Constitution will be submitted on a separate blue ballot to the electors of the State of Illinois for adoption or rejection at the General Election to be held on November 6, 1956.

REVENUE AMENDMENT
Article IX

Sec. 1. The General Assembly may define and classify property for taxation, but all such definitions and classifications shall be reasonable and be based solely on the nature and characteristics of the property and not on the nature, characteristics, residence or business of the owner or the amount or number owned. All real estate shall constitute one class, except that lands used for forestry purposes and mineral rights in land may be classified separately. If any class of property is taxed by valuation, such tax shall be uniform as to the class.

Sec. 2. The General Assembly may levy or authorize the levy of such other kinds of taxes as it may deem necessary, which shall be uniform upon the same class of subjects within the territorial limits of the authority levying the tax, but shall not levy or authorize the levy of a graduated income tax.

Sec. 3. The property of the State, counties and other municipal corporations, both real and personal, and such other property, or part thereof, as may be owned by, or held in trust for, agricultural or horticultural societies, non-profit hospitals or schools, religious institutions, cemeteries, or charitable institutions and used exclusively for one or more of such purposes, may be exempted from taxation; but such exemption shall be only by general law. In the assessment of real estate incumbered by public easement, any depreciation occasioned by such easement may be deducted in the valuation of such property. This section shall not deprive the General Assembly of power to classify property for taxation as provided in section 1 of this Article.

Sec. 9. The General Assembly may vest the corporate authorities of cities, towns and villages with power to make local improvements by special assessment, or by special taxation on contiguous property, or otherwise. For all other corporate purposes, all municipal corporations may be vested with authority to levy and collect taxes subject to the restrictions of sections 1 and 2 of this Article.

Sec. 10. The General Assembly shall not impose taxes upon municipal corporations, or the inhabitants or property thereof, for corporate purposes, but shall require the corporate authorities to levy taxes for the payment of liabilities incurred under authority of law. Private property shall not be liable to be taken or sold for the payment of the corporate liabilities of a municipal corporation.

Section 13 of Article 9 of this Constitution is repealed.

Form of Ballot

The proposed amendment to Article IX will appear upon the constitution ballot in the following form:

PROPOSED AMENDMENT TO SECTIONS 1, 2, 3, 9, and 10 of ARTICLE IX AND FOR THE REPEAL OF SECTION 13 OF ARTICLE IX
(Revenue Amendment)

Explanation of Amendment

This amendment would revise Section 1 of Article IX of the State Constitution so as to permit the General Assembly to classify property for tax purposes, subject to the following restriction: (1) the classifications are to be based on the nature and characteristics of the property and not on the nature, characteristics, residence or business of the owner or the amount or number owned; (2) all real estate is to constitute one class, except that lands used for forestry purposes and mineral rights in land may each be classified separately; and (3) if any class of property is taxed by valuation, such tax is to be uniform as to the class.

This amendment would also revise and simplify Section 2 of Article IX, dealing with the levy of miscellaneous types of taxes, but would require such taxes to be uniform as to the same class of subjects within the territorial limits of the authority levying the tax. The levy of a graduated income tax would be forbidden.

Other changes are merely routine. This amendment revises Section 3 to require ownership or its equivalent—and not mere use—as a basis for exemption of charitable, religious, and other similar property from taxation. In addition, non-profit hospitals would be added to the list of institutions and purposes for which the General Assembly may grant tax exemption by general law.

Sections 9 and 10 would be revised to subject the taxing powers of cities and other local governments to the same restrictions as apply to the General Assembly. The language in regard to obligations of these governments would be broadened, requiring them to levy taxes not merely—as now—for "debts contracted" but rather for "liabilities incurred."

This amendment would, in addition, repeal obsolete Section 13, which was adopted in 1890 to authorize the corporate authorities of Chicago to issue Columbian Exposition bonds.

Yes	For the proposed amendment to Sections 1, 2, 3, 9, and 10 of Article IX of the Constitution and for the repeal of Section 13 of Article IX of the Constitution (Revenue Amendment).

Springfield, Illinois
OFFICE OF THE
SECRETARY OF STATE

I, CHARLES F. CARPENTIER, Secretary of State of the State of Illinois, do hereby certify that the foregoing is a true copy of the proposed amendment and the form in which said amendment will appear upon a separate blue ballot at the General Election to be held on the Sixth day of November, A. D., 1956, pursuant to Senate Joint Resolution No. 16, Senate Joint Resolution No. 30, and Senate Joint Resolution No. 32 of the Sixty-ninth General Assembly, the originals of which are on file in this office.

IN WITNESS WHEREOF, I hereunto set my hand and affix the Great Seal of the State of Illinois. Done at my office in the Capitol Building, in the city of Springfield, this 10th day of January A. D. 1956, and of the Independence of the United States the one hundred and eightieth.

Obituaries

Charles Weeks

Funeral services for Charles Weeks, 823 N. Dunton, Arlington Heights, were held Wednesday, August 1, in Black's Memorial home under the auspices of Illinois Commandery 72 Knights Templar. Interment was in Oakridge cemetery.

Mr. Weeks, a resident of Arlington Heights for 9½ years, was a retired sales engineer for General Electric. He was past commander for Illinois Commandery 72 Knight Templar, member of the Adonian council 95 R and SM, high priest, Columbia chapter 202 RAM and Loyal lodge 1007. He was born June 13, 1883 in Streator and died July 29 in his home.

He leaves a daughter, Mrs. Genevieve Gleason of Iowa, formerly of Northbrook; a sister, Mrs. Borden Calhoun and a brother, Edgar L. Weeks. His wife, Mildred, preceded him in death.

Frank W. Schultz

Funeral services for Frank W. Schultz, 1036 Kensington rd., Arlington Heights, were held Monday, July 30, in St. John Evangelical and Reformed church with the Rev. J. Gerhard Meiners officiating.

Mr. Schultz died suddenly July 26 in his car at Belmont and Campbell sts., Arlington Heights. He was born January 14, 1888 in Germany. He had been an employee of Bowman Dairy for 45 years and for 25 of those years, he was plant manager of the Mayfair plant in Chicago. At the time of his death, he was supervisor of all Bowman plants.

Mr. Schultz married Emma Moede in 1911 in McHenry county. Besides his wife, he leaves his children, Clarence and Erma Kraenzel, both of Arlington Heights, also Clara Moede of Chicago, 7 grandchildren and 3 brothers, Charles, Albert and Herman.

He was in state at the Lauterburg and Oehler chapel in Arlington Heights. Interment was in Memory Gardens cemetery.

Milton A. Frantz

Milton A. Frantz, 758 Deerfield rd., Deerfield, died suddenly July 29 at Barrington Park camp in Barrington. He was born February 23, 1884 in Deerfield and had been a resident of Deerfield all his life.

He owned his own plumbing business in Deerfield for 37 years and was a charter member of the Deerfield chamber of commerce, vice president of the Deerfield Park Board association, a member of Deer lodge 1101 AF and AM and a member of the board of Barrington Park camp meeting association.

Mr. Frantz leaves his wife, Pearl; a daughter, Olive; a brother, Arno of Florida; 2 sisters, Mrs. Edna Keift of Northbrook and Mrs. Lillian Lemmel of Chicago. Another sister, Mrs. Beulah Antes, preceded him in death.

Funeral services for Mr. Frantz were held at 2 p.m. July 31 at the Bethany United Brethren church in Highland Park with the Rev. Alvin P. Johnson officiating.

Burial was in North Northfield cemetery.

Funeral services will be held Thursday, Aug. 2, at 1:30 p.m. at the Lauterburg and Oehler chapel in Arlington Heights for Harold H. LeGros, 2106 Jay lane, Rolling Meadows. Mr. LeGros died Sunday, July 29, on arrival at Hines Veterans hospital. He was born July 6, 1894 in Chicago.

Mr. LeGros was an employee of the Continental Illinois National bank of Chicago for many years. He was a member of the Continental Illinois bank post 383, American Legion. He leaves his wife, Amalia; a daughter, Mrs. Doris Mae Rowan of Arlington Heights, 2 grandchildren, Jackie and Lynne and his son-in-law, John Rowan.

The Rev. Charles Will will officiate at the service and burial will be in Chapel Hill Garden West cemetery.

Lewis E. Ashman

Lewis E. Ashman, 765 Kipling pl., Deerfield, died in Presbyterian hospital, Chicago, July 23. He was born March 17, 1889 in New Troy, Mich. and was buried in that city. Services were held at 10 a.m. July 27 in the Lauterburg and Oehler chapel in Deerfield with Reader Mrs. Eda W. Mooers officiating.

Mr. Ashman was the founder of the accounting firm that bears his name at 105 S. La Salle st., Chicago. He was president of the Illinois Society of Certified Public Accountants in 1927 and '28, also vice president of American Institute of Accountants in 1938 and '39, a member of the executive club of Chicago, the Union League club of Chicago, Deerfield lodge 1110 AF and AM, a member of the Shrine, the Knights Templar and Medinah temple.

He leaves 4 children, George L., Jane, Mrs. Barbara A. Weckerley and Martha Green.

Max Tyma

Requiem mass for Max Tyma, who suffered a fatal heart attack at his home, 200 N. Elmhurst rd., Prospect Heights, July 24, was celebrated at St. Hyacinth Roman Catholic church July 28, 11 a.m. Employees of the Commonwealth Edison company served as pallbearers.

He leaves his wife, Clara, and daughter, Maxine, 13.

Deceased lay in state at Kowaczek funeral home, 3630 W. George st., Chicago. Members of West End Post 2004, Veterans of Foreign Wars, posted honor guards.

Interment was at St. Adalberts cemetery, Niles, with full military honors supplied by the Commonwealth Edison American Legion Post 118 under the supervision of Albert Churchill and Chester Ornas.

Tyma was active in both veteran organizations and was a member of the Modern Woodmen of America. He had been an electrical engineer for the Commonwealth Edison company for 30 years. During World War I he served as electrican's mate aboard the United States Missouri.

Suzanne L. Buckholz

Funeral services for Suzanne L. Buckholz, 10-month-old daughter of Mrs. Patricia J. Buckholz and the late Robert O. Buckholz, were held July 30 in Black's Memorial home with the Rev. Martin Bangert officiating. Interment was in Memory Gardens cemetery.

The baby was born September 20, 1955 and died July 25 in Portland, Ore. where she had been residing with her mother. The family formerl ylived on Kensington rd., Arlington Heights.

Besides her mother, the baby is survived by a brother, Scott Henry, her grandparents, Mr. and Mrs. Henry Grill of Portland, Ore. and Mr. and Mrs. Paul Buckholz of Arlington Heights, and 3 great grandparents, Mrs. Lenora Rankin, Mrs. Anna Buckholz and Mrs. Mae Verschoore.

Henry C. Koenig

Henry C. Koenig, late resident of 32 N. Belmont, Arlington Heights, died July 30 in St. Joseph hospital, Elgin, at the age of 82. Mr. Koenig was born in Elk Grove township April 29, 1874. He was confirmed in St. Peter Lutheran church, Schaumburg, where in 1909 he was united in marriage to Lena Moeller by Rev. Theis.

The couple made their home in Schaumburg from 1909 to 1948 when they moved to Arlington Heights. Mr. Koenig leaves his wife, Lena; 3 sons, Henry F. and Edward W. of Schaumburg and Reinhard of Arlington Heights; a daughter, Mrs. Edna Walter of Arlington Heights and 7 grandchildren.

Funeral services were held at 2 p.m. August 1 in St. Peter Evangelical Lutheran church, Schaumburg, with the Rev. Frederick Hertwig officiating. Black's Memorial home was in charge of arrangements and interment was in St. Peter cemetery, Schaumburg.

Mrs. Signe D. Morris

Funeral services for Mrs. Signe D. Morris, nee Hawkonsen, late resident of 914 N. Walnut, Arlington Heights, will be held Thursday, August 2, at 1:30 p.m. in Black's Memorial home. The Rev. S. Nelson Ringsmuth will officiate and burial will be in Acacia Park cemetery.

Mrs. Morris, 65, died in Elgin and had moved from Chicago to Arlington Heights 6 months ago. She leaves her husband, Max; a daughter, Mrs. Carol J. Chaney of Rolling Meadows; a grandson, Geoffrey D. Chaney; 2 sisters, Clara Schow of Chicago and Sylvia Schulte of Arlington Heights and a brother, Christian Hawkonsen of Chicago.

She was a member of the Palmer Square 910 EES of Chicago.

Herman Heimsoth

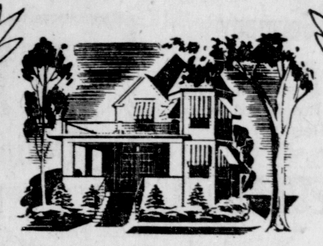
Herman Heimsoth of Arlington Heights, was buried in Elk Grove cemetery July 30 after funeral services at 3:30 p.m. in St. John Evangelical and Reformed church, Arlington Heights.

Mr. Heimsoth was born in Elk Grove township June 10, 1904 and had lived in the vicinity all his life. He died in Libertyville July 27 and leaves many relatives and friends.

The Rev. J. Gerhard Meiners officiated at the services which were arranged by Black's Memorial home.

Gate Down

Kansas City so far this season hasn't supported its Athletics the way it did last year, when the franchise was new there. Last year, according to Bob Addie in The Sporting News, Kansas City averaged 20,000 persons a game. This year, so far, it's down to 14,000. Even so, says Addie, it's an impressive figure for a tail-end club.



Exactly as you wish

No two services are exactly alike at the Lauterburg & Oehler Funeral Home. Some families prefer a simple tribute conducted for the immediate family alone. Others wish a more elaborate service including special fraternal rites or military ceremonies. Whatever you wish, you can be sure that the Lauterburg & Oehler staff is unequalled in facilities and personnel to plan and conduct services exactly as you prefer.

Mr. Stuart Paddock Sr.,
Paddock Publications
Arlington Heights, Ill.

Dear Mr. Paddock:

We have just completed the first year in our new location and the success we have enjoyed has been overwhelming.

When we made our move from Prospect Heights to our present location, I naturally viewed such an undertaking with fear and trepidations. Just recently my staff and myself sat down and analyzed the contributing factors to the business we now enjoy; we found we had many. However, it was the consensus of opinion, that the advertising placed week after week in Paddock Publications brought some 250,000 people to our place of business.

In view of that fact Mr. Paddock, I assure you that Rhodes Inc. will continue to use Paddock Publications as our main medium of advertising.

Very truly yours,
Maxine Rhodes

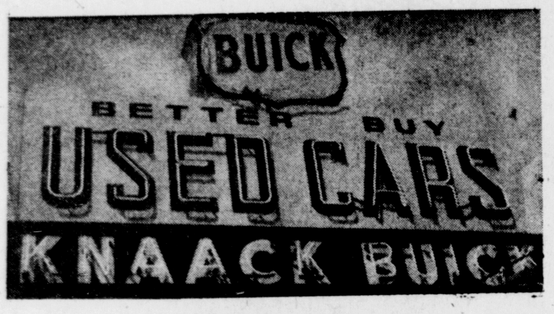
WHOA THERE!

HOW LONG HAS IT BEEN SINCE YOU'VE HEARD THAT EXPRESSION?
IT'S BEEN A LONG TIME FOR US TOO, BUT WE USED TO USE IT A LOT

We Started Thinking Back The Other Day and Discovered

We've Been A BUICK Dealer 20 Years AND An Arlington Heights Businessman 35 Years

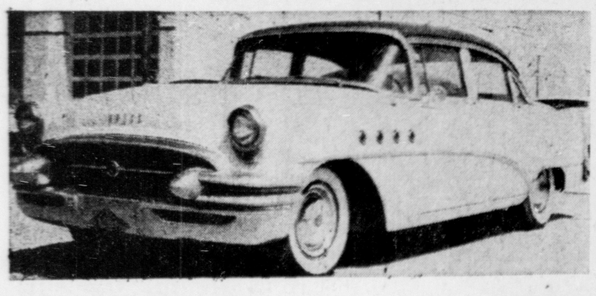
Listen to **THIS**



Something entirely new has just been made available for used cars. It's exactly like insurance except there is no amount deducted and paid by you before work begins. This policy covers all basic mechanical repairs, in bonafide franchised dealer repair shops anywhere in the country without competitive bids — everything paid for you.

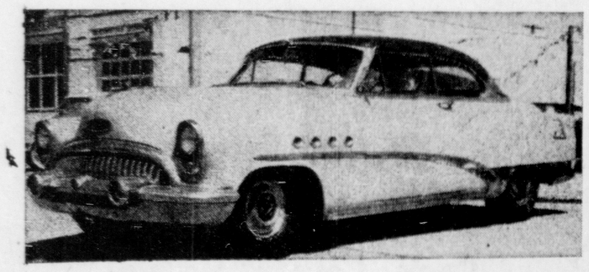
This is not a gimmick — an independent company comes out and inspects each car, makes sure it's perfect, and then issues a policy to cover repairs for one year. You can renew this policy if you'd like at the end of the year if the car isn't over four years old. This is actually better than a new car guarantee.

Here are just a few examples. We need cars so badly we've actually gone out and bought them from other dealers just for this sale.



1955 SUPER BUICK $2395
Full power, immaculate, with repair policy.

1953 ROADMASTER BUICK . . . $1295
A sharp car with power steering and brakes. With repair policy.



1953 ROADMASTER RIVIERA . . $1395
The custom touch of genuine leather and supple fabrics. Full power and repair policy.

1950 SUPER BUICK $395
A real sharp second car, was someone's only car a few days ago.

We think it's something to celebrate. And to help get acquainted with the many new people in the community, we have decided to make AUGUST the BIGGEST MONTH IN OUR HISTORY – by offering OUTRIGHT BARGAINS, LONG DEALS and LOW PRICES!

Dri-Tank Proves Popular With Public

A trademark registration has been granted Chicago Pottery Company for its exclusive Dri-Tank closet combination.

J. S. Clifford, president of the Chicago firm that manufactures plumbing fixtures, made the announcement as be reviewed progress of the recently-introduced product.

Dri-Tank is non-sweating because of a special construction feature unique with Chicago Pottery, Clifford explained. Double walls containing sealed air space insulate the inner water tank. This feature prevents dripping and resulting puddles that ruin bathroom flooring.

IT WAS ALL SMILES at the kick-off dinner of M-A-P Multiple Listing Service Monday evening, at Gunnell's. Left to right are: A. C. Peters, vice president; Stuart R. OFFICERS AND DIRECTORS of the Northwest Suburban Family Service agency met July 24 at the home of Mrs. J. Alton Reitzel, Algonquin rd., Arlington Heights. Discussion centered around the need for such a service in the fast-growing northwest suburbs. John Strong is the "guiding light" in this group of civic-minded citizens who are steering the new agency. Mr. Strong has disclosed that many requests for information and service have come to him since the first of a continuing series of meetings a few weeks ago. Purpose of the organization is to furnish marital counselling and afford advice and assistance on a professional level in various family problems. In the above photo, left to right, are Mrs. E. Raichert who is seated on arm of davenport, Mrs. G. Rudolph, Mrs. B. Robinson, Mrs. J. Reitzel and Mrs. S. Jurco. Standing are Mrs. G. Chapman, John Strong, Mrs. W. Aagaard and Mrs. G. Morgan. Members of the group announced that the most pressing need at the moment is for a larger board of directors. Ways and means were discussed for enlisting the aid and participating of civic-minded citizens in fulfilling this need. Interested persons are invited to call Mr. Strong at CLearbrook 5-5176.

IN THE SHADOW OF THE STEEPLE

Mesa Verde Tells Of Early Peoples

by WILLIAM McGILL

Mesa Verde may be the most unusual of our twenty eight national parks. While the others are planned to show off the works of nature, Mesa Verde is planned to display the story of early man on this continent.

The greatest developments of the cliff dwellers in America occurred at Mesa Verde. The park abounds with ruins, and it is estimated that there are hundreds more still undiscovered and unexcavated.

* * *

A FARMING people, originally lived and farmed on the mesa. Here they developed, through twelve centuries, the pit houses which evolved into pueblos. When harassment of one sort or another came, in the early thirteenth century, they moved down under the cliffs to build their pueblo-type structures under the overhang. Drought in the latter thirteenth century apparently forced them to quit the mesa and the cliffs. Their posterity seems to be in the present Pueblo Indians of northern New Mexico.

At the Mesa Verde National park every effort is taken to tell the story of the cliff dwellers, the mesa farmers. The ruins on the mesa are displayed with full descriptions of their place in the evolving architecture and culture. The ruins under the cliffs are seen only in the company of an "interpretive" ranger. These rangers are not simply "guides" who have learned "the spiel" and crank it out like a gramaphone. Each is an archeologist and student of Indian lore in his own right.

* * *

ONE OF these rangers (we never did learn his name or position at the park) presents a facet of Indian life and experience at the campfire almost every night. On occasion when some other students of Indian life are available, he invites them to make the presentation. For more than 25 years, this man has been studying the Indian peoples of the southwest. His talks are witty, instructive, and tremendously interesting as he stands at the campfire with a canyon stretching out behind him and (while we were there) a new moon sinking behind the mesa on the opposite side of the canyon.

We slept in the open at Mesa Verde. The altitude of this table land averages about 7,500 feet. I have never seen such stars in the southern sky. Most of my astronomy has moved from the Dippers out to overhead. But these reached down the other side of the seeming hemisphere. Constellations and stars were these which had heard named but had never seen. There were so many evident that it was hard to try to pick out these "new" constellations.

* * *

OF COURSE, there are mountains higher than the mesa, but there are none that tower over it in that area. Here, as nowhere, one gets the feeling that he is living on top of the world.

And one feels that here he is sharing an American heritage. Twenty centuries ago these people came into the southwest. Most of our ancestors had no more culture or social development in Europe at that time. Here a life was built, a life which shows a culture, an architecture, a plan of social living.

The Mesa Verde National park is dedicated to telling the story of that life of some of the earliest people on the American continent.

Often Misspelled

Modest (unpretentious); modiste (a dressmaker). Avoirdupois; six vowels, "oi" twice. Exaggerate; observe the two "g's." Miscellaneous; observe the "sc" and the "ll." Codicil; observe the "cil," and not "sil." 'Cession (a ceding); session (a sitting).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

INORDINATE; immoderate; excessive. "We must not allow our love of pleasure to become inordinate."

CYNICAL; disbelieving in the sincerity of human motives. "Why should she take such a cynical view of life?"

CREDIBLE; capable or worthy of being believed. "His story does not seem credible."

DISCRETION; cautious and correct judgment. (Pronounce the "e" as in "bet"). "He should use more discretion in managing his employees."

RESPLENDENT; shining with brilliant luster. "He was resplendent with medals."

PROCLIVITY; natural disposition or tendency. "The boy has a proclivity to steal."

Here's why you'll like DRI-TANK

Dri-Tank won't drip. Sealed air space insulates the permanent, inner water tank—prevents sweating and messy puddles . . . does away with stained and buckled flooring.

Dri-Tank comes in 6 decorator colors and brilliant white. Harmonizes with any color scheme . . . matches other bathroom fixtures.

Dri-Tank is tops in quality. Made in one piece with imported English China clay. All vitreous tank and bowl, with hard, acid-proof glaze that won't chip, crack, stain, or craze.

Dri-Tank ends tiresome mopping of messy puddles caused by hot weather "sweating" of plumbing fixtures.

SHELL OIL COMPANY played host to members of the press recently at the Edgewater Beach hotel, Chicago, with local officials of the company helping welcome the guests. At this table were Mr. and Mrs. Frank Reeve of Skokie, Mr. and Mrs. Stuart Paddock Jr., of Arlington Heights, Mr. and Mrs. H. O. Krass of Palatine, Mr. and Mrs. E. N. Quickert of Rogers Park. Standing, Mrs. R. L. Williams of Skokie and Bernard G. Ziv.

JOE FENNY, (2nd left) tool crib supervisor, proudly accepts his gold inscribed wrist watch honoring his 27 years with Illinois Tool Works from Vice President John F. Miller (1st left). Charles Jordan, (2nd right) General Foreman of the Cutter Dept., and John Tapper, (1st right) Works Manager, attended the presentation to offer their congratulations.

Joe came to the United States in 1923 from his birthplace in England where his work had always been in structural steel and ship building. He decided to change his occupation and took a job, which he felt would be temporary, with Illinois Tool Works. Joe chuckles when he tell the story now because this "temporary" job turned out to be his life's work.

Joe and Dorothy Fenny enjoy their home in Itasca and are frequently seen working together in their garden. They were in th same class at school in England and have been married for 41 years.

GI Bill, Other Vet Benefits Now Expired

The 12-year-old World War II GI Bill—a law that gave more than 450,000 Illinois World War II veterans a chance to catch up with the years taken out of their lives by military service—ended last week.

Another program—public law 16 vocational rehabilitation training for disabled veterans of World War II—also ran out. Under this program, VA figures show that more than 19,370 disabled veterans in Illinois were given a much needed "lift" toward self-reliant living.

* * *

THE VETERAN-trainee, however, will not vanish entirely from the American scene after today.

The Korean GI Bill, entering its fourth year, is just now getting into full swing. This fall, VA in Illinois expects nearly 45,000 Korea veterans to be enrolled in schools and training establishments under that law.

A small handful of World War II veterans will be allowed to continue their studies in the months ahead, the VA Office said. These are the veterans who enlisted in 1945 and 1946 under the voluntary recruitment act, as well as disabled veterans who haven't been able to begin or finish public law 16 training because of certain hardship conditions.

* * *

THE ORIGINAL GI Bill, known on the statute books as Public Law 346, 78th Congress, was enacted on June 22, 1944, while the war was raging at its bitterest in Europe and the Pacific. There wasn't much GI Bill training in those early days, for there weren't many veterans.

But once the war ended, the servicemen started coming home at the rate of 1,000,000 a month, GI enrollments mushroomed.

By the end of 1945, when demobilization was beginning to hit its stride, 11,000 Illinois veterans were taking GI training. A year later, the number had leaped to 102,000. At the end of 1947, it rose to more than 16,000, a record level. (BB

Sales Tax Nets Area $24,549 For July

The state treasurer's office has released the disbursement figures for Illinois cities and towns leveling the half cent sales tax. A total $3,582,665.19 was distributed to these municipalities during July, based on collections in April.

Northwest area suburbs receiving payments were: Arlington Heights $6,614.35; Barrington $4,910.24; Bensenville $2,957.01; Mt. Prospect $4,017.59; Palatine $3,598.24; Roselle $1,184.72; and Wheeling $1,267.68.

* * *

CHICAGO led the state in receipts and received a total $1,771,640.43 for the month of July.

Evanston received $45,364.70 and Oak Park $40,374.29. Des Plaines, now leveling the optional half cent sales tax, was not collecting it in April so was not included in the July figures. (BB

Systems Manager

Edward L. Hoppensteadt, 110 W. Center st., Itasca, has been named systems development manager of Allstate Insurance Company, Skokie. He previously has been service manager of the company's eastern zone.

Hoppensteadt joined Allstate in 1946 as an underwriter in the midwest zone office. He became underwriting manager of the Kansas City, Mo., regional office in 1947 and services manager of the eastern zone in 1955.

A 1935 graduate of Luther institute, Hoppensteadt studied economics at Northwestern university and the University of Kansas City. During World War II, he served in the army.

He and Mrs. Hoppensteadt have a son, Alan, 12. While in Kansas City, Hoppensteadt was active in the Little League association, the Mayor's Safety commission and the Lions club. (BB

Build an Orchard?

Yes, build an orchard.

And once we'd explained to our puzzled carpenter friend what we meant, he and several hundred other craftsmen pitched right in. Probably you've seen them abuilding in the 80-acre area at Skokie Highway and Golf Road.

What they're building is not just an orchard . . . it's OLD ORCHARD, the elegant new business district to serve all you folks from Waukegan to Chicago and clear out as far as Barrington and Grayslake.

Marshall Field's and The Fair both will be there . . . with full-scale department stores, not just country cousins of their big loop establishments. And more than 100 other establishments—and a bank, doctors' offices, restaurants, barber shops, beauty parlors and 6000 parking spaces . . . everything a business district needs.

We'll be back later to tell you more about Old Orchard.

NEEDLE in the GROOVE

by PAUL LITTLE

Organ, piano and violin are hardest of all instruments to reproduce with perfect accuracy, pitch and tone on discs and tape. Hence Boston Records' wonderful 12-inch discing of Max Reger's "Variations and Fugue on an Original Theme" (the first time this masterpiece has been committed to wax and grooves) as perfored on the fine wide-range organ of the Church of the Advent of Boston by the noted young American organist Phillip Steinhaus is welcome news indeed. First of all, it is a hi-fi rcording that will test to the utmost any home system.

Best of all, it serves to introduce us to the complex, brilliant and inventive idiom of a composer whose music has fallen into virtually complete neglect. Perhaps a reason is that his music is unusually long and very often intellectualized. But Reger had the profundity and technique of a Bach; he did not know how to prune economically. The score here is dramatic, poetic and imaginative, and Steinhaus' performance is dazzling. He includes excellently eloquent performances of the D Major Prelude and Fugue and the loftily beautiful Toccata, Adagio and Fugue in C Major by Bach. A superb disc!

WE ARE happy to announce the promotion of Goddard Lieberson to the post of president of Columbia Records. It is well merited indeed, for Mr. Lieberson for some years has been responsible for the wonderful programming of classical works on this outstanding label, as well as the production of all the firm's Broadway show albums. He it was who got Columbia to back "My Fair Lady," a brilliant maneuever that assuredly "paid off," for this delicious musical adaptation of George Bernard Shaw's "Pygmalion" (available on a single 12-inch album of highlights with Rex Harrison and Julie Andrews) is wontherful theatre.

But his most commendable achievement in the popular field has been to supervise the production of the first complete discing in record history of a complete Broadway musical: the choice was felicitous, for it was Frank Loesser's tuneful, warmhearted "The Most Happy Fella." This adaptation of the Pulitzer Prize-winning Sidney Howard play "They Knew What They Wanted" has Robert Weede at his finest in the role of the elderly California vintner who falls in love with a waitress' photo and, after many complications, wins her love. Jo Sullivan is an admirable Rosabella, and Shorty Lund and Susan Johnson as the comic lovers add to our delight. Tunes are many and memorable: "Standin' on the Corner," "My Heart Is So Full of You," the title song, "Rosabella." Magnificent reproduction gives you a front-row seat!(G

Q. When one does not believe in the custom of tipping, isn't it one's privilege to omit it?

A. Although there is nothing compulsory about tipping, still a person who tries to omit it must be hard-shelled enough to shake off the black looks he will receive from those who have served him, and the possible accusations of "stinginess."

Margaret Deering Is Bride Of T-Sgt. Albright

Miss Margaret J. Deering, daughter of Mr. and Mrs. Joseph Deering, 2101 Jay lane, Rolling Meadows, became the bride of T/Sgt Clifford Albright, U.S. air force, in a single ring service May 26 in St. Stanislaus B. and M. Catholic church, Chicago.

The Rev. Stanley Wasylik, S.R. officiated at the 11:30 a.m. service during which Mr. Deering gave his daughter in marriage.

For her marriage, the bride wore a white waltz-length dress of lace and tulle with a Sabrina neckline. Her chapel veil was held in place with a pearl and rhinestone tiara headpiece and she carried a white orchid with lily of the valley.

Leona Wisniewski was maid of honor wearing a pink lace and tulle ballerina-length gown. She carried white carnations with pink tea roses. Both she and the bride wore white eyelet shoes.

The bridegroom, son of Mrs. Harriet Albright of Huron, S.D., was attended by Joseph Deering, brother of the bride.

A wedding dinner was served to 40 guests at the Rathskeller in Chicago. Both Mrs. Deering and Mrs. Albright received in blue print dresses with star-shaped corsages of white carnations.

After a honeymoon in Wisconsin, Minnesota and South Dakota, the couple is now at home at 1135 Lunt ave., Chicago, apartment 305. The new Mrs. Albright is employed by the U.S. Army, Corps of Engineers, Merchandise Mart, Chicago, while her bridegroom is a radio mechanic stationed at the Reserve Center, Jackson blvd., Chicago.

Donald Schroeder Takes Bride In New York

Friends and relatives of Donald K. Schroeder, 24 N. Benton, Palatine, traveled to East Aurora, N.Y. for his marriage to Nancy Brooks, daughter of Mr. and Mrs. Kenneth E. Brooks of Lancaster, N. Y., July 15. The bridegroom is the son of Mr. and Mrs. Henry J. Schroeder, Palatine.

The Rev. Victor Neeb officiated at the double ring service which was held at 7:30 p.m. in Immanuel Lutheran church in East Aurora. Nuptial selections were "Let Us Ever Walk with Jesus" and "The Lord's Prayer." White gladioli and mums with lily of the valley decorated the church.

Entering the church with her father, the bride wore a floor-length gown of nylobrode over taffeta fashioned with fitted bodice and scalloped hemline. Embroidery in a vine design and irridescent sequins trimmed the gown. She wore a fingertip veil of imported illusion with a seed pearl cap studded with tiny rhinestones. Eucharis lilies with lily of the valley made up her bridal bouquet.

The bride's sister, Mrs. Harold Dobstaff of Mentor, Ohio, was matron of honor and bridesmaids were Mrs. Herbert Reiman of Lackawanna, N. Y. and Mrs. Lorraine Coon of Palatine. All wore identical ballerina gowns of aqua crystalette. Mrs. Dobstaff carried yuletide roses and the bridesmaids carried briarcliff roses.

Wayne Schroeder, brother of the bridegroom from Palatine, was best man and ushers were the Rev. Harold Dobstaff of Mentor, Ohio, Dean Greener of Palatine and Kenneth Brooks of Lancaster.

A reception for 125 guests was held at the Roycroft inn in East Aurora where buffet dinner was served. Mrs. Brooks received in a rose lace dress with white accessories and a corsage of yuletide roses. Mrs. Schroeder was in a blue figured nylon dress with white accessories. Her corsage was also of yuletide roses.

Mr Schroeder and his bride honeymooned for a week at Milford Manor, Lake Muskoka, Ontario, Canada and as of August 1, are residing in St. Louis where the bridegroom is attending Concordia seminary. He also studied at Concordia college in Milwaukee. The new Mrs. Schroeder studied pharmacy at the University of Buffalo and was employed at Niagara Falls Memorial hospital until her marriage. She will now be associated with Deaconess hospital in St. Louis.

Doll Exhibit Earns Cash for Handicapped

A cash gift was turned over to the Chicago Doll Collector's club as a result of the recent doll exhibit given by Mrs. C. H. Mills in her Stonegate home in Arlington Heights. Mrs. Mills is a longtime active member of this club.

Project of the club is the ward for handicapped children at Illinois Research hospital. The club supplies permanent gifts as well as Christmas gifts for 150 children.

Mount Prospect Collector Exhibits Buttons In Show

Mrs. H. W. Carlson, 307 S. Wille st., Mt. Prospect, will be one of the exhibitors displaying collections of buttons in the Randolph st. corridor of the Chicago public library during August. The collection may be seen Monday through Friday from 9 a.m. to 9 p.m. and Saturday from 9 a.m. to 5:30 p.m.

Mrs. Carlson is a member of the Chicago Area Button society, sponsors of the exhibit.

Every art, industry and calling, every trade, profession and pursuit is reflected in buttons. Button history touches every craft and profession within the arts and sciences, both fine and liberal. Every invention, pursuit, and all the frills, foibles, and modes of every age are reflected in buttons.

Earliest button collectors were men and before 1820 about two-thirds of the buttons were made for the use of men. Captain Kidd, the pirate, used to adorn his clothes with gold and silver buttons and there were many others who followed suit. A man with a suit embellished with 20 gold and 60 silver buttons was not likely to go broke but he did run the risk of having some rascal slice the precious buttons from his clothing.

Buttons may have been introduced by Crusaders upon their return from the Near East during the 13th century. Ornamental buttons and studs were made of gold, silver, gem stones and ivory and were the property of the nobility. According to royal decree, lesser classes of society were permitted to wear or use cloth—and thread-covered buttons.

Buttons were made of glass, pewter, wood, bone, leather, fabric, enamel and a dozen other materials. Some of the enamel buttons are unbelievably beautiful and are much sought-after by collectors. A costume that belonged to Mary Queen of Scots used 80 gold buttons ornamented with black and white enamel, each set with a pearl. However, glass buttons probably outnumbered all of the others for glass in almost every known form and type and produced by every known process, has been used in the making of buttons. Queen Victoria was largely responsible for the great boom in the manufacture of black glass buttons because she wore garments trimmed with buttons made of black jet, which is actually considered a gem. This vogue for jet and black glass buttons lasted for almost 30 years.

Jeanette Cook Becomes Mrs. Joseph Mankawich

In an 11 a.m. high mass July 21 in Santa Maria Del Popolo, Mundelein, Miss Jeanette Rose Cook, daughter of Mr. and Mrs. Vernon T. Cook, 217 Williams ave., Palatine, and 2nd Lt. Joseph D. Mankawich, son of Mr. and Mrs. Joseph Mankawich of Mundelein, repeated marriage vows before the Rev. Peter Meegan.

Baskets of white gladioli and crystanthemums decorated the church for the double ring service during which Mrs. E. Beauvals served as organist.

The bride was given in marriage by her father and wore a gown of colonial design by Cahill of New York. The gown was made of white silk bombazine with white velvet ribbon trim and lace medallions on the full-length hooped skirt. Her fingertip veil was held in place by a tiara of seed pearls and lace and she carried a white orchid and stephanotis on a prayer book.

Mrs. Helen Heidemann of Lexington Park, Md., sister of the bride, was matron of honor and wore a blue crystalette waltz-length gown with scoop neckline. She also wore a picture hat and carried a basket arrangement of happiness roses, pink snapdragons and mums.

Miss Judith Mankawich of Mundelein, sister of the bridegroom, and Miss Marilyn Cook of Palatine, sister of the bride, were bridesmaids, wearing gowns identical to the matron of honor's gown. Their basket arrangements were pink lady roses, pink snapdragons and mums.

Ralph Fritsch of Libertyville was the best man to the bridegroom and Glenn Snyder of Mundelein and Donald Wilson of Chicago were ushers.

Following the service 80 guests were entertained at the Country Squire in Grayslake and also at an open house at the home of the bride's parents, Mrs. Cook received in a power blue lace dress with blue accessories and a pink tea rose corsage. Mrs. Mandawich was in a beige silk dress with matching accessories and a corsage of yellow roses.

Lt. Mankawich and his bride honeymooned in New Orleans for 2 weeks and will be residing in Miami, Fla. where the bridegroom is stationed with the marines. His bride was graduated from Palatine township high school and until her marriage was employed at Illinois Bell Telephone Co. in Arlington Heights. Lt. Mankowich was graduated from Libertyville high school and Northwestern university.

Mr. and Mrs. Robert E. Wolf, 119 S. Evergreen, Arlington Heights, welcomed their first son, Robert Ernest Jr., July 7. The baby was born in Resurrection hospital weighing 7 pounds 15 ounces. He has a little sister, Roxanne, 19 months. Grandparents are Mr. and Mrs. Stanley Buschness of Chicago and paternal grandmother, Mrs. Lillian Wolf of Mt. Prospect.

Getting Along

Resolve not to criticize people but rather try to understand them.

Marilyn Archibald And Robert Green Marry

The marriage of Miss Marilyn Kay Archibald and Robert Green was solemnized at 4 p.m. Saturday, July 28, at the Baptist church, DeKalb. Officiating at the small informal double ring ceremony, was the Rev. Mr. Huntwork, pastor of the Baptist church.

The bride's parents are Mr. and Mrs. T. L. Archibald, Vista rd., Arlington Heights, and the bridegroom's parents are Mr. and Mrs. Charles rGeen of DeKalb.

The bride wore a light-beige, raw-silk sheath dress, matching hat and black patent leather pumps. Her corsage was a white orchid flecked with purple.

Miss Ann Hollander of Atlanta, Ga., was the bride's only attendant, and she chose a light-blue cotton 1-piece dress for the ceremony, and her corsage was of white roses. Serving the bridegroom as best man was Howard Shepler of DeKalb.

Following the wedding, Mr. and Mrs. Archibald, Mr. and Mrs. Green, the Rev. and Mrs. Huntwork and members of the bridal party were guests at a wedding dinner held in the Viking room of the Fargo hotel at Sycamore.

After a wedding trip to Mammoth cave and the Great Smoky Mountains national park, the couple will be at home temporarily in Corinth, Miss. They expect to return to make their home in De Kalb in September.

Mrs. Green was a 1953 graduate of Arlington township high school and attended Northern Illinois State college at DeKalb. Mr. Green is a graduate of DeKalb high school and is in business in DeKalb.

Modern Etiquette

by ROBERTA LEE

Q. If a man is wearing a very soft hat, is it really necessary for him to tip this to a woman by removing it from his head — or isn't merely touching the brim all right in this case?

A. A man who only touches his hat is just "going through the motions" of courtesy. To be correct, he should take his hat by the crown, instead of the brim, litt it slightly from his head, and then replace it.

Q. What is the best possible acknowledgment to an introduction?

A. Just plain "How do you do" will suffice in almost any situation. And, of course, this should always be accompanied by a smile.

Q. Who is the first to present his ring in a double-ring wedding ceremony?

A. The bridegroom.

Q. When someone telephones a member of the family who is absent, should one ask who is calling?

A. If the caller has not identified himself, rather than ask, "Who is this," it is much better to ask, "May I tell him who called," or, "Would you care to leave your number?"

Q. Is it the man's or the woman's place to make the move to stop for conversation when they meet on the street?

A. Either one may do this.

Today's good cook is the busy mother of 5 children, who not only finds time for community service, but bakes bread twice a week as well!

Many other baked delicacies come out of her oven, and one of the family's favorites are the Cinnamon Rolls we are featuring today.

Mrs. Arthur W. Zaehler cut a recipe out of the Chicago Tribune for Filled Rolls, revised it, and produced these delicious Cinnamon Rolls.

Her children like the cinnamon flavor, so Mrs. Zaehler uses it generously. And the rolls can be iced with a thin powdered sugar frosting, if desired.

They can be frozen, too, before or after baking, though Mrs. Zaehler recommends they be baked first and then frozen.

In addition to her enjoyment of baking, Mrs. Zaehler has also found satisfaction in her work in behalf of the new Prospect Heights library. As co-chairman of the library committee of the Prospect Heights Womans club, she was instrumental in the organization of this project and now volunteers 1 day a week to work at the library.

The Zaehlers live at 300 Lonsdale in Prospect Heights. Their children are Jack, 14, Wayne, 12, Jimmy, 8, Susan, 6, and Roberta Lynn, who is 4.

Cinnamon Rolls

1 package dry yeast
¼ cup warm water
1 cup scalded milk
½ cup butter or margarine
¼ cup sugar
1 teaspoon salt
2 eggs, well-beaten
4½ cups flour

Soften yeast in water and let stand 5 minutes or longer.

Pour scalded milk over butter, sugar and salt. Stir until dissolved. Cool to lukewarm.

Add eggs and yeast. Work in about 4 cups flour. Add more, if needed.

Set aside and let rise. When double in bulk (about 1½ hours) turn out onto floured board. Kneed if dough can be handled.

Roll dough out to 2 oblongs, about 10x14 inches and ½ inch thick.

Melt ¼ pound of margaraine and spread over dough. Spread cinnamon mixture over this, which is made by combining:

1 cup sugar
¼ cup flour
Cinnamon to taste
Brown sugar (optional)

Roll the dough up in 2 rolls. Cut slices about 1 inch thick and place on greased cookie sheet. Let rise again, if desired.

Bake for 15 minutes in 375 degree oven.

If desired, a thin icing of powdered sugar and cream may be dribbled over the rolls.

Makes 3 dozen Cinnamon Rolls.

Joan Weidner Becomes Bride Of Robert Guasta

St. James Catholic church in Arlington Heights was the scene of a double ring wedding ceremony July 7 in which Miss Joan Weidner, daughter of Mr. and Mrs. Emil Weidner, Palatine rd., Arlington Heights, became the bride of Robert Guasta, son of Mr. and Mrs. Pasquale Guasta of Chicago. Rev. Fr. Reicher officiated at the 10 a.m. mass amid a setting of white mums.

A gown of chantilly lace and net was chosen by the bride, who was given in marriage by her father. Her bridal bouquet was of white carnations and pink sweetheart roses. Her veil was fingertip length and was held in place with a sequin crown.

Miss Jean Weidner was her sister's maid of honor and brides maids were the Misses Phyllis Mossman of Chicago, Carol Lumpp of Mt. Prospect and Patricia Magee of Oak Park. All wore identical waltz-length gowns of starched nylon in yellow, nile green, orchid and pink, respectively.

An orchid and white dress with a corsage of white carnations and pink sweetheart roses was worn by the mother of the bride while Mrs. Guasta wore an orchid dress with a corsage of the same flowers.

Vincent Guasta, brother of the bridegroom, was best man and Jack Aufderheide of Ithaca, N.Y. and the bride's brother, LeRoy Weidner of Arlington Heights, were ushers.

Breakfast and dinner was served to 40 members of the immediate families at the Wheeling Amvet hall. Four hundred guests attended the buffet supper held that evening.

The new Mrs. Guasta was graduated from Alvernia high school in Chicago and is employed at Illinois Range Co. Her bridegroom was graduated from Lane Technical high school and is employed by Motorola. He and his bride will reside in Ithaca this fall when he returns to Cornell university for his fourth year.

The fact that all things are possible to God will be brought out in the Lesson-Sermon entitled "Spirit" at Christian Science services Sunday, August 5.

Scriptural selections to be read from the King James Version of the Bible will include Paul's statement to the Philippians (4:13): "I can do all things through Christ which strengtheneth me."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (182:30-4): "To admit that sickness is a condition over which God has no control, is to presuppose that omnipotent power is powerless on some occasions. The law of Christ, or Truth, makes all things possible to Spirit; but the so-called laws of matter would render Spirit of no avail, and demand obedience to materialistic codes, thus departing from the basis of one God, one lawmaker."

Arlington Heights Patent Attorney To Study Ministry

A CALL TO ENTER THE MINISTRY has taken the Robert A. Spray family of Arlington Heights to Indianapolis where Mr. Spray will study at Butler university divinity school. Mr. Spray, who holds mechanical engineering and doctor of jurisprudence degrees, has studied the Bible diligently and became interested in the ministry a number of years ago. He is pictured here with his wife and 2 daughters, Judy and Terri. —Staff photo

by JEAN SMITH

"Why are you planning to enter the ministry?" I asked Robert A. Spray, 32-year-old patent attorney who enrolled last week at Butler university divinity school to begin a 3-year seminary course given by the Christian church. "God wants me to serve Him" came the quick, earnest reply of this sincere young man who is turning his back on what the world terms "security" and entering full-time Christian service.

Mrs. Spray, his attractive dark-haired wife and 2 daughters, Judy, 6, and Terri, 4, have already taken their first step in this new adventure with Christ, for they left their home at 721 S. Highland ave., Arlington Heights, Monday for Indianapolis. In going there and to Butler university, they will be returning to familiar ground, for it was in Sweeney chapel at the divinity school that Mr. and Mrs. Spray were united in marriage in 1945 while he was serving with the navy in World War II.

* * *

THIS 6-FOOT, clean-cut man, who holds a bachelor of science degree in mechanical engineering from Purdue university as well as a doctor of jurisprudence from the university of Indiana, became interested in the life Christ offers a number of years ago. Since June 1955 he has been employed in Chicago by a patent law firm, and to have continued in patent law would have been the easiest path to have followed all along."

Contrary to her husband, who was raised in a Christian home, Mrs. Spray didn't have as much formal Christian training. But in their church in Greenwood, Mrs. Spray also was touched by Christ, and after being baptized there, with her husband became very active in the church school and other related church activities.

* * *

IN REPLY to my question as to what field of Christian work he would prefer following graduation, Mr. Spray answered that he hoped to be a pastor. "I have studied the Bible diligently," he said, "for it's God's message to me. I feel that it's the obligation of all Christians, and for me too, to carry forward the great commission that Christ gave in the New Testament. I know now that I'd not be happy unless I did this for Him."

With a deep personal conviction that all protestant faiths should unite to truly further Christ's work and to best serve Him, thoughfully, Mr. Spray continued his remarks with, "I feel strongly the ultimate attainability of unity of all believers. This can be possible," he said, "through the principles of the restoration movement and a return to the principles of a united church as prayed for by Christ and as preached by the Apostles."

* * *

"HOW DID YOUR decision to serve Christ materialize after moving here? I asked.

"Well, as I have said," he replied, "I was fighting this move for financial reasons mostly, I guess. But when coming to Arlington Heights, I found that there was no Christian church in this immediate area, so it became a necessity for us to go into Chicago to the Englewood church. Had there been a church here, I might have "eased" my mind and served God in every way possible at the local church. But with the church so far distant, I found that I could only get in 1 night a week, and so my service was curtailed."

"So you feel that God did speak to you through this handicap of distance?"

"Perhaps," he answered. "I knew that I could never do very much on a "part-time" basis and that I owed everything to Him."

For confirmation of his stand, he pointed to his 2 healtny youngsters. "I owe Him so much. My children are so well. Everywhere I look I see God's love for the whole world."

"How will you support your family and complete 3 years of schooling?" I continued.

"With the seminary located in Indianapolis, there are many small churches that tend to spring up in the surrounding area. Many of the students are part-time student pastors for these small churches, from which they receive financial help and practical experience. I hope to have one of these churches before too long."

"I'm certain," I said, "that you will find the financial help you need, and along this line have you known others who have started serving Christ in later life as you are about to do?"

"Yes," he replied, "I've known 2 men personally who entered Christ's full-time field after the age of 30, and neither has found his decision or age to have been a drawback at all."

And so our interview closed, but somehow the brave stand being taken by these 2 young people has left its mark. Perhaps those of us "left behind," so to speak, may remember to serve Christ more willingly, and to pray "without ceasing" for all those who are giving their whole lives to His work.

"In fact," Mr. Spray continued, "the feeling that I must serve God full-time pressed down on me even more after moving to Chicago." Unable to follow his reasoning I asked him to explain further and found that the important milestones in his decision really date back to the Christian church in Greenwood, Ind., a suburb of Indianapolis.

* * *

IN THE GREENWOOD church Mr. Spray served as a deacon and worked with his minister, Charles Cook. In Mr. Cook he found a "living witness of an effective leader and servant of Christ" and in his own service as a layman, Mr. Spray began to realize the great influence Christ was making on his own way of thinking and doing.

Turning to Mrs. Spray I said, "How do you feel about all this?" and with a warmth that is part of both of their personalities, Mrs. Spray replied, "It's a wonderful challenge. Actually, though, we both fought this decision for 2 years. We had our doubts. We knew we had to give up all our present way of living and truly start all over. And now that we have made our stand, we know that this is what we really should have been doing

Roses Last Longer With Proper Care

Beautiful roses can adorn your home all summer if you care for them properly.

Frederick F. Weinard, University of Illinois floriculture instructor, says summer care of roses consists mainly of spraying, watering, cutting and feeding.

Spraying protects the foliage against insects and common diseases. Weinard suggests that you use a fermate spray if black spot develops on the foliage. For powdery mildew on rose buds, he recommends dusting sulfur. Various combinations of fungicide and insecticide are also effective.

* * *

ALTHOUGH ROSES need a well-drained location with acid soil, water is important too. Water your roses until the ground is moistened to the roots. Light watering does more harm than good.

Roses grow for one purpose—to produce flowers. Careful cutting helps to produce more flowers. Cut full-bloom roses above the first five leaflets. Don't cut any more foliage than necessary. Also remove the dead flowers. Cutting in this way will preserve the plant's strength for new buds and flowers.

Apply mixed fertilizer every 3 or 4 weeks in the early part of the growing period. Weinard advises mulching with peat moss to keep the soil cool and to control weeds.

In the fall, heap 6 to 10 inches of soil around roses and prune them.

COTTON WOVEN on a silk loom to give it a special sheen finish is used for this important summer fashion. Alix of Miami uses a scroll design on the wide boat neckline and repeats it in scroll loops on the full skirt. The cotton frock is in a soft azure blue.

THE 1956 Maid of Cotton, lovely Pat Cowden of Raleigh, N. C., would decorate any party in this glamorous date dress designed by Ceil Chapman. The sophisticated fashion is in Hope Skillman's sheer cotton chambray, intricately pleated and frosted with insets of lace. The dress is cut soft and full with a summertime neckline, covered shoulders, and a billowy skirt. This is one of the smart cottons created for the Maid's wardrobe by 42 famous designers.

Way Back When

"Our Aim: To Fear God, Tell The Truth, and Make Money," — H. C. Paddock, 1898-1935

Happenings 10, 20, 30, 40, And 50 Years Ago This Week

50 Years Ago

August 3, 1906

Our friend has left us, Dr. John E. Best who died August 1. March 28, 1870 he located at Arlington Heights, where he has resided ever since, and except when engaged in taking post graduate work he has given his undivided attention to the practice of his profession. Dr. Best was most highly respected as a public and private citizen. He was esteemed not only as an able physician and surgeon, but as a successful business man, a wise counselor, a scholar and a thorough gentleman on all occasions. We can all profit from his worthy example.

To members of Friedens church: Discussing the use of language, some of us aver that our children should be taught to give preference to the language of their forefathers (German) this may be right or wrong. The writer's ideas are that he would do injustice to his children should he compel them to put their own country's language secondary to that of any foreign country. Their grandforeign country. Their grandparents emigrated to this country and became citizens. We all intend to remain citizens here long as we live; seek protection under the American flag, fight for its honor, if necessary; then should we expect our children to slight this their own language? I should say not; but I love the German language, consider it equal to the American and desire that the young learn as much of it as possible and practice it. Our children have a better chance for it than those children who are of English descent. If we find habits and laws of Germans better than ours, we should take that example and improve, but not ignore our own country and its language. Under these conditions, is it not essential that in our church, both the German and American languages should be used. Why should this privilege be denied us, when under the constitution, German cannot be taken out Sunday forenoons. — C. A. Franzen.

Louis Roehler with his famous Cadillac automobile, is engaged nearly every day, taking parties on quick pleasure and business trips around the country and to other towns. His machine seems to be perfect. He has already traveled many thousand miles on long excursions without a breakdown or delay. The engine is powerful and runs so quiet that horses are not afraid of it. Monday he took Mr. Richard Bray and family to Milwaukee in six hours. Monday evening they took a lovely ride out to Whitefish Bay and returned Tuesday. He only used 10 gallons of gasolene to furnish power for the 200 miles.

Fort Sam Houston — Dear Editor: Have not been around to see the country very much just yet and think it impossible as I have been transferred to Eagle Pass, Texas, to take charge of the stock down there on the border line. Have been testing 500 head of horses and mules every day and we now have about 3,000 head here. There are 500 head sent into this station from the Remount station every day and when they are all in we will have tested 5,700 head of mules and horses for glanders. Eagle Pass is rather closs to the border and the snipers take an occasional shot at the Americans. At this place one can see where and what the people's money is spent for.

William Meyer, Jr. has received word from Washington that he has been appointed postmaster at Arlington Heights.

The exclusive L. B. A. club numbering the lucky thirteen went to Lake Zurich in an "auto express" July 30 and spent the day boating, swimming and fishing. Judging from snap shots taken that day, the young ladies are as sincere as ever in their belief that the opposite sex is not necessary for happiness. There was not a man to be seen in any of the pictures, and there were probably none in the immediate vicinity and the faces of the young ladies radiated happiness. At two o'clock, however, the camp was thrown in an uproar by the discovery that their quarters had been bisitd and two of their number kidnapped. An hour later fears were set at rest upon the safe return of the two jubilant young ladies, who strange to say, gave appearances of having enjoyed themselves.

Arlington Heights loses one of the suburbanites and the world of music gains a new devotee. Mr. Elbert Wheeler, one of the best trained tenors of our city has signed up with the Dunbar Bell Ringers. This is a quintette of professional singers of several years experience on stage and chautauqua platform.

(Rex Beach's novel "The Auction Block" ends this week's installment with these words, "Will young Mr. Wharton prove in the end to be a menace or a salvation to this beautiful girl pursued by smuthounds?")

Owners of property in the enlarged business district of Arlington Heights see the need of wider streets adjoining their property and steps are being taken towards that end. The streets being considered are Miner, Dunton to State rd., State rd., Wing street to Eastman, Vail street, Wing to Campbell. Some of the sharp corners of the parks may also be changed.

Mr. Ed Mors, Arlington Heights home baker, expects to have his new oven and work room in operation the latter part of this month. The next step is to find a market for the increased quantity of bakery goods that will be produced in the new shop. As a first step, he has rented a store room in the Busse Building at Mt. Prospect and will open this branch bakery about the first of September. Mr. Mors will give to Arlington Heights one of the finest bakeries outside Chicago and his product will not be equalled by any bakery in Chicago or its suburbs.

Mr. Fred Schempp, a resident of Des Plaines for amny years and Arlington Heights for only four weeks, died Tuesday with poisoned sugar being given as the indirect cause of his death. A report shows that the sugar, which had been purchased from a large Chicago mail order house, contained arsenate and lead.

Work will soon commence on the completion of Route 20 into McHenry on the west and connecting up with the present pavement about ½ mile east of the city. This portion of road has long been a bone of contention to travelers due to the fact that in stormy weather the road becomes muddy and slippery.

Mt. Prospect—The town guards have been organized in our village and every precaution taken to safeguard property in our village. Our state bank is very well protected and they are doing everything possible to protect the depositors in every way.

The matter that was of chief interest to the "fellows about town" at the Palatine village board meeting was the action the board took upon the petitions for soft drink licenses by Carl Kranbier and Wm. Dougiallo. The board again refused them a license.

The people of Arlington Heights again last Saturday expressed themselves as favoring the completion of the recreation park by the installation of a fieldhouse and swimming pool, costing in the neighborhood of $105,000.

Charles Quindel, Schaumburg, farmer, who was known throughout northern Cook and southern Lake county as a cattle dealer, passed away Saturday morning, aged 71 years, 8 months.

The modern day pastor does not find time to be a farmer and also attend to his pastoral duties, so St. John's church is offering to sell its 17-acre farm upon which the present parsonage is located. The proceeds will be used to build a new parsonage near the church a half mile away.

St. John's congregation was organized about 90 years ago. In the old days the pastor was supposed to earn part of his living by working the farm, raising enough feed for his horse and gfood for his table.

The sale of stock in the Arlington Heights national bank is nearing its goal with the display of interest by many people who have not heretofore been approached. The statement was made upon the streets of Arlington Hights last week that with a new bank and a swimming pool nothing can stop Arlington Heights.

The Seip Auditorium at Palatine has been leased to Chicago interests who intend to remodel the structure, installing inclined floor, etc. to make it a modern movie house. Seip auditorium was constructed 22 years ago and for a long time was the only public hall in Palatine.

Inability on the part of University of Illinois officials to come forward with a workable plan for the organization and administration of first year college classes at Arlington Heights high school, is in large measure responsible for the unanimous decision on the part of the board to abandon the idea at this time.

Faced with a 50 per cent increase in enrollment for the fall 1946 term, University officials last spring began work on the plan of setting up freshman class courses in certain Illinois high schools, among them Arlington Heights.

With the resignation of M. F. Egdorf as principal, the appointment of a new administrator and the initiation of a large-scale building program, the problems facing the high school authorities would appear to be more than ample without the addition of the junior college.

Elk Grove Drainage District has levied its first assessment in thirty years. It is also, for the first time in 30 years, doing repair work on the ditch, the neglect of which has resulted in heavy financial loss during flood year to owners of adjoining property.

LAST WEEK'S HEADLINES

Resume of front page news that appeared in various editions of Paddock Publications and other newspapers of the area that will keep readers informed on headline news of their neighbors.

DES PLAINES

Mayor Meyer has asked the city council for authority to hire an administrative assistant for $8,500 a year.

August 1 the half-cent city sales tax went into effect, Des Plaines being one of the last area cities to adopt it.

The city's population doubled in the last 6 years, as shown by the results of the latest census. It puts the present population at 28,502 and makes it the largest northwest suburb, about 2,000 larger than Park Ridge.

WHEELING

County sheriff's police brought a near-riot end to the Wheeling Days carnival when they raided it, confiscated gambling equipment and arrested 2 volunteer workers on charges of gambling.

ARLINGTON HEIGHTS

A state laboratory report last week confirmed Dutch elm disease has reached Arlington Heights. An infected and partially dead tree was discovered in the parkway in front of a Scarsdale home.

The local civil defense organization will ask permission of the Arlington high school board of education to establish a ground observer post on the high school grounds.

MT. PROSPECT

A concentrated effort is being made by residents of Mt. Prospect and Prospect Heights to eliminate the detour of route 83 through the 2 communities. Tied up with the project is recognition by the state highway department of that part of Palatine's master plan which would move routes 14 and 53 east of the village.

Special Mention

Merle Guild post 208 of Arlington Heights is extremely grateful to the citizens of this village for the manner in which they received our carnival and for the many generous contributions we received to help defray the cost of the 4th of July Fireworks display.

Through this medium we again wish to thank the merchants who helped us sponsor the free rides for the children on Monday night, July 2. I am sure they will be gratified to know that the rides were completely filled with happy youngsters.

* * *

THERE ARE many other people whom we would like to personally say Thank You, such as those persons who came out and gave of their time to help man the various operations of the carnival, both Legionnaires and "friends" of the Legion, the people who participated in our fourth of July parade, and those merchants who placed floats in our parade for the enjoyment of the many people who turned out to watch the parade.

We do feel that special mention of the co-operation received from the president of the village, board of trustees, the fire chief, the police chief and the superintendent of public works should be acknowledged. Without the splendid co-operation of the village and its officials our job would have been much more difficult. In fact some phases would have been an impossible accomplishment. One other organization which deserves special merit is the Arlington Kiwanis club, which co-operated in presenting the Kiddie Field day.

The number of individuals who assisted us in other ways is too numerous to name here. However, we do want each and every one of them to know that their assistance has not been forgotten and that we appreciate their efforts on our behalf.

Episcopal Program

The continued movement of population and industry to the north and west of Chicago has affected a new growth in such towns as Bensenville, Wood Dale and Itasca.

With this growth has come the need for many new changes and adjustments as well as the need for added educational and church facilities. Whereas the state and county provide the necessary educational buildings, it is the duty of the people to procure proper facilities for worship.

THE ESTABLISHMENT of an Episcopalian church has long been a necessity in the "tri-town" community.

The continued population increase of these towns and their surrounding areas has seriously overtaxed the present parishes capacity. This burden has caused the Diocese of Chicago to accelerate their present program of building and expansion. However, while most of the surveys undertaken have been completed the Episcopalian membership census has been slow in completion. Until this data is accumulated and studied little if any action can be taken in the formation of a new church.

I HAVE BEEN asked, in a non official capacity, to help gather the necessary information for the Diocese. Therefore, I am urging that all Episcopalians and persons interested in the Episcopal program contact me by card or by phone. I shall endeavor to render as much service as possible and supply any information that is requested.

Bad Books

I may be your son or daughter.

I would like to ask you a few questions:

Have you checked my reading lately?

Do you know the type of books I may be reading?

Do you know of the many places that make these cheap and degrading pocket-books available to me?

Do you know why kids of my age are reading these things when the library is filled with wonderful and inspiring books — books that help us to form ideals and philosophies to guide us on the long road through life?

* * *

IF YOU CANNOT answer any of these questions I think that it is about time you made it your personal responsibility to protect us by making it impossible for these books to fall into the hands of teen-agers.

I am proud to say that I am a "teen-ager." But I am ashamed to say that I belong to a vivacious group of kids who are wasting their energy on worthless books.

I ask you, Mr. and Mrs. Parent, to eliminate the temptations offered us, by getting rid of these books. You know where they are made available to us. How about it? Are you willing to help us and be our inspiration when we need you most???

Lessons In English

Often Misused

Do not say, "I didn't figure on going to work today." Say, "I didn't INTEND to go to work today."

Do not say, "I don't know as I care to go." Say, "I don't know THAT I care to go."

The word "eternal' means existing always without beginning or end, while the word "everlasting" usually means going on without end. These words are often used interchangeably, however.

Do not say, "She never told me that." Say, "She DIDN'T tell me that."

Do not say, "He opened up the meeting with a prayer." Omit "up."

Do not say, "What was it you wished to ask me?" Since the question has yet to be answered, say, "What IS it you WISH to ask me?"

Often Mispronounced

Attribute (noun and verb). Accent noun on the first syllable, the verb on the second.

Economical. Pronounce first syllable as "eek," preferred.

Dishevel. Pronounce di-shev-el, accent on second syllable, and not diss-hev-el.

Scion. Pronounce sie-un, accent on first syllable.

Realtor (real estate broker). Accent first syllable, not the second.

Covert. Pronounce kuhv-ert, accent on first syllable.

Often Misspelled

Manageable; retain the "e" following the "g." Turbid (muddy); turgid (swollen). Elicit (to draw out); (illicit (unlawful). Coerce; observe the "erce," not "erse." Errant (mistaken); arrant (out-and out; thorough-going). Callous (hardened; unfelling); callus (hard, thickened area on the skin).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

SUSCEPTIBILITY; capability of receiving impressions. "The particular odors which act upon each person's susceptibilities differ."

ACRIMONY; biting sharpness, as of temper or language. "Praise will undoubtedly achieve better results than acrimony."

ESTIMABLE; worthy of esteem; deserving regard. "If you wish to gain esteem, you should associate only with those who are estimable."

INADVERTENCE; inattention or an error resulting from it; an oversight. "This mistake was due to inadvertence."

COMMEND; to mention with approbation; to praise. "I must commend you for your prompt action."

COUNTERACT; to frustrate by contrary agency. "The effect of of the narcotic was counteracted by forced exercise."

People Mean Money

An official special census recently completed in Des Plaines has boosted the city's population to 28,502, The figure represents an increase of 7,839 over 3 years ago. City officials say the population increase will bring in an additional $37,000 per year in gas tax refunds.

In The Future

An imported self-timer for cameras has a 15-second time delay, and costs only $2.95. . . . A scallop-edged border for your flower beds aims to save trimming time. . . . THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

It looks to me like young Americans are well on the way to solving our ever present problem of surplus. With an increase in population, both from immigration and birth, of around three million a year, what we have left over will be less and less each year until within a couple of centuries we will be looking around for more to eat, rather than storing our surplus.

A fellow thinks about three million more people, and what they can eat in terms of food tons and it is enormous. But then, there is the problem of where these people will live, which means that more and more land will be taken out of production, and made into towns and vilages around the great cities, and in some cases, into cities themselves. Take a look around Chicago, where whole quarter sections are springing up with a crop of, not corn and potatoes, but homes for America's growing families. New super highways are stretching from coast to coast and from Canada to our southern borders, taking thousands of acres more from production. Factories are springing up in rural sections, doing their share to take ground out of production.

And this ground is not desert sand, or high mountains. It is rich, well drained soil, capable of producing bumper crops, or grazing large herds of dairy cattle.

BIOLOGISTS TELL us there is nothing to worry about, because much of our food will eventually come from sea farms, where a new kind of sea hog, and various kinds of sea vegetation will provide us with excellent, nutritious foods. Experiments are being undertaken to develop plants which, we are assured, will make it possible some day to farm the two poles.

But long before that time comes, Americans may be living on Mars and Jupiter, where they will raise and ship large cargos of food to earth, and we will be living in a universe which will take untold billions of years to develop and populate.

38,300 Auto Deaths

More Americans died on the highway in 1955 alone than on the battlefield during the entire Korean War!

The national safety council's statistical year-book, "Accident Facts," just off the press, shows there were 38,300 traffic deaths in the United States in 1955. Official defense department records list the battle deaths in the Korean War at 33,629.

JUST AROUND THE CORNER

from Patty McArdle

Dear Peg:

I have such exciting news! By the time you receive this letter, the girls and I will be on our way to Harbor Springs, Michigan, where we'll be staying for ten days at a perfectly charming lodge (at least the picture in the brochure was "perfectly charming").

Virginia, my good friend from school days, and I planned this vacation months ago, never thinking it would come to pass. You see, her mother and father have maintained a summer home there for years and Virginia and her sister have been going up since they were children. Now, Virginia has two little girls the ages of Megan and Bridget, so, the three of them go up for several weeks during the summer (while their Daddy commutes from Chicago for long weekends).

* * *

VIRGINIA AND I are going to do nothing but sit on the beach and sun ourselves while the girls play in the sand and water. And then, my dear, the most appealing part of the whole vacation: when breakfast, lunch or dinner time rolls around, the girls and I will merely stroll into the lodge dining room, sit down and be served leisurely, while we give nary a thought to the choice or preparation of the food (frankly, I wouldn't care a bit if they gave us a hot dog for every meal, as long as I don't have to cook it!)

Just in case I get tired of being completely lazy, I'm taking my easel and paints and a couple of good books and have already inquired about "side" trips to Mackinac Island or the Indian reservations nearby.

* * *

MEGAN AND BRIDGET are as excited as I, although I don't believe Bridget knows exactly what "Michigan" is — she keeps referring to it as a "park." I suspect she thinks it's something like Disneyland. I'm afraid it's going to be difficult for the girls to settle down to normal living, after all the activity in store for them during the next few weeks. Right now they are at Manapisu Farm, Gramma and Grampa McArdle's home near Harvard, Illinois. We took them up a few days ago and they could hardly wait for us to leave, so that they could be alone with their Grandparents.

It was a little disconcerting to hear them ask continually, "When are you and Daddy going home, Mama?" I know they're having a grand time although the cryptic message I received today gave me very little to go on: "We went to the beach today. Love, Megan and Bridget." I think the "beach" was at Lake Geneva, which is only about ten miles from the Farm.

* * *

FROM OUR MICHIGAN vacation, we'll head for Indianapolis where Megan and Bridget will visit "Nana" and their cousins, Dottie and Debbie — however, I shall be returning home immediately (and anxiously) to see how the men in the family are getting along (Patrick will be having his turn visiting Gramma and Grampa at the Farm, while we're gone).

And so the last month of summer is all cut out for us, and what fun it promises to be. Now back to the packing, so that I'll be able to go to bed early Sunday night, as we want to be up at the crack of dawn and on the road ahead of the morning traffic. Until next week from Harbor Springs . . .

My love,
Patty.

QUITE CONTRARY

BY MARY

THERE ARE those who are exponents of the theory that Florida is jim dandy in the winter. For years I have just gone blindly ahead taking their word for it. I ohed and ahed along with the best of them at flowers blooming south while the shrill winds of winter were still howling in the north.

It never would have occurred to me to take a vacation south in the summer. All and sundry said that all of us would die of the heat if we didn't die first of the wild animals that hunt in packs. So far, the only wild animal was sort of an insignificant chameleon whooping blissfully up the side of a tree. He didn't even look in my direction even though I was quite interested in him.

* * *

WELL, FLORIDA in the summer is just too wonderful for words. The flowers that are all dormant in the winter bloom madly in the summer. In fact, I have reached the conclusion that everything in Florida blooms. I expect flowers to spout from the tires of automobiles. After all, rubber comes from a plant and everything down here is ready, willing and eager to return to its natural state.

All the Floridians come out of their winter huddles. Anything that is in the 70's, degrees farenheit, is cold to them and a clear signal to get out the longies. They whip from pool to pool swimming their little hearts out. They lounge in their lounge chairs, brown their already brown skins and are happy as bumble bees that all those foreigners have gone home.

* * *

MY YOUNG are almost spastic trying to figure out whose pool to swim in next. In fact, it is only with great difficulty that I have persuaded them that there is a bedtime in Florida just like at home. They think that all this delight should go on for 24 hours a day. Sleep is just a waste of time and besides, they might miss something while rocking in the arms of Morpheus.

When I ask them what they might miss, they keep singing in their squeaky soprano voices some sort of hogwash about a moon being over Miami. This I cannot deny. There is one. And while my heart bleeds for them to be missing all this splendor, the time has come, the mother said, for them to go to bed. This does not go over well but it goes over. That is all that is necessary.

Illinois Corn Output Tops, Products Serve Industries

Illinois is now officially "King Corn."

Toppling Iowa from its traditional perch as corn champion, Illinois last year produced 524 million bushels and may come close to that record again.

Estimated yield on current Illinois corn acreage, according to the department of agriculture, will be 516 million bushels.

The 13-state corn belt, including Illinois, grows three-fourths of America's and almost half of the world's corn. Illinois alone harvested over twice as much corn last year as any reporting nation outside the United States.

ILLINOIS CORN finds its way into such varied uses as oil well drilling, foundry casting, aluminum and dynamite manufacture, and miracle drugs like penicillin and aureomycin as well as the better known starch and corn sugar.

Thus, among the thousands of Illinoisans who depend wholly or partly on corn for their living are those employed in meat packing plants and on farms; in grain elevators, terminal markets and commodity exchanges; in feed stores and banks, on railroad and truck routes used to move grain, livestock and poultry; and, of course, in the corn refining industry itself.

Illinois has 4 of the corn belt's 13 refining plants, including the world's largest, the Argo plant near Chicago, which processes 100,000 bushels daily. A carload of corn products rolls out of this plant every 15 minutes.

* * *

FROM THE CORN refining plants flow hundreds of industrial medicinal and other varied uses of corn. Many of these uses, a potent factor in control of surplus crops, have been discovered by scientists proving the corn kernel under grants from the Corn Industries Research foundation.

Some 500 million bushels per year move from farm to factory.

Illinois corn literally serves mankind from the cradle to the grave, for a corn product is found in baby foods and another in embalming fluid!

The Corn Industries Research foundation, however, feels that the full potentialities of the truly golden kernels have yet to be discovered.

Vegetable Field Day Is August 11

The Illinois state vegetable field day will be held Saturday, August 11 at 9:30 p.m. on the University of Illinois campus at Urbana.

This field day will be of interest to vegetable growers, fieldmen, canners and all others interested in the production of vegetables. Since a vegetable field day has not been held at Urbana in recent years, this is your chance to see and hear about some of the latest research developments with vegetables.

Expect Higher Prices Soon For Cattle

Beef producers can look forward to higher prices for their best fed cattle during the next few months says National Live Stock Producer, the nation's leading live stock magazine.

Heavy feeding losses during the past year are reducing the prospective supply of finished cattle for the remainder of this season and probably most of the coming winter.

In addition to reduced numbers in feedlots, there is a major shift to lighter weights and grades.

* * *

NET RESULT will be more than the usual seasonal advance in prices of top fed cattle. Short supplies will continue to support values well into the coming feeding season.

The magazine recommends buying feedlot replacements early this year since the higher prices for fat cattle will justify an uptrend in stocker and feeder values during the remainder of the year.

In all cases, it seems advisable to put emphasis on cattle with weight and maturity that will require a shorter feeding period and less corn for finishing. The premium for quality and finish on this kind of cattle will offset higher costs in the feedlot.

DOWN ON THE FARM

with Your Farm Adviser
CARL F. MEES

Home grown vegetables are in good supply now. Have you stopped by some of our roadside stands to get some?

Corn can be bought at our roadside stands that is only an hour or 2 old. When you buy it like this bring it home and put it in the refrigerator immediately or else cook and eat it.

Much of the sugar in sweet corn will turn to starch within four or five hours after it is pulled if it is not refrigerated. The hotter the weather the quicker it will happen, so use good judgement in caring for your corn.

* * *

SOME OF THE other vegetables that you can purchase fresh from the farm are, green beans, carrots, cucumbers, tomatoes, red beets, onions, (green and dry) squash, kohlrabi, cabbage and several others.

The Arlington Valley Growers Inc., are busy with their harvest season. I saw trailer load after trailer load of sweet corn bing loaded a few days ago when I visited the warehouse. I saw a newly installed hydro cooler which cools 600 crates of corn per hour.

Many times when we go to the store to purchase something we do not realize how much work and expense is involved in getting this item to the shelf. If you could see the machinery involved in running this hydro cooler you would soon appreciate what an effort is being made to furnish you top quality sweet corn.

THE GROWERS have also installed a washing and waxing machine for cucumbers, peppers, squash, etc. If you buy a few nice green cucumbers at the store all polished and shined very likely they have been washed, polished and graded at the Arlington Valley Growers warehouse at Harlem and Dempster.

I received through the mail today a booklet entitled "Marked for Death This Year."

The first statement was: "In 1956 over 40,000 men and women and children will die in traffic accidents, according to the present mounting rate."

This was an appalling statement so I read farther. It stated that most accidents happen because (1) somebody wanted all of the road, (2) someone wanted to get there three minutes faster.

You can help and deaths will go down when

1. Drivers stay alert and obey the law.
2. Traffic laws are strictly enforced.
3. The Public actively supports a community safety program.
4. Everybody understands the law.

Let's all do our part.

Beef Production Is Leveling Off, Down 10% From 1955

by L. H. SIMERL

Are farmers cutting back on cattle feeding?

They seem to be feeding for shorter periods than they did last year, but the total number fed seems to be about the same.

Farmers in 13 major feeding states on July 1 were feeding 3,296,000 cattle and calves. This number was 10 per cent less than a year ago. Last April farmers were feeding 8 per cent fewer cattle and calves than the year before, but the total number of fed cattle marketed between April 1 and July 1 was 8 per cent larger.

* * *

OFFICIAL SURVEYS and reports of cattle on feed are made in January, April, July and October. Cattle are counted in the feedlots one or more times, or not at all, depending on length of feeding period. Thus a change in number on feed at any one time does not necessarily mean a corresponding change in total number fed during a season. This year a shortening of feeding periods may account for much of the 10 per cent decrease in numbers on feed.

The proportion of cattle on feed less than 3 months increased from 35 per cent in July 1955 to 40 per cent this year. The proportion on feed 3 to 6 months was the same for the 2 years—32 per cent. The proportion on feed more than 6 months dropped from 33 per cent in 1955 to 28 per cent this year.

Most of the reduction in cattle feeding is accounted for by a cut in numbers of steers being fed. Steers on feed July 1 were estimated at 2,248,000 head. 13 per cent fewer than 12 months earlier: heifers, 909,000 head, 2 per cent less; and calves, 129,000, 12 per cent less.

FARMERS INTEND to market cattle a little earlier this year than they planned to do a year ago. This year they intended to market 22 per cent in July, 23 per cent in August, 25 per cent in September and 30 per cent later. Last year they planned to sell 21 per cent in July, 24 per cent in August, 23 per cent in September and 32 per cent later. Actual marketings last year were probably postponed beyond reported intentions.

Farmers in 12 of the 13 states reported that they were feeding fewer cattle than last year.

Numbers on feed July 1 and percentage reductions from a year earlier were as follows: Iowa, 1,025,000, down 6 per cent; Illinois, 412,000, down 9 per cent; Nebraska 320,000, down 26 per cent; Minnesota, 209,000, down 11 per cent; Indiana, 162,000, down 5 per cent; Missouri, 146,000, down 6 per cent; and California, 398,000, down 13 per cent. Texas, with 74,000 on feed, had 48 per cent more than last year.

At the beginning of this year, farmers had 9,644,000 steers, or 14 per cent more than the year before. This was a record number. It set the stage for a large slaughter, and it set a new record high for each of the first 5 months this year. Federally inspected slaughter of steers during the period totaled 4,460,000 head, 22 per cent more than the year before. This large slaughter, however, still leaves a few more possible slaughter cattle on farms than we had a year ago.

HEIFERS SLAUGHTERED during the first 5 months of this year totaled 1,174,000, 1 per cent more than the year before; cows, 2,161,000, 10 per cent less than last year; and calves, 3,045,000, up 4 per cent. Total federally inspected slaughter of cattle and calves during the first 5 months was 4 per cent greater than the year before.

Hope for improvement in prices of fed cattle seems to depend on a leveling off of beef production rather than on any actual reduction in market supplies.

Clothing From Corn — New Uses For Farm Crops Told

Clothing made from corn and other industrial "miracles" are described in an article on new uses for farm crops appearing in the July IAA Record.

It points out that more then 8 per cent of our total corn production is used by industry each year.

"If this amount could be doubled, we could rid ourselves of the current corn surplus in three years," according to the article.

* * *

THE SECOND article in a 2-part series on new uses also tells how ground corn cobs are now being used to clean aircraft engines and electric motors. A mixture of ground cobs and rice hulls is used with high-pressure air-blast equipment to clean the engine parts.

The fiber from corn protein is called Vicara, and is used in blends with wool, cotton, and other fibers.

"Vicara is an extremely soft fiber, much like the imported and far more expensive cashmere. It absorbs dye easily and is washable. "Vicara also absorbs perspiration, again like wool, and is therefore a much more comfortable fiber than many other synthetics."

Vicara does not replace domestic wool, according to a knitting company representative quoted by the magazine. "We can only use fine grade imported wool in quality knitwear, so Vicara substitutes for imported wool or cashmere," the industry representative reported.

* * *

BOTH THE CORN fiber and the method for cleaning engine parts with ground cobs were the result of research by the United States department of agriculture in its regional laboratory in Peoria.

Who can foretell how much market expansion will result from new uses science can uncover?

Three-quarters of our annual soybean crop goes into industrial uses, and the excellent market situation for this crop is almost entirely the result of research that discovered new uses for the crop.

Continuing research aimed at finding new uses for farm crops will undoubtedly contribute even more to a better standard of living for America's farmers. (Fm

Farmers To Study Problems Created In Estate Planning

A series of meetings to answer questions on the problems of estate planning for farmers will be sponsored this fall by the Illinois State Bar association, and the University of Illinois, college of law.

"Aim of the meetings is to bring to farmers information concerning problems of estate operation, succession, and taxes so that the farmer will be better able to plan for his own and his family's future." according to George E. Merker, Jr., IAA associate counsel, who will be in charge of the program for the association.

SOME 59 county farm bureau organizations will sponsor meetings on estate planning, Merker said. The meetings will be held December 4, 5, and 6.

At the sessions prominent lawyers will lecture on the problems of estate planning and then answer farmers' questions on the subject.

On Nov. 2-3, the college of law will hold a course for lawyers in estate planning aimed at farmers' problems. This will give lawyers latest information on planning estates for rural residents.

Farmers attending the county meetings also will be given a handbook on estate planning, he stated.

Mushroom Course

More than 160 men and women, representing 10 states, England, and Canada were enrolled at the Pennsylvania State university for the mushroom industry short course.

It was the first time a course of this type had been offered in the United States.

Among those enrolled were Leon J. Maniocho and May Maniocho, both of Arlington Heights; and Joseph Gorka of Itasca.

Low Rainfall Hurts Iowa Corn Farmers, Hard Hit

The bottom has dropped out of the corn crop in a considerable section of Iowa with the cessation of rainfall in areas with low subsoil moisture.

In a belt running diagonally from southeast to northwest clear across Iowa and about 2 counties wide, the corn crop is in serious condition.

DeKalb crop observers report that particularly in northwest Iowa there is an almost complete failure in many fields.

PLANTS HAVE tasseled out a little over waist high, leaves are rolling and blasting, and silks fail to appear. Even heavy rains now could not help such fields much. Counties just north and south of the scorched belt are being affected rapidly where showers do not fall.

Some of the best corn in years, however, is expected in other states as witnessed by these reports:

CENTRAL ILLINOIS - Marvelous corn prospects - color and development are magnificent.
ALABAMA - Corn in better condition than in 1955, which was a record year.
NORTHEAST NEBRASKA - Corn condition excellent - rains just right to date.
WESTERN ILLINOIS - Corn excellent - good moisture.
NORTHWEST MISSOURI - Plenty of rain - best prospect in years.
NORTHERN MINNESOTA - Ample moisture for corn at present.
KENTUCKY - All factors favorable as corn reaches roasting ear stage.
SOUTHERN WISCONSIN - Adequate moisture as corn begins to tassel.
SOUTHWEST MISSOURI - Moisture excellent, as corn starts to dent.
TENNESSEE - Bumper corn crop in prospect.

Oats will be one of the poorest crops in years. Nebraska and Iowa were too dry early, whereas, Michigan, Ohio and New York were too wet for early showing. Best oats crop is probably in Northern Illinois, Southern Wisconsin and Southeastern Minnesota.

Hail damage continued to be heavier than usual with a loss of one half million acres of crops in Iowa, and a quarter million dollars worth of damage in Lake County, Tennessee. Nearly all surrounding states showed heavy losses in scattered areas.

Green Beans Take On New Shapes, Flavors

A plentiful supply of garden-fresh green beans means that you can treat your family to a variety of dishes featuring this vegetable.

Mildred Bonnell, University of Illinois restaurant management instructor, suggests that you cut the beans differently for variety. The French style is cut lengthwise, but for interest you might cut them diagonally.

*

TO BE CONSISTENT, you might season French-cut beans with a French style sauce made of onion, butter, chicken stock and a bit of thyme. To make the sauce cling to the beans, thicken it with a little flour.

Adding canned tomatoes to beans, plus a little chopped green pepper, makes a Spanish-style dish.

A touch of mustard added to green beans gives them a tangy flavor. And a sauce of sugar, lemon juice, and butter gives beans a sweet and sour taste. You can add leftover green beans to the other vegetables when you make soup.
